REDISTRICTING PARTNERS

# Commission Workplan

Basic Timeline Construction

There are three key points in the timeline that will shape the commission workplan:

- Establishment of Commission - Concluded

- Release of Census Redistricting Data - Range of potential dates from April – July.

- Final Approval of Districting Plan - Required six months after data release, but other potential county deadlines as well.

# Commission Workplan

## Examples of functions Pre/Post Data Release

| **Before Data Release** | | **After Data Release** |
|---|---|---|
| • Establishing Procedures | | • Receive new population data |
| • Training | | • Direction on initial draft map(s) creation |
| • Mapping Software | | • Public Review of Draft Maps |
| • Community Outreach | Data release possibly April – July 2021 | • Additional Outreach |
| • Public Hearings | | • Action on Final Map |
| • Development of Communities of Interest | | • Post-Redistricting Report |

# Commission Workplan

- Establish governance rules and bylaws

- Approve Training and Outreach plan and hearing structure

- Direct consultants on map creation.

- Vote to approve final plan.

# Commission Workplan

## Workplan amendments and finalization

- The draft workplan has been created by your consultants and City staff and provided to you.

- Each item has a category, which party is primarily responsible, and a projected completion date.

- Given that we don't know when Census data will be released, much of the work plan has dates that are still to be decided.
