Title: Recommendation to request City Manager to study and make recommendations on guidelines that further support street performing in premium areas/zones such as BIDs within the city and return and present recommendations at a future council meeting in approximately 120 days. Factors that the report should consider include:

- Review whether the city can provide Long Beach BIDs with the option to implement these guidelines within their assessment area.
- Request the City Manager to work with the Long Beach Council of Business Associations and the Long Beach Music Council to solicit input.
- If the City cannot delegate power to BIDs, consider other areas/zones within the City; looking at impact on surrounding residences and businesses.
- Consider spatial arrangement of street performing within the areas/zones (i.e. feet away from the entrance of businesses, etc.).
- Look at volume (sound level) considerations of street performing.
- Consider times for the street performing.
- Review potential monitoring and compliance processes.
- Create consistency in code by removing LMBC 14.14.055 which says that a permit is required to perform in the public right-of-way when no such permit exists.
