Adopt resolution directing the Director of Development Services to submit a request to the California Coastal Commission to certify an amendment to the Certified Local Coastal Program. (Citywide)

Pursuant to the request of City Council on February 13, 2018, the ordinance related to Unattended Donation Boxes (UDBs) has been revised with changes that restrict the number of UDB's to one (1) per site, even for large development uses that may exist on multiple lots such as a shopping center or mall. In addition, the ordinance contains restrictions that would not allow UDB's to be located within 1,000 feet of one another, or located in such a way that the UDB would impact drive aisles, walkways, handicapped accessibility routes, landscaping areas, parking spaces, or the public right of way. The ordinance has also been revised to reflect that a violation of the ordinance could be abated as a public nuisance and administrative citations issued.

This matter has been presented as an urgency item for approval because the moratorium that is currently in place may expire prior to the permanent ordinance becoming effective.
