DEPARTMENT OF FINANCIAL MANAGEMENT

R-11

333 West Ocean Boulevard 6th Floor • Long Beach, CA 90802

September 11, 2012

HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Receive and file the Fiscal Year 2012 Third Quarter Budget Performance Report. (Citywide)

DISCUSSION

This report includes information on the City's Fiscal Year 2012 (FY 12) budget performance through June 30, 2012 for all funds, with particular emphasis on the General Fund.

Summary

The actions initiated by the City Manager at the end of the first quarter to close the projected \$11 million General Fund budget gap are working and no further action is proposed at this time.

As of the end of the second quarter, expenditures in all City funds are expected to end the year under budget. General Fund revenue, however, is projected to end the year at about \$397 million or 0.9 percent under budget. To close the mid-year shortfall as discussed in the first quarter report, the City Manager directed the implementation of a 1 percent savings target and recommended the use of one-time revenue of \$5 million from FY 11, which was reserved at year-end to address potential revenue shortfalls in FY 12. As a result of these actions, it is anticipated that the General Fund will end the fiscal year within budget.

FY 12 – All Funds

There are no significant spending or revenue concerns to report at this time. Please see Attachment A for a complete summary of expenditures by fund. Staff will update the City Council in the year-end budget performance report if any new problems have arisen. All discussion of General Fund changes is included in separate sections below.

HONORABLE MAYOR AND CITY COUNCIL

Page 2

FY 12 General Fund Revenue

As reported in the first quarter performance report, the General Fund revenues have declined or grown slower than expected since the budget was adopted. That trend has not reversed itself in the third quarter, but has not worsened either.

In addition to the causes of the revenue shortfall summarized in the second quarter performance report, this report demonstrates additional decline in prior-year property tax revenues, which had been stable until FY 12. Although we attempt to present the most accurate estimates possible based on available data, third quarter projections have often understated the year-end revenues realized by the City because of the unpredictable nature of those revenues coming in the fourth quarter.

A summary of the top 40 General Fund revenues is included in Attachment B. Attachment C provides a more detailed breakdown of General Fund revenue performance and variances by department. Explanation of departmental variances are provided in the footnotes to this attachment.

FY 12 General Fund Expenditures

As of June 30, 2012, all departments have estimated to end the year within appropriation. In comparison to the second quarter performance report, expense estimates have declined by approximately \$271,000 with various departments showing changes in both directions. This is not too surprising since typically, with three quarters of the year complete, a more accurate picture of year-end expenditures is available. Attachment D provides a summary of expenditures by department and footnote explanations of relevant changes.

FY 12 General Fund Budget To Be Balanced by Year-End

Year-to-date estimates, based on nine months of data, show General Fund expenses coming in less than one percent under budget. Financial Management does not anticipate any issues with expenditures ending the year within budgeted Citywide appropriation. As previously mentioned, however, the General Fund revenue and fund transfers are currently estimated to come in \$11.8 million under budget. In order to end the fiscal year in balance, the City Manager initiated a 1 percent savings target Citywide for all General Fund departments at the end of the first quarter. All departments are estimating to meet that required savings. In addition, the FY 11 revenue surplus of \$5 million will be applied, as needed, to offset the FY 12 shortfall and has been included in the revenue estimates for the first time.

These actions, in combination, have mitigated the projected deficit. Past history indicates it is very possible that unexpected revenues or additional department savings will be reflected at year-end. Further City Council action to address the FY 12 is not needed at this time.

HONORABLE MAYOR AND CITY COUNCIL

Notes:

- ¹ Estimated All-Years Carryover is composed of multi-year grants and Capital Improvement Program (CIP) funds; unspent amounts are carried over to future years.
- ² Amendments reflect budget adjustments approved by the City Council during the fiscal year, including All-Years Carryover Budget Adjustments.
- ³ Planned expenditures will occur in second half of the fiscal year.

⁴The Housing Authority will be requesting a Third Quarter Budget Adjustment. The Housing Authority is facing new requirements by HUD to draw down excess reserves in the Housing Fund, and plans to increase spending to lower fund balance.

⁵The Health Department will be requesting a Third Quarter Budget Adjustment for the CUPA Fund for unexpected hazardous waste cleanup.

⁶The Tidelands Operating Fund will include a Third Quarter Budget Adjustment for the issuance of the 2012 Aquarium of the Pacific refunding bonds.

⁷Includes a \$5.2 million estimate to account for adjustments to the fund balance for Asset Seizure funds and one time Uplands Oil approved by Council October 4, 2011 to be placed in General Fund reserves.

TOTAL	\$ 392,004,602	\$ 11,772,910	\$ 403,777,511	\$ 314,048,195	\$ 89,729,316	\$ 397,122,177	98.4%

Notes:¹ Amendments reflect budget adjustments during the fiscal year, including Uplands Oil Fund transfer to General Fund.² \$5.0 million in delayed transfers from FY 11 are included in the ETC to help balance the FY 12 actuals.³ Lower ETC's are mainly due to the Coca Cola marketing revenue contract that expired.⁴ Fire Inspection fee collection is trending lower than projected.⁵ Health is projecting slightly lower hazmat education and permit revenue.⁶ Lower ETC's are due to the elimination of State funding for the Public Library Fund (PLF) to libraries from the the budgeted amount of \$186K.⁷ The higher estimate represent revenue from the sale of two PD helicopters, which were purchased with Asset Forfeiture funds. Per federal guidelines, proceeds from the sale must be returned to the Asset Forfeiture reserve.

Notes:

¹ Amendments reflect budget adjustments during the fiscal year, including Uplands Oil Fund transfer to General Fund.

² Citywide Activities include a \$5.2 million estimate to account for adjustments to the fund balance for Asset Seizure funds and one time Uplands Oil approved by Council October 4, 2011 to be placed in General Fund reserves.
