REGULAR AGENDA

2. [19-043BH](#) Recommendation to discuss the Health and Human Services Department 2020 Budget.

Kelly Colopy, Director of Health and Human Services, spoke briefly on the Department's 2020 budget. Ms. Colopy confirmed that the Department's 2020 Budget included increases to fund a full-time Public Information Officer (PIO) and to provide for a full-time position for the Language Access Program Coordinator.

The Mayor's Budget and City Manager's Budget will be forwarded to the Budget Oversight Committee, who will be negotiating out the small pieces between these budgets, which is anticipated to begin in mid-July.

Ms. Colopy also mentioned that Vector Control Program Benefit Assessment District ballots were sent out to those property owners in Long Beach not currently covered by the Los Angeles County Vector Control District. The voting period will officially close on July 2nd and ballots will be reviewed and presented to the City Council on July 16th for official action. It is anticipated that revenues from this assessment would be seen as early as December.

This BH-Agenda Item was approve recommendation.

3. [19-044BH](#) Recommendation to receive and file a report from the Vice Chair on community outreach efforts to Long Beach Neighborhood Associations.

This item was held over for the July 12th meeting.

This BH-Agenda Item was laid over.

4. [19-051BH](#) Recommendation to discuss youth in crisis, ages 12-17.

Boardmember Tejani provided the Board with information on Casa Youth Shelter, for which he is a member of the Board of Directors. Casa Youth Shelter provides temporary shelter, clinical services, case management and parenting programs for youth in crisis (between the ages of 12-17) facing issues such as child abuse, substance abuse, homelessness, mental health issues, gang involvement, human trafficking, running away from a crisis at home, or dealing with issues related to LGBTQ+ identification. Dr. Tejani shared that, on average, Casa Youth Shelter annually receives 1,123 calls to their 24-hour crisis hotline, provides approximately 7,000 counseling hours and has a 88 percent success rate for those exiting their shelter.

This BH-Agenda Item was approve recommendation.

ONGOING BUSINESS

5. [19-045BH](#)

Recommendation to receive and file an update on the status of the City's efforts to reduce the rates of HIV and STD's.

Dr. Anissa Davis, City Health Officer, informed the Board of the following STD and Communicable Disease funding changes at the State level, including:

- An increase of \$2 million for STD Control, from \$1.6 million to \$3.6 million
- An increase of \$40 million over four years to fight infectious diseases, and
- Various stakeholder budgeted requests for CBO's or CBOs/Local Health Departments including:

- AIDS Health Care Foundation and Essential Health Access request of \$20 million for STD prevention and treatment, to date \$5 million approved in budget,

- The California HIV Alliance requested \$20 million for HIV prevention, to date \$5 million approved in budget, and

- The California Hepatitis Alliance requested \$20 million, with \$5 million currently approved in the Budget.

The Budget is anticipated to be reconciled by June 15th.

Dr. Davis also informed the Board that the Los Angeles County Department of HIV and STD Programs released an RFP making \$66 million in funding available, over 3 - 5 years, for STD screening, diagnosis and treatment; sexual health express clinics; HIV testing and HIV and syphilis screening, diagnosis and linked referrals in commercial sex venues.

Dr. Davis mentioned that the Mayor is proposing approximately \$200,000 in one-time funding for HIV/STD reduction efforts in the FY 20 City budget.

Ms. Colopy briefly mentioned a recent HIV Planning Group meeting which convened to discuss and identify priorities. A brief discussion ensued regarding how much funding is needed to effectively tackle the problem. Ms. Colopy provided a rough estimate of approximately \$2 million in funding annually citywide on top of what the Health Department currently is able to bill for and receives from other funding sources.

Chair Smith briefly discussed the possibilities of public/private partnerships and the need for creative ways to address the problem.

This BH-Agenda Item was approve recommendation.

6. [19-046BH](#)

Recommendation to receive and file an update from the Toxic Tour Subcommittee.

The subcommittee did not have an opportunity to meet within the past month. Boardmember Betancourt discussed the timing of the tour and suggested holding a subcommittee meeting in July, focusing on holding the tour in late September, early October. Boardmember Betancourt is looking to incorporate the South Coast Air Quality Management District (SCAQMD) into the tour and shared with the Board some test samples from SCAQMD units that sample air quality at various sites around the City. A brief discussion ensued regarding the samples and the increased health risk from ultra-fine particles of pollution.

This BH-Agenda Item was approve recommendation.

7. [19-047BH](#)

Recommendation to receive and file an update on the status of the City's implementation of the legalization of cannabis.

Morgan Venter, Cannabis Education Program Coordinator, provided the Board with an update on GreenlightLB activities including;

- The Department has applied to the Office of Traffic Safety for funding to continue the drug impaired driving program which will include education and prevention related to impairment by prescription, over the counter, and other recreational substances other than alcohol, including cannabis. The FY 20 focus will be on decreasing all types of substance impaired driving.
- Working with the Office of Cannabis Oversight to launce the #BuyLicensed campaign, which educates consumers to purchase products that meet safety and purity guidelines through a licensed vendor.
- Responsible cannabis vendor training.
- Launched the #beBlunt and Learn to #BeBlunt campaign which provides frank discussion on cannabis use.
- Participation in various community outreach events and through social media.

- Working on Know Your Limit outreach events and education with the LBPD. Working on the use of games/simulations, and mobile apps, such as the Druid App, to informally gauge and determine personal impairment.
- Adapting the #BeBlunt program and proposing it to the Long Beach Unified School District as curriculum.
- The State is interested in spotlighting many of our social media messaging and activities, as Long Beach is one of the only jurisdictions in the State that is doing risk-reduction messaging related to recreational cannabis.

This BH-Agenda Item was approve recommendation.

8. [19-048BH](#) Recommendation to receive and file an update on Community Hospital.

Ms. Colopy reported that the City was continuing to make progress, and that the State Office of Statewide Health Planning and Development. OSHPD has approved a 5-year extension pursuant to AB 2190 to get the seismic issues corrected with the facility. All efforts are currently aligning, and the necessary steps are being taken to move forward with reopening the facility.

This BH-Agenda Item was approve recommendation.

9. [19-049BH](#) Recommendation to receive and file a report from the Director of Health and Human Services.

Ms. Colopy provided the Board with an update on the following items:

- The results of the 2019 Point in Time Homeless Count were released. Long Beach had a 2% increase, which is considered statistically flat, compared to increases of 16% in the City of Los Angeles (12% overall in LA County), a 43% increase in Orange County, and an overall State increase of 14%. Overall, Long Beach has seen an 8% decrease in chronic homeless; however, it has seen an increase in those that are newly homeless. It is estimated that approximately 20,000 to 30,000 households in Long Beach are precariously housed, meaning over 50% of their incomes go to rent alone. A discussion ensued regarding the need for prevention funding, and Ms. Colopy indicated that the Department is seeking a grant for short-term rental assistance. Resources are needed to keep families in their homes, so they never fall into homelessness.
- The City received \$12.39 million from the first round of HEAP funding, which providing funding for the purchase of the year-round homeless shelter, storage

facility and a jobs program. The next round of HEAP funding will be more for service provision.
