Recommendation to authorize City Manager, or designee, to execute all documents, and any needed subsequent amendments, with various Pacific Gateway service and product providers for training and employment services to residents, to increase the total amount by \$4,750,000, for a revised total aggregate amount not to exceed \$4,850,000, and to extend for one additional one-year period, with an option to renew for two additional one-year periods. (Citywide)

Pacific Gateway administers the Federal Workforce Innovation and Opportunity Act (WIOA) and other employment and training funds received annually by the City. Those funds support job training programs and business services delivered by the Career Transition Center, Harbor Gateway WorkSource Center, and selected community-based organizations to assist local residents acquire skills leading to employment in high-demand occupations with local employers.

Pacific Gateway utilizes labor market information, industry feedback and trends to monitor hiring needs, and to ensure that local skill training design and investments are in industries that will most quickly improve, leading to re-employment for residents. For training programs that are not part of Pacific Gateway initiatives connected with local colleges and universities, customers are required by WIOA to select training providers procured and/or approved through the State's Eligible Training Provider List (ETPL). Vendors under this State list are exempt from other local procurement, as well as employers participating in On-the-Job Training (OJT), and Customized Training (CT) programs, as mandated by WIOA. Once customers select a vendor from the State list, or when an employer engages in an OJT or CT program, Pacific Gateway initiates an agreement and a Blanket Purchase Order (BPO) to accommodate costs of training. Once the BPO is anticipated to exceed \$100,000, Pacific Gateway obtains City Council approval to initiate an increase in the BPO and, as applicable, a full contract.

Additionally, Pacific Gateway currently administers the Strengthening Working Families Initiative (Initiative), approved by the City Council on October 4, 2016. As one of the primary program goals of the Initiative, paid childcare services will be provided to job seekers during their participation in the program. A list of local childcare providers that participants may choose to utilize is attached (Exhibit A). However, the Initiative allows for participation of any childcare provider found in the State's approved Childcare Facility Directory Website.

Pacific Gateway will continue to partner with these various training and service providers outlined below, based on customer demand. Pacific Gateway requests contract or BPO increases and renewals for the coming months for existing vendors with current agreements with the City.

This matter was reviewed by Deputy City Attorney Amy R. Webber on May 15, 2018 and by Budget Analysis Officer Julissa José-Murray on May 23, 2018.

City Council action is requested on June 12, 2018, to facilitate processing of required documents.

Sufficient WIOA grant funding is currently appropriated in the Community Development Grants Fund (SR 150) in the Economic Development Department (ED). Approval of this recommendation will result in job training, skills enhancement, and employment opportunities for hundreds of residents.

Approve recommendation.
