

Legislation Text

File #: 08-0006, **Version:** 1

Recommendation to adopt resolution declaring a shelter crisis; suspending applicable provisions of local law, including those contained in the City's zoning ordinances and regulations; and authorizing the operation of a winter shelter between the dates of January 1, 2008 and March 31, 2008; and

Authorize City Manager to execute any and all documents necessary for a Lease between the Roman Family Trust (Lessor) and the City (Lessee) and a Sublease between the City (Sublessor) and the Long Beach Rescue Mission (Sublessee) and any amendments at the discretion of the City Manager for approximately 6,900 rental square feet of industrial space at 2235 Lemon Avenue at the monthly base rent of \$5,175 for use as a winter shelter. (District 6)

Who Started the Winter Shelter Program and Why?

In the late 1980's, four homeless persons died on the streets of Los Angeles County due to inclement weather during the winter months.

In response to the deaths, then Mayor Thomas Bradley started the first Los Angeles City and County Winter Shelter Programs. The City of Los Angeles and Los Angeles County operated two separate Winter Shelter Programs. The Los Angeles County Emergency Food and Shelter Program Local Board also assisted with planning and funding the Winter Shelter Program.

Today, the County places one winter shelter in each of the five Supervisorial Districts. For Los Angeles County Supervisorial District 4, the site identified is at 2235 Lemon Avenue.

What is the Goal of the Winter Shelter Program and Who Does it Serve?

The main goal of the Winter Shelter Program is to increase the number of emergency shelter beds available throughout Los Angeles County during the winter months (December through March) each year. The program is commencing late this year due to problems identifying an adequate site.

As the capacity of providers has increased the goals have expanded to include mainstreaming clients back into housing and jobs. The Winter Shelter Program is accessible to any individual or family that is homeless and resides in Los Angeles County.

What is the Los Angeles Homeless Services Authority?

One of the main milestones of the Winter Shelter Program was the creation of the Los Angeles Homeless Services Authority, (LAHSA), in 1994. LAHSA is a joint powers agreement between the City of Los Angeles and Los Angeles County to oversee homeless services Countywide. With the creation of LAHSA, the Winter Shelter Program has become a coordinated effort to increase the number of beds available in Los Angeles County. The County of Los Angeles, the City of Los Angeles and the Los Angeles County Emergency Food and Shelter Program Local Board provide funds to

LAHSA to operate the Winter Shelter Program. Starting in 2001, LAHSA changed the format of the Winter Shelter Program from weather activated days (approximately 85 per year) to a continuous shelter program that operates 105 days per year (December 1 - March 15).

The winter shelter provider is required to provide the following services: nightly shelter, two daily meals, restrooms and showers. When additional funds are available, case management services are also provided.

The role of the Long Beach Department of Health and Human Services is to coordinate with LAHSA and continue to be a liaison between the City of Long Beach and LAHSA.

The City of Long Beach does expand the hours of operation of the Multi-Service Center (MSC) to accommodate the influx of clients accessing services and there is transportation to and from the winter shelter location to the MSC. Winter shelter clients can access supportive services including case management, job training, life skills assistance, mail services, etc.

As the administrative authority, LAHSA is responsible for selecting the winter shelter operators through a competitive application process, contracting with providers and overseeing the winter shelter operations. For the 2007-08 fiscal year, in anticipation of the owner's and City Council consent, LAHSA has approved the selection of the site at 2235 Lemon Avenue for this year's winter shelter. This site will be operated by LAHSA's current vendor, the Long Beach Rescue Mission, subject to the owner's and City Council consent.

California Government Code Sections 8698.1 and 8698.2 allow local jurisdictions to declare a shelter crisis. In making such a declaration, State law enables local jurisdictions to suspend local laws and regulations "to the extent that strict compliance would in any way prevent, hinder, or delay the mitigation of the effects of the shelter crisis" for any City-owned, leased or maintained property. In an effort to facilitate the use of 2235 Lemon Avenue for the winter shelter, a Lease and Sublease between the site's owner(s), the City and the Long Beach Rescue Mission have been negotiated. The proposed Lease will contain the following major terms and provisions:

- Lessor: Roman Family Trust.
- Lessee: City of Long Beach.
- Leased Premises: Approximately 6,900 rentable square feet of industrial space located at 2235 Lemon Avenue.
- Use: The Leased Premises shall be used as a winter shelter.
- Term: The term of the Lease shall commence upon full execution of the agreement and shall terminate on March 15, 2008. The term may be extended upon mutual agreement by both parties pending additional funding for continuation of the winter shelter for an extended period up to March 31, 2008.
- Rent: The monthly base rent shall be \$5,175 and shall be prorated for any partial month.
- Utilities: The Lessee shall be responsible for reimbursement to Lessor for all utilities for the

Leased Premises.

- HV AC: The Lessee shall be responsible for any/all modifications to the HV AC system necessary for the Leased Premises. At the end of the term, the Lessee shall be responsible for returning the HV AC to its original configuration.

The proposed Sublease will contain the following major terms and provisions:

- Sublessor: City of Long Beach.
- Sublessee: Long Beach Rescue Mission.
- Responsibilities: The Sublessee shall be responsible for any and all obligations of the Lessee under the terms of the Lease.

This matter was reviewed by Deputy City Attorney Rich Anthony on December 24, 2007, and Budget Management Officer Victoria Bell on December 26, 2007.

City Council action is requested on January 8, 2008, to adopt the Resolution declaring a shelter crisis and execute the Lease and Sublease in an effort to expedite the operation of the winter shelter.

The base rent for the term of the Lease is estimated at \$11,000, not including additional costs for utilities and HV AC modifications. Sufficient funds are currently appropriated in the Health Fund (SR 130) in the Department of Health and Human Services (HE). The Sublessee, the Long Beach Rescue Mission, shall reimburse the City for all costs associated with the Lease including rent, utilities, HV AC modifications and any and all other obligations.

There will be no fiscal impact associated with the requested action on the General Fund.

Approve recommendation.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LONG BEACH DECLARING A "SHELTER CRISIS;" SUSPENDING APPLICABLE PROVISIONS OF LOCAL LAW, INCLUDING THOSE CONTAINED IN THE CITY'S ZONING ORDINANCES AND REGULATIONS; AND AUTHORIZING THE OPERATION OF A WINTER SHELTER AT 2235 LEMON AVENUE, IN THE CITY OF LONG BEACH, BETWEEN THE DATES OF DECEMBER 1, 2007 AND MARCH 31, 2008, INCLUSIVE

RONALD R. ARIAS
DIRECTOR OF HEALTH AND HUMAN SERVICES

DENNIS J. THYS
DIRECTOR OF COMMUNITY DEVELOPMENT

APPROVED:

PATRICK H. WEST
CITY MANAGER
