(District 3)

On April 6, 2010, this matter came before the City Council for public hearing. A motion was approved to continue the matter for thirty days due to the fact that the Applicant failed to appear at the appeal hearing. However, on April 20, 2010, the City Council initiated a moratorium related to the installation of new wireless telecommunications facilities in the City. As a result, this appeal hearing should be continued until such time as the moratorium either expires or the City Council adopts new regulations related to the installation of wireless facilities.
