Recommendation to increase appropriations in the General Fund Group in the City Manager Department by \$1,000, offset by the First Council District One-time District Priority Funds, transferred from the Citywide Activities Department, to provide a contribution to Centro CHA in support of Back-to-School Community Resource Fair and Vaccination Clinic; and

Decrease appropriations in the General Fund Group in the Citywide Activities Department by \$1,000 to offset a transfer to the City Manager Department.

On Thursday, August 25th, Centro CHA will be hosting a free Back-to-School Community Resource Fair and Vaccination Clinic featuring a community resource fair and vaccination clinic at Cesar Chavez Park from 5pm to 8pm. This family fun event will bring resources such as COVID-19 vaccinations for everyone, with gift cards available for any parents of early aged children that get vaccinated, games, art, nonprofit resources, and a giveaway of 100 backpacks. It is important that we support this event as the surrounding neighborhood has one of the lowest vaccination rates in the 90802-zip code, school supplies will be provided for free to 100 children, and many resources will be shared to the community by local nonprofits. It is appropriate for the City Council to support a funds transfer to Centro CHA in support of Back-to-School Community Resource Fair and Vaccination Clinic.

STATEMENT OF URGENCY:

This urgent item is being submitted through supplemental agenda to allow for timely funds processing.

No Financial Management review was able to be conducted due to the urgency and time sensitivity of this item.

This recommendation requests the City Manager to provide a contribution to Centro CHA in support of Back-to-School Community Resource Fair and Vaccination Clinic. The total appropriation increase of \$1,000 in the General Fund Group in the City Manager Department will be offset by a decrease of appropriation of First Council District One-time District Priority Funds in the General Fund Group in the Citywide Activities Department. The requested action is anticipated to require a minimal level of staff hours beyond the normal budgeted scope of duties and expected to have minimal impact on existing City Council priorities.

Approve recommendation.
