§202. Use of Grant Funds

- A. Subrecipient and the County of Los Angeles have previously completed a mutually approved budget/expenditure plan, hereinafter "Budget," for the 2014 SHSP, which has been approved by Cal OES. This information is contained in a copy of the Final Grant Award Letter and Worksheet, attached hereto as Exhibit E.

Any request by Subrecipient to modify the Budget must be made in writing with the appropriate justification and submitted to CEO for approval. If during the County of Los Angeles review process, additional information or documentation is required, the Subrecipient will have ten (10) business days to comply with the request. If the Subrecipient does not comply with the request, CEO will issue written notification indicating that the requested modification will not be processed. Modifications must be approved in writing by the County of Los Angeles and Cal OES during the term of this Agreement. Upon approval, all other terms of this Agreement will remain in effect.

Subrecipient must utilize grant funds in accordance with all Federal regulations and State Guidelines.

- C. Subrecipient must review the Federal Debarment Listing at <https://www.sam.gov/portal/SAM/#1> prior to the purchase of equipment or services to ensure the intended vendor is not listed and also maintain documentation that the list was verified.
- D. Prior to the purchase of equipment or services utilizing a sole source contract of \$100,000 or more, justification must be presented to CEO, who upon review will request approval from Cal OES. Such approval in writing must be obtained prior to the commitment of funds.

All expenditures must be for the purchase of equipment, exercises, training, and planning as described in Section II of this Agreement. The grant amount represents the amount allocated to Subrecipient in the 2014 SHSP Grant Award Letter from Cal OES.

Each reimbursement request must be accompanied by the Reimbursement Form (attached hereto as Exhibit G). All appropriate back-up documentation must be attached to the reimbursement form, including purchase orders, invoices, report of goods received, and proof of payment.

For training reimbursements, Subrecipient must include a copy of the class roster verifying training attendees, proof that prior approval was obtained from Cal OES and that a Cal OES tracking number has been assigned to the course, and timesheets and payroll registers for all training attendees.

For exercise reimbursements, Subrecipient must enter the After Action Report (AAR) and Improvement Plan on the State Office of Domestic Preparedness secure portal within 60 days following completion of the exercise and submit proof of State approval of the AAR with the reimbursement request.

- C. The County of Los Angeles may, at its discretion, and with Cal OES approval, reallocate unexpended grant funds to another subrecipient. Said reallocation may occur upon completion of an approved project, or by written notification from the Subrecipient to the County of Los Angeles that a portion of the grant funds identified in §301.A., above, will not be utilized. As provided in §502, below, any increase or

decrease in the grant amount specified in §301.A., above, may be effectuated by a written notification by the County of Los Angeles to the Subrecipient.

- D. Payment of reimbursement request will be withheld by the County of Los Angeles until the County of Los Angeles has determined that Subrecipient has turned in all supporting documentation and completed the requirements of this Agreement.
- E. It is understood that the County of Los Angeles makes no commitment to fund this Agreement beyond the terms set forth herein.
- F. 1. Funding for all periods of this Agreement is subject to continuing Federal appropriation of grant funds for this program. In the event of a loss or reduction of Federal appropriation of grant funds for this program, the Agreement may be terminated, or appropriately amended, immediately upon notice to Subrecipient of such loss or reduction of Federal grant funds.

2. County of Los Angeles will make a good-faith effort to notify Subrecipient, in writing, of such non-appropriation at the earliest time.

SECTION IV

STANDARD PROVISIONS

§401. Construction of Provisions and Titles Herein

All titles or subtitles appearing herein have been inserted for convenience and do not, and will not be deemed to, affect the meaning or construction of any of the terms or provisions hereof. The language of this Agreement will be construed according to its fair meaning and not strictly for or against either party.

§402. Applicable Law, Interpretation and Enforcement

Each party's performance hereunder must comply with all applicable laws of the United States of America, the State of California, and the County of Los Angeles. This Agreement will be enforced and interpreted, as applicable, under the laws of the United States of America, the State of California and the County of Los Angeles.

If any part, term or provision of this Agreement is held void, illegal, unenforceable, or in conflict with any law of a Federal, State or Local Government having jurisdiction over this Agreement, the validity of the remainder of the Agreement will not be affected thereby.

Applicable Federal or State requirements that are more restrictive will be followed.

§403. Integrated Agreement

This Agreement sets forth all of the rights and duties of the parties with respect to the subject matter hereof, and replaces any and all previous agreements or understandings, whether written or oral, relating thereto. This Agreement may be amended only as provided for herein.

§404. Breach

If any party fails to perform, in whole or in part, any promise, covenant, or agreement set forth herein, or should any representation made by it be untrue, any aggrieved party may avail itself of all rights and remedies, at law or equity, in the courts of law. Said rights and remedies are cumulative of those provided for herein except that in all events, no party may recover more than once, suffer a penalty or forfeiture, or be unjustly compensated.

§405. Prohibition Against Assignment or Delegation

Subrecipient may not do any of the following, unless it has first obtained the written permission of the County of Los Angeles:

- A. Assign or otherwise alienate any of its rights hereunder, including the right to payment; or
- B. Delegate, subcontract, or otherwise transfer any of its duties hereunder.

§406. Permits

Subrecipient and its officers, agents and employees must obtain and maintain all permits and licenses necessary for Subrecipient's performance hereunder and must pay any fees required therefor. §407. Nondiscrimination and Affirmative Action

Subrecipient must comply with the applicable nondiscrimination and affirmative action provisions of the laws of the United States of America, the State of California, and the County of Los Angeles. Any subcontract entered into by the Subrecipient relating to this Agreement, to the extent allowed hereunder, will be subject to the provisions of this §407 of this Agreement.

§408. Indemnification

Each of the parties to this Agreement is a public entity. This indemnity provision is written in contemplation of the provisions of Section 895.2 of the Government Code of the State of California, which impose certain tort liability jointly upon public entities, solely by reason of such entities being parties to an agreement, and the parties agree that this indemnity provision will apply and will be enforceable regardless of whether Section 895 et seq. is deemed to apply to this Agreement. The parties hereto, as between themselves, consistent with the authorization contained in Government Code Sections 895.4 and 895.6 agree to each assume the full liability imposed upon it or upon any of its officers, agents, or employees by law, for injury caused by a negligent or wrongful act or omission occurring in the performance of this Agreement, to the same extent that such liability would be imposed in the absence of Government Code Section 895.2. To achieve the above-stated purpose, each party agrees to indemnify and hold harmless the other party for any liability arising out of its own negligent acts or omissions in the performance of this Agreement (i.e., the Subrecipient agrees to indemnify and hold harmless the County of Los Angeles for liability arising out of the Subrecipient's negligent or wrongful acts or omissions and the County of Los Angeles agrees to indemnify and hold harmless the Subrecipient for liability arising out of the County of Los Angeles' negligent or wrongful acts or omissions). Each party further agrees to indemnify and hold harmless the other party for liability that is imposed on the other party solely by virtue of Government Code Section 895.2. The provisions of Section 2778 of the California Civil Code are made a part hereof as if fully set forth herein. Subrecipient certifies that it has adequate self-insured retention of funds to meet any obligation arising from this Agreement.

§409. Conflict of Interest

- A. The Subrecipient covenants that none of its directors, officers, employees, or agents may participate in selecting, or administrating, any subcontract supported (in whole or in part) by Federal funds where such person is a director, officer, employee or agent of the subcontractor; or where the selection of subcontractors is or has the appearance of being motivated by a desire for personal gain for themselves or others such as family business, etc.; or where such person knows or should have known that:
 - 1. A member of such person's immediate family, or domestic partner or organization has a financial interest in the subcontract;

2. The subcontractor is someone with whom such person has or is negotiating any prospective employment; or
3. The participation of such person would be prohibited by the California Political Reform Act, California Government Code §87100 et seq. if such person were a public officer, because such person would have a "financial or other interest" in the subcontract.

B. Definitions:

1. The term "immediate family" means domestic partner and/or those persons related by blood or marriage, such as husband, wife, father, mother, brother, sister, son, daughter, father in law, mother in law, brother in law, sister in law, son in law, daughter in law.

- C. The Subrecipient further covenants that no officer, director, employee, or agent may solicit or accept gratuities, favors, or anything of monetary value from any actual or potential subcontractor, supplier, a party to a sub agreement, (or persons who are otherwise in a position to benefit from the actions of any officer, employee, or agent).
- D. The Subrecipient may not subcontract with a former director, officer, or employee within a one year period following the termination of the relationship between said person and the Subrecipient.
- E. Prior to obtaining the County of Los Angeles' approval of any subcontract, the Subrecipient must disclose to the County of Los Angeles any relationship, financial or otherwise, direct or indirect, of the Subrecipient or any of its officers, directors or employees or their immediate family with the proposed subcontractor and its officers, directors or employees.
- F. For further clarification of the meaning of any of the terms used herein, the parties agree that references are made to the guidelines, rules, and laws of the County of Los Angeles, State of California, and Federal regulations regarding conflict of interest.
- G. The Subrecipient warrants that it has not paid or given and will not pay or give to any third person any money or other consideration for obtaining this Agreement.

- H. The Subrecipient covenants that no member, officer or employee of Subrecipient may have interest, direct or indirect, in any contract or subcontract or the proceeds thereof for work to be performed in connection with this project during his/her tenure as such employee, member or officer or for one year thereafter.
- I. The Subrecipient must incorporate the foregoing subsections of this Section into every agreement that it enters into in connection with this grant and must substitute the term "subcontractor" for the term "Subrecipient" and "sub subcontractor" for "Subcontractor".

§410. Restriction on Disclosures

Any reports, analyses, studies, drawings, information, or data generated as a result of this Agreement are to be governed by the California Public Records Act (California Government Code Sec. 6250 et seq.).

Recipients are encouraged to consider the need for language services for LEP persons served or encountered both in developing budgets and in conducting programs and activities. Recipient shall comply with DHS Guidance to Federal Financial Assistance Recipients Regarding Title VI Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons, 76 Fed. Reg. 21755-21768 (April 18, 2011), resulting from Executive Order 13166. SUBJECT: NOTIFICATION OF SUBGRANTEE AWARD APPROVAL
FY 2014 Homeland Security Grant Program (HSGP)
Grant # 2014-00093 Cal OES ID# 037-00000
Subgrantee Performance Period: September 1, 2014 to May 31, 2016

Dear Mr. Fujioka:

The California Governor's Office of Emergency Services (Cal OES) has approved your FY14 Homeland Security Grant Program (HSGP) award in the amount of \$10,286,069. Once your completed application is received and approved, you may request reimbursement of eligible grant expenditures using the Cal OES Financial Management Forms Workbook available at www.caloes.ca.gov.

During the review process, a Cal OES representative examined and evaluated your FY14 HSGP grant application. As a result of this review, some of your funded projects may have been assigned performance milestones shorter than the subgrantee performance period, based in part on information provided in your application and submitted workbook. Performance milestones will be used by Cal OES to both determine the appropriate date to disencumber funds awarded under this grant and re-direct them to other needs across the State and as indicators of performance and grant management capacity in future competitive grant applications.

Activities:	Amount	Completion Date
All Projects	\$5,000,000	August 31, 2015

All activities funded with this award must be completed within the subgrantee performance period. Additionally, all Aviation/Watercraft requests, Establish/Enhance Emergency Operations Center (EOC) projects, projects requiring EHP review and sole source procurement requests will require additional approvals from Cal OES. Subgrantees must obtain written approval for these activities **prior** to incurring any costs, in order to be reimbursed for any related costs under this grant.

Mr. William T. Fujioka

Page 2 of 2

Subgrantees are required to obtain a performance bond for any equipment item over \$250,000, or any vehicle, aviation, or watercraft (regardless of the cost) financed with homeland security dollars. Please submit performance bonds to your Program Representative.

Following acceptance of this award, you must enter your grant information into the U.S. Office of Grants and Training, Grant Reporting Tool (GRT), for the December 2014 Biannual Strategy Implementation Report (BSIR) period, online at www.reporting.odp.dhs.gov. Semi-annual performance reports must be prepared and submitted to Cal OES via the GRT for the duration of the grant period, or until all activities are completed and the grant is formally closed. Failure to submit performance reports could result in grant reduction, suspension, or termination.

This grant is subject to all policies and provisions of the Federal Single Audit Act of 1984 and the Single Audit Act Amendments of 1996. Any funds received in excess of current needs, approved amounts, or those found owed as a result of a final review or audit, must be refunded to the State within 30 days upon receipt of an invoice from Cal OES.

Your dated signature is required on this letter. Please sign and return the original to your Cal OES Program Representative within ten days of receipt and keep a copy for your files. For further assistance, please feel free to contact your Cal OES Program Representative or the Homeland Security Grants Unit at (916) 845-8186.

Sincerely,

Appendix C – Funding Guidelines

Grantees must comply with all the requirements in 44 CFR Part §13 and 2 CFR Part §215.

In general, grantees should consult with their FEMA Headquarters Program Analyst prior to making any Investment that does not clearly meet the allowable expense criteria established by the FOA. Funding guidelines established within this section support the five mission areas—Prevention, Protection, Mitigation, Response, and Recovery—and associated core capabilities within the NPG.

Management and Administration (SHSP, UASI, and OPSG)

Management and administration (M&A) activities are those defined directly relating to the management and administration of HSGP funds, such as financial management and monitoring. The amount of M&A is specified in each year's FOA. For additional information on SHSP and UASI M&A, refer to IB 365. For additional clarification on OPSG M&A, refer to IB 378. Both IBs can be found at <http://www.fema.gov/grants/grant-programs-directorate-information-bulletins>.

Allowable Investments made in support of the HSGP priorities as well as other capability-enhancing projects must fall into the categories of planning, organization, exercises, training, or equipment.

Indirect Cost Rate

Indirect costs are allowable only if the applicant has an approved indirect cost rate with the cognizant Federal agency. A copy of the approved rate (a fully executed, agreement negotiated with the applicant's cognizant Federal agency) is required at the time of application. Indirect costs will be evaluated as part of the application for Federal funds to determine if allowable and reasonable.

Planning (SHSP, UASI, and OPSG)

SHSP and UASI funds may be used for a range of emergency preparedness and management planning activities and that support Performance Objectives such as THIRA, SPR and Planning, by placing an emphasis on updating and maintaining a current EOP that conforms to the guidelines outlined in CPG 101 v.2. Development and maintenance of a THIRA must align to CPG 201. Planning must include participation from all stakeholders in the community who are able to contribute critical perspectives and may have a role in executing the plan. Planning should be flexible enough to address incidents of varying types and magnitudes.

Grantees must use the *CPG 101 v.2: Developing and Maintaining Emergency Operations Plans* in order to develop robust and effective plans. For additional information, please see http://www.fema.gov/pdf/about/divisions/npd/CPG_101_V2.pdf.

Organization (SHSP and UASI Only)

Organizational activities include:

- Program management;
- Development of whole community partnerships, through groups such as Citizen Corp Councils;
- Structures and mechanisms for information sharing between the public and private sector;
- Tools, resources and activities that facilitate shared situational awareness between the public and private sectors;
- Operational Support;
- Utilization of standardized resource management concepts such as typing, inventorying, organizing, and tracking to facilitate the dispatch, deployment, and recovery of resources before, during, and after an incident;
- Responding to an increase in the threat level under the National Terrorism Advisory System (NTAS), or needs in resulting from a National Special Security Event; and
- Paying salaries and benefits for personnel to serve as qualified intelligence analysts.

States and Urban Areas must justify proposed expenditures of SHSP or UASI funds to support organization activities within their IJ submission by using historical data or other analysis. All States are allowed to utilize up to 50 percent (50%) of their SHSP funding and all Urban Areas are allowed up to 50 percent (50%) of their UASI funding for personnel costs. At the request of a recipient of a grant, the Administrator may grant a waiver of the 50 percent (50%) limitation noted above. Organizational activities under SHSP and UASI include:

- **Intelligence analysts.** Per the *Personnel Reimbursement for Intelligence Cooperation and Enhancement (PRICE) of Homeland Security Act* (Public Law 110-412), SHSP and UASI funds may be used to hire new staff and/or contractor positions to serve as intelligence analysts to enable information/intelligence sharing capabilities, as well as support existing intelligence analysts previously covered by SHSP or UASI funding. In order to be hired as an intelligence analyst, staff and/or contractor personnel must meet at least one of the following criteria:
 - Successfully complete training to ensure baseline proficiency in intelligence analysis and production within six months of being hired; and/or,
 - Previously served as an intelligence analyst for a minimum of two years either in a Federal intelligence agency, the military, or State and/or local law enforcement intelligence unit

As identified in the *Maturation and Enhancement of State and Major Urban Area Fusion Centers* priority, all fusion centers analytic personnel must demonstrate qualifications that meet or exceed competencies identified in the *Common Competencies for State,*

Local, and Tribal Intelligence Analysts, which outlines the minimum categories of training needed for intelligence analysts. A certificate of completion of such training must be on file with the SAA and must be made available to FEMA Program Analysts upon request. In addition to these training requirements, fusion centers should also continue to mature their analytic capabilities by addressing shortfalls in analytic capability identified during the fusion center's annual assessment.

- **Overtime costs.** Overtime costs are allowable for personnel to participate in information, investigative, and intelligence sharing activities specifically related to homeland security and specifically requested by a Federal agency. Allowable costs are limited to overtime associated with federally requested participation in eligible fusion activities including anti-terrorism task forces, Joint Terrorism Task Forces (JTTFs), Area Maritime Security Committees (as required by the *Maritime Transportation Security Act of 2002*), DHS Border Enforcement Security Task Forces, and Integrated Border Enforcement Teams. Grant funding can only be used in proportion to the Federal man-hour estimate, and only after funding for these activities from other Federal sources (i.e., FBI JTTF payments to State and local agencies) has been exhausted. Under no circumstances should DHS grant funding be used to pay for costs already supported by funding from another Federal source.
- **Operational overtime costs.** In support of efforts to enhance capabilities for detecting, deterring, disrupting, and preventing acts of terrorism, operational overtime costs are allowable for increased security measures at critical infrastructure sites. SHSP or UASI funds for organizational costs may be used to support select operational expenses associated with increased security measures at critical infrastructure sites in the following authorized categories:
 - Backfill and overtime expenses for staffing State or Major Urban Area fusion centers;
 - Hiring of contracted security for critical infrastructure sites;
 - Participation in Regional Resiliency Assessment Program (RRAP) activities;
 - Public safety overtime;
 - Title 32 or State Active Duty National Guard deployments to protect critical infrastructure sites, including all resources that are part of the standard National Guard deployment package (Note: Consumable costs, such as fuel expenses, are not allowed except as part of the standard National Guard deployment package); and
 - Increased border security activities in coordination with CBP, as outlined in IB 135.

SHSP or UASI funds may only be spent for operational overtime costs upon prior approval provided in writing by the FEMA Administrator.

Note: States with UASI jurisdictions can use funds retained at the State level to reimburse eligible operational overtime expenses incurred by the State (per the above

guidance limitations and up to a maximum of 50 percent (50%) of the State share of the UASI grant). Any UASI funds retained by the State must be used in **direct** support of the Urban Area. States must provide documentation to the UAWG and FEMA upon request demonstrating how any UASI funds retained by the State would directly support the Urban Area.

Equipment (SHSP and UASI)

The 21 allowable prevention, protection, mitigation, response, and recovery equipment categories and equipment standards for HSGP are listed on the web-based version of the Authorized Equipment List (AEL) on the Responder Knowledge Base (RKB), at <https://www.rkb.us>. Unless otherwise stated, equipment must meet all mandatory regulatory and/or DHS-adopted standards to be eligible for purchase using these funds. In addition, agencies will be responsible for obtaining and maintaining all necessary certifications and licenses for the requested equipment.

Grantees (including sub-grantees) that are using HSGP funds for emergency communications equipment should comply with the *FY 2013 SAFECOM Guidance for Emergency Communication Grants*, including provisions on technical standards that ensure and enhance interoperable communications. *SAFECOM Guidance* can be found at <http://www.safecomprogram.gov/grant/Default.aspx>. Grantees investing in broadband-related investments should review IB 386: Clarification on Use of DHS/FEMA Public Safety Grant Funds for Broadband-Related Expenditures and Investments, and consult their FEMA Headquarters Program Analyst on such Investments before developing applications. Relocating existing systems operating in the T-Band is also allowable.

Grant funds may be used for the procurement of medical countermeasures. Procurement of medical countermeasures must be conducted in collaboration with State/city/local health departments who administer Federal funds from HHS for this purpose. Procurement must have a sound threat based justification with an aim to reduce the consequences of mass casualty incidents during the first crucial hours of a response. Prior to procuring pharmaceuticals, grantees must have in place an inventory management plan to avoid large periodic variations in supplies due to coinciding purchase and expiration dates. Grantees are encouraged to enter into rotational procurement agreements with vendors and distributors. Purchases of pharmaceuticals must include a budget for the disposal of expired drugs within each fiscal year's the period of performance for HSGP. The cost of disposal cannot be carried over to another FEMA grant or grant period.

Training (SHSP and UASI)

States, territories, and Urban Areas may use HSGP funds to develop and/or maintain a homeland security training program. Allowable training-related costs under HSGP include the establishment, support, conduct, and attendance of training specifically identified under the SHSP and UASI programs and/or in conjunction with emergency preparedness training by other Federal agencies (e.g., HHS and DOT). Training conducted using HSGP funds should address a performance shortfall identified through

an After Action Report/Improvement Plan (AAR/IP) or other assessments (e.g., National Emergency Communications Plan [NECP] Goal Assessments) and contribute to building a capability that will be evaluated through a formal exercise. Exercises should be used to provide the opportunity to demonstrate and validate skills learned in training, as well as to identify training shortfalls. Any training or training shortfalls, including those for vulnerable populations including children, the elderly, pregnant women, and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the State or Urban Area training cycle. All training and exercises conducted with HSGP funds should support the development and testing of the jurisdiction's Emergency Operations Plan (EOP) components or specific annexes, and validation of completed corrective actions from previous exercises or real world events, where applicable. Grantees are encouraged to use existing training rather than developing new courses. When developing new courses, grantees are encouraged to apply the Analysis Design Development and Implementation Evaluation (ADDIE) model of instruction design (<https://www.firstrespondertraining.gov>).

Exercises (SHSP and UASI)

Exercises conducted with FEMA support should be managed and executed in accordance with HSEEP. HSEEP Guidance for exercise design, development, conduct, evaluation, and improvement planning is located at <https://hseep.dhs.gov>.

All capabilities exercised using HSGP funding must be NIMS compliant. More information is available online at the NIC at <http://www.fema.gov/emergency/nims/index.shtm>.

All States and Urban Areas are required to conduct a Training and Exercise Planning Workshop (TEPW) and develop and/or update a Multi-Year Training and Exercise Plan (TEP) on an annual basis. This plan should be informed by the principles and tenants of the National Exercise Program (NEP). Such plans should take into consideration anticipated training and exercise needs of the respective jurisdiction for at least the immediate year, with exercises being targeted to provide responders the opportunity to utilize training received. The plan should include a training and exercise schedule along with the States' and Urban Areas' priority capabilities to assist in focusing the allocation of available exercise resources. This Plan is to be submitted to the State's respective Exercise Program point of contact. The State Exercise Program point of contact should submit a copy of the Plan to hseep@dhs.gov. All scheduled training and exercises included in the Plan should be entered in the HSEEP National Exercise Schedule (NEXS) System, located in the HSEEP Toolkit on the HSEEP website. A TEPW user guide and a template of the Multi-Year Training and Exercise Plan can be found on the HSEEP website at <https://hseep.dhs.gov>. States and Urban Areas are also encouraged to participate in their respective FEMA Regional Training and Exercise Workshop (conducted annually) and coordinate/integrate CDC PHEP, ASPR HPP, State and Urban Area exercise initiatives accordingly.

Other Federally funded preparedness programs have similar exercise and training requirements. Exercise and training activities should be coordinated across the

jurisdiction(s) to the maximum extent possible to include the Whole Community and to foster better coordination working relationships across the enterprise.

Grantees must develop AAR/IPs following the completion of exercises funded under this program; the use of HSEEP is strongly encouraged. AAR/IPs are to be submitted to hseep@dhs.gov. Please ensure the documents are encrypted (password-protected) and the password is also sent to hseep@dhs.gov via a separate email.

Maintenance and Sustainment (SHSP, UASI, and OPSG)

The use of FEMA preparedness grant funds for maintenance contracts, warranties, repair or replacement costs, upgrades, and user fees are allowable under all active and future grant awards, unless otherwise noted. With the exception of maintenance plans purchased incidental to the original purchase of the equipment, the period covered by a maintenance or warranty plan must not exceed the period of performance of the specific grant funds used to purchase the plan or warranty.

Grant funds are intended to support the NPG by funding projects that build and sustain the core capabilities necessary to prevent, protect against, mitigate the effects of, respond to, and recover from those threats that pose the greatest risk to the security of the Nation. In order to provide grantees the ability to meet this objective, the policy set forth in GPD's IB 379 (Guidance to State Administrative Agencies to Expedite the Expenditure of Certain DHS/FEMA Grant Funding) allows for the expansion of eligible maintenance and sustainment costs which must be in 1) direct support of existing capabilities; (2) must be an otherwise allowable expenditure under the applicable grant program; (3) be tied to one of the core capabilities in the five mission areas contained within the National preparedness Goal, and (4) shareable through the Emergency Management Assistance Compact. Additionally, eligible costs must also be in support of equipment, training, and critical resources that have previously been purchased with either Federal grant or any other source of funding other than DHS/FEMA preparedness grant program dollars.

Law Enforcement Terrorism Prevention Allowable Costs (SHSP and UASI Only)

The following activities are eligible for use of LETPA focused funds:

- Maturation and enhancement of designated State and major Urban Area fusion centers, including information sharing and analysis, threat recognition, and terrorist interdiction, and training/ hiring of intelligence analysts;
- Implementation and maintenance of the Nationwide SAR Initiative (NSI), including training for front line personnel on identifying and reporting suspicious activities;
- Implementation of the "If You See Something, Say Something™" campaign to raise public awareness of indicators of terrorism and terrorism-related crime and associated efforts to increase the sharing of information with public and private sector partners, including nonprofit organizations. Note that DHS requires that the Office of Public Affairs be given the opportunity to review and approve any public awareness materials (e.g., videos, posters, tri-folds, etc.) developed using

HSGP grant funds for the “If You See Something, Say Something™” campaign to ensure these materials are consistent with the Department’s messaging and strategy for the campaign and the initiative’s trademark;

- Training for countering violent extremism; development, implementation, and/or expansion of programs to engage communities that may be targeted by violent extremist radicalization; and the development and implementation of projects to partner with local communities to prevent radicalization to violence, in accordance with the Strategic Implementation Plan (SIP) to the National Strategy on Empowering Local Partners to Prevent Violent Extremism in the United States; and
- Increase physical security, via law enforcement personnel and other protective measures by implementing preventive and protective measures related to at-risk nonprofit organizations.

For additional information, refer to the Building Law Enforcement Terrorism Prevention Capabilities priority within Appendix B – *Program Specific Priorities*.

Critical Emergency Supplies (SHSP and UASI Only)

In furtherance of DHS’s mission, critical emergency supplies, such as shelf stable food products, water, and basic medical supplies are an allowable expense under SHSP and UASI. Prior to allocating grant funding for stockpiling purposes, each State must have FEMA’s approval of a viable inventory management plan, an effective distribution strategy, sustainment costs for such an effort, and logistics expertise to avoid situations where funds are wasted because supplies are rendered ineffective due to lack of planning.

The inventory management plan and distribution strategy, to include sustainment costs, will be developed and monitored by FEMA GPD with the assistance of the FEMA Logistics Management Directorate (LMD). GPD will coordinate with LMD and the respective FEMA Region to provide program oversight and technical assistance as it relates to the purchase of critical emergency supplies under UASI. GPD and LMD will establish guidelines and requirements for the purchase of these supplies under UASI and monitor development and status of the State’s inventory management plan and distribution strategy.

States (through their Emergency Management Office) are strongly encouraged to consult with their respective FEMA Regional Logistics Chief regarding disaster logistics-related issues. States are further encouraged to share their FEMA approved plans with local jurisdictions and Tribes to meet minimum inventory management plan requirements when using FEMA grant funds.

Construction and Renovation (SHSP and UASI Only)

Project construction using SHSP and UASI funds may not exceed the greater of \$1,000,000 or 15 percent (15%) of the grant award. For the purposes of the limitations on funding levels, communications towers are not considered construction.

Written approval must be provided by FEMA prior to the use of any HSGP funds for construction or renovation. When applying for construction funds, including communications towers, at the time of application, grantees must submit evidence of approved zoning ordinances, architectural plans, any other locally required planning permits, and a notice of Federal interest. Additionally, grantees are required to submit a SF-424C Budget and Budget detail citing the project costs.

When applying for funds to construct communication towers, grantees and sub-grantees must submit evidence that the FCC's Section 106 review process has been completed and submit all documentation resulting from that review to GPD using the guidelines in EHP Supplement prior to submitting materials for EHP review. Grantees and sub-grantees are also encouraged to have completed as many steps as possible for a successful EHP review in support of their proposal for funding (e.g., coordination with their State Historic Preservation Office to identify potential historic preservation issues and to discuss the potential for project effects; compliance with all state and EHP laws and requirements). Projects for which the grantee believes an Environmental Assessment (EA) may be needed, as defined in 44 CFR 10.8 and 10.9, must also be identified to the FEMA Program Analyst within six months of the award. Completed EHP review materials for construction and communication tower projects must be submitted no later than 12 months before the end of the period of performance. EHP review materials should be sent to gpdehpinfo@fema.gov.

HSGP Program grantees using funds for construction projects must comply with the *Davis-Bacon Act* (40 U.S.C. 3141 *et seq.*). Grant recipients must ensure that their contractors or subcontractors for construction projects pay workers employed directly at the work-site no less than the prevailing wages and fringe benefits paid on projects of a similar character. Additional information, including Department of Labor (DOL) wage determinations, is available from the following website <http://www.dol.gov/compliance/laws/comp-dbra.htm>.

OPSG funds may not be used for any type of construction.

Personnel (SHSP and UASI)

Personnel hiring, overtime, and backfill expenses are permitted under this grant in order to perform allowable HSGP planning, training, exercise, and equipment activities. Personnel may include but is not limited to: training and exercise coordinators, program managers for activities directly associated with SHSP and UASI funded activities, intelligence analysts, and statewide interoperability coordinators (SWIC). A personnel cost cap of up to 50 percent (50%) of total SHSP and UASI program funds may be used for personnel and personnel-related activities. Grantees who wish to seek a waiver from the personnel cost cap must provide documentation explaining why the cap should be waived; waiver requests will be considered only under extreme circumstances. In general, the use of SHSP and UASI funding to pay for staff and/or contractor regular time or overtime/backfill is considered a personnel cost.

For further details, SAAs should refer to IB 358 or contact their FEMA Headquarters Program Analyst.

HSGP funds may not be used to support the hiring of any personnel for the purposes of fulfilling traditional public health and safety duties or to supplant traditional public health and safety positions and responsibilities.

Definitions for hiring, overtime, backfill-related overtime, and supplanting remain unchanged from FY 2012 HSGP.

Operational Packages (OPacks) (SHSP and UASI)

Applicants may elect to pursue operational package (OPack) funding, such as Canine Teams, Mobile Explosive Screening Teams, and Anti-Terrorism Teams, for new capabilities as well as sustain existing OPacks. Applicants must commit to minimum training standards to be set by the Department for all Federally funded security positions. Applicants must also ensure that the capabilities are able to be deployable, through EMAC, outside of their community to support regional and national efforts. When requesting OPacks-related projects, applicants must demonstrate the need for developing a new capability at the expense of sustaining existing core capability.

Applicants are reminded that personnel-related activities associated with OPacks will be subject to the PRICE Act requirements in which all States are allowed to utilize up to 50 percent (50%) of their SHSP funding and all Urban Areas are allowed up to 50 percent (50%) of their UASI funding for personnel costs.

Western Hemispheric Travel Initiative (SHSP)

In addition to the expenditures outlined above, SHSP funds may be used to support the implementation activities associated with the Western Hemisphere Travel Initiative (WHTI), including the issuance of WHTI-compliant tribal identification cards. More information on the WHTI may be found at http://www.dhs.gov/files/programs/gc_1200693579776.shtm or http://www.getyouhome.gov/html/eng_map.html.

Other Secure Identification Initiatives (SHSP)

SHSP funds may also be used to support the Department's additional efforts to enhance secure identification, including driver's license and identification security enhancements. Activities that facilitate secure identification, including IT enhancements for identification management and verification systems are a priority. DHS is currently developing and implementing a number of screening programs in which secure identification credentials figure prominently. These include the Transportation Worker Identification Credential (TWIC) program which promotes tamper-resistant biometric credentials for workers who require unescorted access to secure areas of ports, vessels, outer continental shelf facilities, and all credentialed merchant mariners; and the credentialing of first responders which entails enhancing real-time electronic authentication of identity and attribute(s) (qualification, certification, authorization, and/or privilege) of emergency response/critical government personnel responding to terrorist attacks or other catastrophic events.

If identified as a priority in the State THIRA, States may continue implementing activities previously funded through the Driver's License Security Grant Program (DLSGP) that focus on securing driver's license and identification card issuance processes. Initiatives related to securing identification should:

- Have the greatest impact upon reducing the issuance and use of fraudulent driver's license and identification cards;
- Reduce the cost of program implementation for individuals, States, and the Federal government;
- Driver's license identification material requirements;
- Expedite State progress toward meeting minimum security standards; and
- Plan and expedite State-specific activities to support Federal data and document verification requirements and standards.

Operations (OPSG)

The intent of OPSG is to focus on operational aspects of enhancing coordination between Federal, State, local, tribal, and territorial law enforcement agencies to increase the security of the United States borders. While equipment is an allowable expense, OPSG is not intended to be an equipment-centric grant.

- *Operational Overtime.* Operational overtime costs associated with law enforcement activities, in support of border law enforcement agencies for increased border security enhancement. Per the *PRICE of Homeland Security Act* (Public Law 110-412), all grantees are allowed to utilize up to 50 percent (50%) of their OPSG funding for personnel related costs, which include overtime activities. At the request of a grant recipient, the FEMA Administrator may waive the 50 percent (50%) personnel cap. Waiver decisions are at the discretion of the FEMA Administrator and will be considered on a case-by-case basis. A formal OPSG personnel waiver request should:
 - Be requested on official letterhead, include a written justification, and be signed by the authorized representative of the SAA;
 - Include a budget and method of calculation of personnel costs both in percentage of the grant award and in total dollar amount. To avoid supplanting issues, the request must also include a three-year staffing history for the requesting entity;
 - Include an approved Operations Order from the CBP/BP Sector office which supports the SAA's written justification;
 - Be coordinated with the CBP Sector and OBP; and
 - Be forwarded electronically by the SAA to FEMA GPD Program Analyst.
- *Part Time Personnel.* OPSG funds may be used to pay additional current part time law enforcement personnel salaries in order to bring them to temporary full time status.
- *Travel, Per Diem, and Lodging.* Travel and per diem include costs associated with the deployment/redeployment of personnel to border areas and for travel associated with law enforcement entities assisting other local jurisdictions in law enforcement activities. In addition, costs to support up to six month deployment

of law enforcement personnel to critical Southwest Border locations to support operational activities (travel costs must be in accordance with applicable travel regulations).

- *Vehicle and Equipment Rentals*
- *Vehicle/Equipment Maintenance*
- *Fuel Cost and/or Mileage Reimbursement.* There is no cap for reimbursement of operational activities.
- *Activate Reserve State, local, tribal, and territorial law enforcement personnel.* Supporting a request to the Governor to activate, deploy, or redeploy specialized National Guard Units/Package and/or elements of State law enforcement to increase or augment specialized/technical law enforcement elements operational activities.
- *Backfill.* Costs associated with backfill for personnel supporting operational activities.
- *Law Enforcement Readiness.* Use of OPSG funds may be used to increase operational, material, and technological readiness of State, local, tribal, and territorial law enforcement agencies.

Unallowable Costs (OPSG)

OPSG unallowable costs include costs associated with staffing and general IT computing equipment and hardware, such as personal computers, faxes, copy machines, modems, etc. OPSG is not intended as a hiring program. Therefore, applying funds toward hiring full-time or permanent sworn public safety officers is unallowable. OPSG funding shall not be used to supplant inherent routine patrols and law enforcement operations or activities not directly related to providing enhanced coordination between local and Federal law enforcement agencies. Finally, construction and/or renovation costs are prohibited under OPSG. Applicants should refer to IB 358 or contact their FEMA Headquarters Program Analyst at (800) 368-6498 for guidance and clarification.

- Continuity of Operations / Continuity of Government Planning (COOP/COG) Grant Funding Opportunity

COOP/COG planning is the fundamental responsibility of every government agency that performs an essential function at the State and local level. In order to conduct necessary emergency operations, recovery actions, and other key essential functions during a large-scale or catastrophic event, the agency must have effective Continuity plans in place to support continued operations. Continuity efforts also provide the foundational basis for COG programs, such as succession planning, which are designed to ensure the survival of not only leadership at the State and local level, but also an enduring constitutional government. State and local plans to address COOP/COG issues should be consistent with the Nations Continuity Policy described in Homeland Security Presidential Directive 20 (HSPD-20); the National Continuity Policy Implementation Plan (NCP/IP); and Continuity Guidance Circular's 1 (CGC 1) and 2 (CGC 2), which provides guidance for State, local, territorial, and tribal governments, and private sector organizations in developing robust Continuity plans and programs in support of a comprehensive and integrated national continuity capability. Continuity issues to address include, but are not limited to:

- Determine essential functions and activities, interdependencies, and resources needed to perform them
- Establish orders of succession and delegations of authority to key agency positions and establish and maintain current roster(s) of fully equipped and trained COOP personnel with the authority to perform essential functions
- Provide for the identification and preparation of alternate operating facilities for relocated operations
- Provide for the regular training, testing, and exercising of COOP personnel, systems, and facilities
- Provide for reconstitution of agency capabilities, and transition from continuity operations to normal operations

Training Information

Training Information Reporting System (“Web-Forms”). Web-Forms is an electronic form/data management system built to assist the SAA and its designated State/territory Training Point of Contact (TPOC) with the reporting of State and Federal sponsored training supported by HSGP funds. Web-Forms can be accessed through the FEMA Toolkit located at <http://www.firstrespondertraining.gov/admin>.

FEMA resources include a number of different training sources:

- *FEMA Provided Training.* These programs or courses are developed for and delivered by institutions and organizations funded by FEMA. This includes the Center for Domestic Preparedness (CDP), the Emergency Management Institute (EMI) and the National Training and Education Division (NTED) training partner programs including, the Competitive and Continuing Training Grant programs, the National Domestic Preparedness Consortium (NDPC) and the Rural Domestic Preparedness Consortium (RDPC).
- *Training Not Provided by FEMA.* These courses are either State sponsored or Federal sponsored, coordinated and approved by the SAA or their designated TPOC, and fall within the FEMA mission scope to prepare State, local, tribal, and territorial personnel to prevent, protect against, mitigate, respond to, and recover from acts of terrorism or catastrophic events.
- *State Sponsored Courses.* These courses are developed for and/or delivered by institutions or organizations other than Federal entities or FEMA and are sponsored by the SAA or their designated TPOC.
- *Federal Sponsored Courses.* This catalog lists courses developed for and/or delivered by institutions funded by Federal entities other than FEMA. These courses are listed at <http://www.firstrespondertraining.gov>.
- *Approved State and Federal Sponsored Course Catalog.* This catalog lists State and Federal sponsored courses that fall within the FEMA mission scope, and have been approved through the FEMA course review and approval process. An updated version of this catalog can be accessed at <http://www.firstrespondertraining.gov>.

- Additionally the new National Preparedness Directorate (NPD) Online Course Catalog (OCC) allows access to courses delivered by the CDP, EMI, and NTED. It can be accessed at <http://training.fema.gov/occ/>.
- *Joint Training and Exercises with the Public and Private Sectors*. These courses are sponsored and coordinated by private sector entities to enhance public-private partnerships for training personnel to prevent, protect against, mitigate, respond to, and recover from acts of terrorism or catastrophic events.

Each FEMA training partner should contact the SAA or designated TPOC for locations within the State that are appropriate for the training. When the direct delivery funds are exhausted, the training partner can continue to offer the classes to the States through the Excess Delivery Acquisition Program (EDAP).

EDAP allows an NTED training partner to charge for a course delivery when the Federal grant that developed the program is completed or more deliveries of a requested class are needed than the grant funds can accommodate. The cost per class is approved by FEMA so that States pay for the cost of instruction only, not the curriculum development costs that were paid by FEMA training grant funds. HSGP funds can be used to pay for the delivery of these classes within a State at the request of the SAA/TPOC.

Attending Training Not Provided by FEMA (State and Federal Sponsored Courses). States, territories, and Urban Areas are not required to request approval from FEMA for personnel to attend training not provided by FEMA (State or Federal sponsored courses) provided that the training is coordinated with and approved by the SAA or TPOC and falls within the FEMA mission scope and the jurisdiction's EOP and strategy of preparing State, local, tribal, and territorial personnel or citizens to prevent, protect against, mitigate, respond to, and recover from acts of terrorism or catastrophic events.

FEMA will conduct periodic reviews of all State, territory, and Urban Area training funded by FEMA. These reviews may include requests for all course materials and physical observation of, or participation in, the funded training. If these reviews determine that courses are outside the scope of this guidance, grantees will be asked to repay grant funds expended in support of those efforts.

State and Federal-Sponsored Course Catalog. Courses approved through NTED will be added to the approved State and Federal Sponsored Course Catalog. Courses identified within this catalog may be attended on an unlimited basis within any State/territory as long as the training is coordinated and approved by the SAA/TPOC. A full description of the NTED Course Development, Review, and Approval Process, as well as the approved course catalog, can be found at http://www.firstrespondertraining.gov/odp_webforms. NTED will respond to the initial request for review within 15 days with one of the following outcomes:

- Course concept is approved as consistent with the State plan and the State should submit the full course package for subject matter expert review and comment or
- Course concept is disapproved as inconsistent with State plan, FEMA guidance, or is exactly the same as another course in the catalog (no need for another approval, refer to the curriculum already developed and approved).

At any time, the SAA/TPOC (for State sponsored courses) or the Federal agency POC (for Federal sponsored courses) may request the addition of a course to the corresponding approved catalog by submitting the associated Web-Form (i.e., Request for Addition to the Approved State-Sponsored Catalog) for review. If a class on the same subject is already in the catalog, the submitting State should provide documentation as to why the course is unique, after contacting the owner(s) of the other courses to review the curriculum. This step is required to avoid unnecessary duplication of similar courses in the catalog, allow States to share course development costs, permit all States to have access to new or unique courses developed by other providers, and allow States to direct their training dollars to delivery rather than development. If it is determined that the proposed course meets the above listed criteria, the providing entity (SAA/TPOC or Federal Agency POC) will be invited to submit the Course Review and Approval Request Form along with all supporting training materials.

States, territories, and Urban Areas are no longer required to submit non-FEMA approved courses to NTED for review under the current course review and approval process. In previous years, FEMA funding guidance and / or funding opportunity announcements identified that the SAA/TPOC was allowed three deliveries of the same course within a State/territory before a non-FEMA approved training course was required to go through the NTED State course review and approval process. Although the current State course review and approval process is still available to any State, there is no longer a requirement to submit a course for review after three deliveries.

For further information on developing courses using the instructional design methodology and tools that can facilitate the process, SAAs and TPOCs are encouraged to review the NTED Responder Training Development Center (RTDC) available at <http://www.firstrespondertraining.gov/rtdc/state/>.

FEMA funds must be used to supplement, not supplant, existing funds that have been appropriated for the same purpose.

States and territories are required to conduct a Training and Exercise Plan Workshop to identify and set training and exercise program priorities and develop a multi-year schedule of exercise events and supporting training activities to meet priorities. A Multi-year Training and Exercise Plan will developed following the Training and Exercise Plan Workshop to include training and exercise priorities identified by elected and appointed officials and whole community stakeholders. Further guidance concerning the Multi-year Training and Exercise Plan can be found in the Exercises section.

Joint Training and Exercises with the Public and Private Sectors. Trainings and exercises designed to enhance private sector and public sector coordination are allowable. Overtime pay for first responders and emergency managers who participate in public-private training and exercises is allowable. In addition, States, territories, Tribes, and local units of government are encouraged to incorporate the private sector in government-sponsored training and exercises.

Training and exercises for the public or civilian volunteer programs supporting first responders, including CERT, before, during and after disasters should address the needs of the Whole Community. Allowable training includes: all-hazards safety such as emergency preparedness, basic first aid, lifesaving skills, crime prevention and terrorism awareness, school preparedness, youth preparedness, public health issues, mitigation/property damage prevention, safety in the home, light search and rescue skills, principles of NIMS/ICS, volunteer management, serving and integrating people with disabilities, pet care preparedness, training necessary to participate in volunteer activities, fulfill surge capacity roles, integration and coordination of faith community roles, communication in disaster or promotes individual, family, or whole community safety and preparedness. Exercises that include members of the public or that are conducted for the public should be coordinated with local CERT and Citizen Corps Councils as well as organizations outside of emergency management and focus on the importance of personal preparedness and protective actions.

Allowable Training Costs

Allowable training-related costs include, but are not limited to, the following:

- *Developing, Delivering, and Evaluating Training.* Includes costs related to administering the training, planning, scheduling, facilities, materials and supplies, reproduction of materials, disability accommodations, and equipment. Training should provide the opportunity to demonstrate and validate skills learned, as well as to identify any shortfalls in these skills. Any training shortfalls, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the training cycle. Expenditures to provide necessary non-structural accommodations for persons with disabilities and other access and functional needs is allowable (e.g., sign language interpreters, Communication Access Real-time Translation [CART] and other modifications of policies and practices to fully include participants with disabilities). Stakeholders are also encouraged to leverage existing training provided via educational/professional facilities and to incorporate non-traditional methodologies such as the internet, distance learning, or home study whenever such delivery supports training objectives. Pilot courses and innovative approaches to training citizens and instructors are encouraged.
- Training that promotes individual, family, or community safety and preparedness is encouraged, including: all-hazards safety training such as emergency preparedness, basic first aid, lifesaving skills, crime prevention and terrorism awareness, school preparedness, public health issues, mitigation/property

damage prevention, safety in the home, light search and rescue skills, principles of NIMS/ICS, volunteer management and volunteer activities, serving and integrating people with disabilities, pet care preparedness, CPR/AED training, identity theft workshops, terrorism awareness seminars, and disability-inclusive community preparedness conferences. The delivery of the CERT Basic Training Course and supplemental training for CERT members who have completed the basic training, the CERT Train-the-Trainer Course, and the CERT Program Manager Course are strongly encouraged.

- Conducting, hosting, or participating in training related to IED prevention, protection, mitigation, or response to include:
 - Awareness and education for the public, private sector and first responders;
 - Suspicious activity identification and reporting;
 - Management of bomb threats;
 - Physical protective measures;
 - Diversion control measures for dual-use explosive precursor chemicals;
 - Training for specialized IED prevention and protection teams or OPacks such as Public Safety Bomb Squads, Explosives Detection Canine Teams, and Mobile Explosive Device Screening Teams in accordance with applicable guidelines, certification, or accreditation requirements.
- *Overtime and Backfill.* The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of attendance at FEMA and/or approved training courses and programs, are allowable. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government and from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- *Travel.* Costs (e.g., airfare, mileage, per diem, hotel) are allowable as expenses by employees who are on travel status for official business related to approved training.
- *Hiring of Full or Part-Time Staff or Contractors/Consultants.* Payment of salaries and fringe benefits to full or part-time staff or contractors/consultants must be in accordance with the policies of the State or unit(s) of local government and have the approval of the State or awarding agency, whichever is applicable. Such costs must be included within the funding allowed for program management personnel expenses. In no case is dual compensation allowable.
- *Certification/Recertification of Instructors.* States are encouraged to follow the NTE Instructor Quality Assurance Program to ensure a minimum level of competency and corresponding levels of evaluation of student learning. This is particularly important for those courses that involve training of trainers. This information is contained in IB 193, issued October 20, 2005. Additional information can be obtained at http://www.fema.gov/good_guidance/download/10146.

Exercise Requirements

Training and Exercise Plan Workshop. States and Urban Areas are required to conduct an annual Training and Exercise Plan Workshop (TEPW). A Multi-year Training and Exercise Plan must be developed from the workshops on an annual basis and submitted to the State's respective Exercise Program Point of Contact. The State Exercise Program Point of Contact should submit a copy of the State and Urban Area plans to hseep@dhs.gov.

The Training and Exercise Plan will include the State's program priorities and a Multi-Year Training and Exercise Plan (schedule) that supports the identified priorities and aligned capabilities. In addition to submission of the Multi-Year Training and Exercise Plan to hseep@dhs.gov, all scheduled training and exercises should be entered in the HSEEP National Exercise Scheduling (NEXS) System, located in the HSEEP Toolkit on the HSEEP website <https://hseep.dhs.gov>. A TEPW user guides and a template of the Multi-Year Training and Exercise Plan can be found on the HSEEP website <https://hseep.dhs.gov>.

States must complete a cycle of progressive exercise activities during the period of this grant. Exercises conducted by States and Urban Areas may be used to fulfill similar exercise requirements required by other grant programs. For example, HHS preparedness programs require joint exercises between public health departments, the health care sector and medical countermeasure authorities including law enforcement which could provide collaborative opportunities. To this end, grantees are encouraged to invite representatives/planners involved with other federally-mandated or private exercise activities. States and Urban Areas are encouraged to share, at a minimum, the multi-year training and exercise schedule with those departments, agencies, and organizations included in the plan.

- *Exercise Scenarios.* The scenarios used in HSGP-funded exercises must be based on the State/Urban Area's THIRA. The scenarios used in HSGP-funded exercises must focus on testing capabilities, must be large enough in scope and size to exercise multiple activities and warrant involvement from multiple jurisdictions and disciplines and non-governmental organizations, and take into account the needs and requirements for individuals with disabilities. Exercise scenarios should align with priorities and capabilities identified in the Multi-year Training and Exercise Plan.
- *Special Event Planning.* If a State or Urban Area will be hosting a special event (e.g., Super Bowl, G-8 Summit), the special event planning should be considered as a training or exercise activity for the purpose of the Multi-Year Training and Exercise Plan. The State or Urban Area should plan to use SHSP or UASI funding to finance training and exercise activities in preparation for those events. States and Urban Areas should also consider exercises at major venues (e.g., arenas, convention centers) that focus on evacuations, communications, and command and control. States should also anticipate participating in at least one Regional Exercise annually. States must include all confirmed or planned special events in the Multi-year Training and Exercise Plan.

- *Exercise Evaluation and Improvement.* Exercises should evaluate performance of capabilities against the level of capabilities required. Guidance related to exercise evaluation and improvement planning is defined in the HSEEP located at <https://hseep.dhs.gov>.
- *Self-Sustaining Exercise Programs.* States are expected to develop a self-sustaining exercise program. A self-sustaining exercise program is one that is successfully able to implement, maintain, and oversee the Multi-year Training and Exercise Plan, including the development and delivery of HSGP-funded exercises. The program must utilize a multi-disciplinary approach to the development and delivery of exercises, and build upon existing plans, training, and equipment.
- *Role of Non-Governmental Entities in Exercises.* Non-governmental participation in all levels of exercises is strongly encouraged. Leaders from non-governmental entities should be included in the planning, conduct, and evaluation of an exercise. State, local, tribal, and territorial jurisdictions are encouraged to develop exercises that test the integration and use of non-governmental resources provided by non-governmental entities, defined as the private sector and private non-profit, faith-based, community, disability, volunteer, and other non-governmental organizations. Non-governmental participation in exercises should be coordinated with the local Citizen Corps Council(s) or their equivalent and other partner agencies. The scenarios used in HSGP-funded exercises must focus on validating existing capabilities, must comply with and be large enough in scope and size to exercise multiple activities and warrant involvement from multiple jurisdictions and disciplines and non-governmental organizations, and take into account the needs and requirements for individuals with disabilities.

Allowable Exercise Costs

Allowable exercise-related costs include:

- *Funds Used to Design, Develop, Conduct, and Evaluate an Exercise.* Includes costs related to planning, meeting space and other meeting costs, facilitation costs, materials and supplies, travel, and documentation. Grantees are encouraged to use government or free public space/locations/facilities, whenever available, prior to the rental of space/locations/facilities. Exercises should provide the opportunity to demonstrate and validate skills learned, as well as to identify any shortfalls in these skills. Any exercise or exercise shortfalls, including those for children and individuals with disabilities or access and functional needs, should be identified in the AAR/IP and addressed in the exercise cycle.
- Full or part-time staff may be hired to support exercise-related activities. Such costs must be included within the funding allowed for program management personnel expenses.
- The applicant's formal written procurement policy or 44 CFR 13.36– whichever is more stringent – must be followed.

- *Overtime and Backfill.* The entire amount of overtime costs, including payments related to backfilling personnel, which are the direct result of time spent on the design, development, and conduct of exercises are allowable expenses. These costs are allowed only to the extent the payment for such services is in accordance with the policies of the State or unit(s) of local government and has the approval of the State or the awarding agency, whichever is applicable. In no case is dual compensation allowable. That is, an employee of a unit of government may not receive compensation from their unit or agency of government AND from an award for a single period of time (e.g., 1:00 p.m. to 5:00 p.m.), even though such work may benefit both activities.
- *Travel.* Travel costs are allowable as expenses by employees who are on travel status for official business related to the planning and conduct of exercise project(s) or HSEEP programmatic requirements as described in the HSEEP (e.g., Training and Exercise Plan).
- *Supplies.* Supplies are items that are expended or consumed during the course of the planning and conduct of the exercise project(s) (e.g., gloves, non-sterile masks, and disposable protective equipment).
- *Disability Accommodations.* Materials, services, tools and equipment for exercising inclusive of people with disabilities (physical, programmatic and communications access for people with physical, sensory, mental health, intellectual and cognitive disabilities).
- *Other Items.* These costs include the rental of equipment and other expenses used specifically for exercises, costs associated with inclusive practices and the provision of reasonable accommodations and modifications to provide full access for children and adults with disabilities.

Unauthorized Exercise Costs

Unauthorized exercise-related costs include:

- Reimbursement for the maintenance and/or wear and tear costs of general use vehicles (e.g., construction vehicles), medical supplies, and emergency response apparatus (e.g., fire trucks, ambulances).
- Equipment that is purchased for permanent installation and/or use, beyond the scope of exercise conduct (e.g., electronic messaging signs).
