(Max. 1800 Characters, approximately 250-300 words)

Good afternoon,

To Whom It May Concern:

I like to be considered for the position of Independent Redistricting Commission for the following reason(s):

1. My community needs representatives/advocates that represents all citizens.
2. Historically ,The City of Long Beach has grown tremendously in population and diversity based on U.S. Census Bureau. As a resident of the City of Long Beach I wish to become part of the solution. To see the number of representatives increase in our city to help with the representation of our citizens. But more important individuals that with the passion/ethics and willingness to represents our most vulnerable people inclusive of the homeless individuals and the immigrant population treating everyone with dignity and respect. I believe that everyone deserves a good decent place to live and be treated as a 1st class citizen. For this reasons I believe redistricting it's the first step in the right direction. Redistricting is an important tool to serve every individual in our city.
3. I learned that redistricting has an affect on our public education and public safety. We need resources in our community.

I am very familiar with our city population our underserve community. My experience includes working with low to moderate families in the non-profit sector. As a Latin American immigrant I know first hand the importance of having equal opportunities. But most important having Hope.

I am bilingual (fluent Spanish speak and write. I have over 15 yers of non-profit work. Working with families and the community. I have conducted outreach, provided case management support to individuals and families.

My passion goes beyond my place of work. In my free time, I instill my children to volunteer our family time by feeding the homeless in our community in the 1st District, West of Long Beach. The West of Long Beach has of the greatest concentration of homeless individuals in our city and they deserve to be treated with dignity and respect. But more import we all need equal representation. We are in need of representation because our city is growing and is growing fast.

I am a team oriented individual. In my most current role we work as a collaborate team. Our team brings ideas and solutions to the table and we make decisions together as a team. I believe this is something to consider in my application.

Before my closing remarks, I like to share about me. I am a marry man for over 26 years. I am a father of three outstanding individuals. My wife whom I love is my inspiration and soul mate. I believe that God bless me when I meet my wife. My life change for the better.

In closing, I wish to thanked everyone for the opportunity to participate in this process and I look forward to become your next Independent Redistricting Commissioner. This is my passion and I will work in accordance and follow policies and procedures that must be adhered.

Thank you kindly,

Oscar Morales

The main reason why I wish to serve in this commission is because I feel that the need to have a geographer in this commission is important. Its important to have someone who is able to understand the spatial, demographic and economic differences in communities in the city as well as understand maps and especially how to analyze them (and make them to a certain degree). I have a BA in geography (concentration in human geog.) from CSULB and I pursued it to understand better the city I lived in my entire life. Everyday I would go to CSULB on the bus and I would see the change from block to block of how diverse and varied our neighborhoods are. In terms of cooperating with other folks, I don't see or have any problems working with people as long as they are responsible and know our city well enough (and long enough).

(Max. 1800 Characters, approximately 250-300 words)

I wish to serve on the IRC because I care about my community. I have been a Long Beach resident since childhood and consider Long Beach to be my home. Particularly considering recent events, I want to be sure that our residents have the tools to improve our community in a way that works for everyone. Fundamentally, that includes having equitably elected representatives that speak for our interests.

When I was cleaning graffiti downtown in the early morning after the looting with hundreds of others, two things were abundantly clear. First, Long Beach is full of amazing, kind, and dedicated people. Second, we need to do a better job at listening to those who aren't always heard. The IRC is a unique opportunity to make sure that none of our voices are unheard and that none of our interests are overlooked.

I believe that my background makes me a strong candidate for the IRC. I have both a bachelors (JMU, 2014) and masters (UCI, 2019) degree in Political Science. In school, my research- primarily focusing on Race, Ethnicity & Gender and Political Psychology- has given me a strong foundation in both qualitative and quantitative analysis. My training has made me academically literate and prepared me to understand complex political concepts.

Throughout graduate school, it was important for me to stay involved in the Long Beach community. I have volunteered with the LGBTQ Center of Long Beach for several years, most notably as a committee member for the 2017, 2018, and 2019 AIDS Walk. This has given me ample experience working with a diverse group of people towards a common goal as well as a unique and valuable understanding of the greater Long Beach community.

There is a lot of work to be done. Making sure that our representatives fairly reflect who we are is surely the best place to start.

(Max. 1800 Characters, approximately 250-300 words)

I know what it's like to feel disenfranchised, to feel like you don't belong and have no power. It is a feeling no one should have, no matter your race or sexual orientation, that is why I want to become an Independent Redistricting Commissioner -- I want to help communities obtain equal access to political representation.

For over a decade I worked as an Urban Planner for three different jurisdictions in Southern California. In that capacity I managed Community Plans, affordable housing projects, Specific Plans and Environmental Impact Reports. I have ushered 100s of projects through Municipal Advisory Committees, Planning Commissions, City Councils, Boards of Supervisors, and the California Environmental Quality Act (CEQA) process. Each of these requiring an open and transparent process with public input, impartiality and cooperation with various departments and stakeholders.

I also collaborated on research entitled: "Understanding Minority Residents' Perceptions of Neighborhood Risks and Environmental Justice" which was published in the Journal of Architectural & Planning Research (follow this link, see page 17 for acknowledgments) <https://webfiles.uci.edu/dstokols/Pubs/Lejano%20%26%20Stokols%20JAPR.pdf?uniq=-1uwqm2>

In addition, I was recognized in the Los Angeles Times for overcoming adversity. (follow this link to the article) <https://www.latimes.com/archives/la-xpm-1999-aug-07-me-63542-story.html>

I graduated from UC Irvine with two Bachelor of Arts Degrees -- one in Urban and Regional Planning and the other in Environmental Analysis and Design.

Throughout my life I have worked in agriculture, restaurants, construction, landscaping, a machine shop, as a researcher, as a Civil Servant and in Corporate America. I have walked all these paths and understand their people.

11. Please describe why you wish to serve on the Independent Redistricting Commission and share any additional experience, community activities, or other qualifications that make you a strong candidate for the Commission, including, but not limited to, analytical skills, familiarity with the City's neighborhoods and communities, ability to be impartial, and ability to work cooperatively with other potential commissioners. (Max. 1800 Characters, approximately 250-300 words)

I wish to serve on the Independent Redistricting Commission because I seek to serve my city, and to work towards making Long Beach a more equitable place. I love the City of Long Beach, and have lived here for the last 4 years, but am from nearby Los Angeles originally.

I have extensive experience working with local government, including earning a Master's Degree in Public Administration from CSULB. I currently work as a Water Use Efficiency Analyst for the Municipal Water District of Orange County. Prior to that, I worked at a non-profit, The Energy Coalition, which provides energy efficiency services to government agencies. I also worked as a contractor the Long Beach Water Department supporting the Lawn to Garden program, where I researched different neighborhoods in Long Beach and studied their demographics.

I am also a volunteer with the Aquarium of the Pacific, and have been volunteering in the education department for 4 years. I connect directly with visitors, and teach them about the animals that reside at the aquarium.

I have developed and used my analytical skills throughout my career and education. My skillset especially lies in taking data and communicating it out to the public. I also work very well in a collaborative environment, and find that working with a team is where I find the most success.

(Max. 1800 Characters, approximately 250-300 words)

I was born and raised in the City of Long Beach and have witnessed the city's landscape, population and culture evolve over the decades. As a lifetime resident, I have lived in West Long Beach, California Heights, Wrigley and currently, I am a resident in the South of Conant community. Each of these neighborhoods have contributed to my appreciation and understanding of the city's diversity, history, population, culture and needs. My first-hand experience is well complemented by my master's degree in City and Regional Planning from the University of California, Berkeley. My master's thesis on housing affordability was conducted under the guidance of Angela Reynolds in the Advance Planning Division of the City of Long Beach in 2003. During my internship with the department, I assisted the team in conducting a land survey of several census tracts in the city's downtown. After completing my graduate degree, I also contributed to the process of updating the Land Use Element of the General Plan. Since then, I have earned a doctoral degree in education and have dedicated my professional life to this field. My work has focused on high quality programs and equitable policies that can change the course of the life of students who have been historically underserved by the public-school system. While my doctoral degree training has provided the necessary skills to enhance my analytical and critical thinking skills, I also have experience as a board member. I recently completed a five-year term as board member on the CA State Board of Education. This state body, comprised of 11 board members, has given me ample training on consensus-building, engaging in collaborative discussions, compromise, ethics, clear and respectful communication, systems-thinking and other relevant skills that will suit me well in the role of commissioner if selected for the Independent Redistricting Commission.

Participation in the political process is fundamental to our democracy and voting and representation lies at the center of this process. I feel that I can be an excellent redistricting commissioner because I believe in this principal wholeheartedly and because I have dedicated my civic involvement/ engagement in fulfilling this objective. My education and professional background also make me an exceptional commissioner because it is based in the social sciences and urban planning. Understanding the dynamics of neighborhoods and communities and what constitutes their character and make up is a core strength of mine, especially communities of color. Lastly, I work in a collaboration and open fashion and currently serve on two Long Beach non-profits and have served on numerous boards and committees in the past.

The reason why I wish to serve on the Independent Redistricting Commission and share any additional experience, community activities, or other qualifications that make me a strong candidate for the Commission?

I have lived in the City of Long Beach over 3 decades and have attended Hills Middle School and Wilson High School. I have participated and involved in many activities and programs with the City of Long Beach since I was 16 years old. My first volunteer programs are with the Community of Long Beach was at the ages of 16 years. I was a Candy Stripe volunteer at Long Beach Community Hospital at the ICU and Cardiology Lab, my duties were to carry the Blood plasma to the laboratories. Later as I got older, I have participated with several volunteers' programs for the city of Long Beach such as, LB American Red Cross, I have received Achievement award for the month of January 2013 for Disaster Relief. I went on to volunteers for LB CERT program graduated in the programs 2005. I have participated in Disaster Preparedness with the LB Fires Department. In 2016 I have graduated with the Community Police Academy, understand and the concept of Internal Affairs and how the trial process. 2014 I have graduated from NLP Neighborhood Leadership Program, and became Certified Facilitator in help with Interview candidates for the NLP programs and experiences in Grant Writing and understand the concept of becoming a good leader and how the leadership will help to work in team environment. 2016 graduated from Beverly O'Neil Student Leadership program. 2020 I have participated with Walk of LB Ambassador. concept what area or region that the LB communities can walk to reduce the Stroke, Heart Attack and what other benefit that the LB communities do to help sustain good health. In 2017 to 2019 I have helped with outreach program for LB CAAP. Climate Action and Adaptation Plan, The CAAP is program that will help the LB communities will help to reduce greenhouse gas (GHG) emissions, prepare the community for the impacts of climate change, improve the quality of life, and enhance economic vitality in Long Beach. In 2010 to 2016 I am a former elected Secretary for BHC Building Healthy Community from 2010 to 2013 and reelected as a Community Leader for BHC. during my time serves for the BHC I have participated with many outreaches' programs from different districts, such as 6,9, and 1.; this links to West Side, Midtown, North LB. I also I have involved with 710 freeway, related to Air Pollution links to Environment effect with many downtown long beach residents that lived near by the 710 freeway. I have the privilege to be involved with the member team of Language Access in 2012 and been adopted in 2015. These programs have been formulated adopted to many cities and States wide to currently, the Language Access has helped many peoples who can't understand or speak English able to concept and provide recommendations, guidance, and a consistent statewide approach to ensure language access throughout the courts. I am confident I can be the next Independent Redistricting Commission from my past and current experience and knowledge skill that links to the Long Beach Communities. I am familiar with different 9th districts, and I am Asian (Cambodian) American who love her city and her community she grew up within. I have the compassion and my job is to serve other who are less fortunate than I do.

(Max. 1800 Characters, approximately 250-300 words)

I am a Long Beach native, and I am very passionate about contributing to the community that I was born into, grew up in, and now reside. After earning my two bachelors of science degrees in music and information technology from the Massachusetts Institute of technology, I also earned my Masters in Public Policy from the University of Michigan Ann Arbor, and learned how municipalities run. I am well versed in Robert's rules of order, and I spent 10+ years living and working in Massachusetts and Michigan. After living in the east coast and Midwest I appreciate the unique and diverse community that is Long Beach. Currently I am the Communications Chair for the 2020-2021 PTA at Bixby Elementary where my son attends, and I am also the secretary for the Mombasa Sister City Association. My education coupled with my life experiences make me uniquely qualified to weigh the changes of the population Long Beach, along with the needs of the various districts within Long Beach. I live in the 7th district, and I would love to be a part of the community dialogue about these very important conversations. I value amiable collaboration and continue to develop strategic relationships as I work and volunteer in the Long Beach Community. I would love to collaborate and use my analytical skills for the benefit of the Long Beach Community.

I have been a resident of Long Beach for 23 years. I am a licensed attorney, prosecutor for the City of Los Angeles. I belong to several Bar associations and have been active in voter registrations drives, and panel discussions on ballot measures and initiatives. I feel that my vast experience as a lawyer and ties to the community will be an asset to the commission.

(Max. 1800 Characters, approximately 250-300 words)

I have been a homeowner in District 8 of Long Beach for over two years. I previously lived in Bluff Heights and even though I was raised next door to Long Beach in Cypress, I knew I would always want to live in Long Beach. We are a diverse city, full of culture and life. I love this city so much, I even work at a legal aid in Long Beach and provide free legal services at a medical facility in Long Beach. I want to become a commissioner because I want to ensure that everyone in our community have an opportunity to engage in our democracy.

When I became an attorney in 2014 I swore this oath: "I solemnly swear (or affirm) that I will support the Constitution of the United States and the Constitution of the State of California, and that I will faithfully discharge the duties of an attorney and counselor at law to the best of my knowledge and ability. As an officer of the court, I will strive to conduct myself at all times with dignity, courtesy, and integrity."

If I become a commissioner, I will do my best to uphold the laws on voting and ensure Long Beach remains as one of the greatest cities in the world.

(Max. 1800 Characters, approximately 250-300 words)

My 13 years of professional experience in higher education, specifically working with international and undocumented students in the realm of immigration, gives me a particular insight into understanding the needs of a specific population. To me, this closely translates to understanding how a neighborhood can benefit or be severely hindered by an outside entity that may, or may not have its best interests at heart. I wish to serve on this commission to ensure that all Long Beach citizens are made to feel that their voices are heard, are given adequate resources and are not purposefully marginalized for anyone's personal or political gain.

I've had to work within the strictest of federal regulations while ensuring that my university is able to create its own policies and procedures. This has taught me how to successfully work across multiple work groups to get critical projects completed in a timely fashion. I am a people person and think my personality is perfectly suited for a role on the Redistricting Commission.
