Recommendation to authorize City Manager, or designee, to execute an agreement and any necessary amendments between the City of Long Beach and Kaiser Foundation Hospitals to develop the Young Men of Strength: Building Community through Strength of Character curriculum in the amount of \$5,000 for the period of October 1, 2010 through September 30, 2011. (Citywide)

Kaiser Foundation Hospitals has awarded \$5,000 to the City of Long Beach, through the Department of Health and Human Services (Health Department), to develop the Young Men of Strength: Building Community through Strength of Character curriculum.

The Long Beach Weed and Seed Program was established June 2007 in response to high levels of violent crime, drug abuse, gang activity and deteriorating neighborhood conditions affecting the health and well-being of Central Long Beach residents. The Youth Leadership Program is Weed and Seed's newest component of the strategy, and it aims to reduce youth and gang violence in the target area through education, career preparation, leadership training, and social and economic/life skills activities.

The Young Men of Strength: Building Community through Strength of Character curriculum is embedded in the Youth Leadership Program. The curriculum will consist of key elements such as encouraging young men to define manhood; understanding the characteristics of a healthy relationship; foster an understanding of the responsibility and role of men in promoting positive family and community health; and developing a service-learning project. Funding will be utilized to provide research on evidence-based violence prevention curriculum with the key concepts above as the central focus. Also, key community leaders will be interviewed on best practices for violence prevention. The project will culminate with a compilation of recommendations for curriculum implementation.

This matter was reviewed by Deputy City Attorney Linda Trang and by Budget Management Officer Victoria Bell on November 11, 2010.

City Council action on this item is requested on December 7, 2010.

Funding from Kaiser Foundation Hospitals in the amount of \$5,000 will support personnel costs and program materials through September 30, 2011. Sufficient funds are currently appropriated in the Health Fund (SR 130) and the Department of Health and Human Services (HE). There is no City match of funds required, no impact to the General Fund and no net impact to jobs associated with this action.

Approve recommendation.

RONALD R. ARIAS
DIRECTOR HEALTH AND HUMAN SERVICES

APPROVED:

PATRICK H. WEST
CITY MANAGER
