**Excused:**

**FLAG SALUTE**

**PUBLIC PARTICIPATION**

Emily Quest, CD7 resident, spoke regarding the bus zones for buses that cater to children with special needs at Garfield Elementary (Hill & Baltic). Ms. Quest says these buses do not have space in their zoned parking because parents continue to park in these bus zones, meaning the children on the buses can't get out at their designated spots. Ms. Quest wanted to make CACoD aware and will continue to reach out to the police department and the school.

Frances Emily Dawson Harris, CD1 resident, commended CACoD on this year's DEAM Event and felt the vendors were very informative and helpful. Ms. Harris also shared concerns with METRO.

**APPROVAL OF THE MINUTES**

### **AD-HOC COMMITTEE REPORTS**

Community ADA Checklist Ad-Hoc - Commissioner Calsita reported that CLB recently adopted an ADA checklist and her ad-hoc will review/make any necessary recommendations.

Calendar Ad-Hoc - Chair Gauthier and Vice Chair McClain recapped the various October events that CACoD supported.

DEAM Ad-Hoc - Vice Chair McClain recapped the event. Commissioner Hernandez suggested that the ad-hoc start planning earlier next year

### **OLD BUSINESS**

2. [17-073CA](#)

Recommendation to receive and file information from City staff related to the City's current Disabled Parking (blue curb) Ordinance applied in residential areas and approve any recommendations CACoD would like to make to the City Council.

City Traffic Engineer, Eric Widstrand, presented on state and local (Chapter 10.34 of the Long Beach Municipal Code) requirements and the City's application process related to blue zones (disabled parking spots) in residential areas of the City.

Discussion and Q&A followed regarding the following: City's list of relevant locations (how often it is updated), the necessity of medical certification during the City's application process given that this is done extensively at the State level before a placard or plate is issued (unnecessary replication of efforts), the decision process that includes where to put blue zones and how many (depending on number of applicants in a general area), the possibility of allowing residents to apply for blue zones even if they don't drive the vehicle (ex: child with a disability who relies on a caregiver), and better clarity on what the application is asking of the resident.

Public comment from Emily Quest spoke, CD1, Frances Emily Dawson Harris spoke, CD1 and Wilma Blue spoke, first time visitor from San Fernando Valley.
