HONORABLE MAYOR AND CITY COUNCIL  
City of Long Beach  
California

## RECOMMENDATION:

Receive the supporting documentation into the Record, conclude the Hearing to consider the re-establishment of the Downtown Long Beach Property and Business Improvement District (DLB-PBID); Direct the City Clerk to tabulate the ballots and report the results of the tabulation to the Mayor and City Council during the August 7, 2012 City Council meeting; and, if a majority of ballots received are in favor of the re-establishment of the DLB-PBID, adopt the Resolution to re-establish the DLB-PBID for an additional 10 Years, effective January 1, 2013 through December 31, 2022. (Districts 1 & 2)

## DISCUSSION

The State of California Property and Business Improvement District Law of 1994 (Section 33600 et seq. of the California Streets and Highways Code) and Article XIID of the California Constitution (Proposition 218) enables the City to create a property-based assessment district allowing property owners to voluntarily assess themselves for various services beyond those provided by the City, including enhanced maintenance, public safety, beautification, marketing and economic development programs. The Downtown Long Beach Property and Business Improvement District (DLB-PBID) was initially established by the City Council on August 4, 1998. On January 12, 2001, the City Council executed an Agreement for Funding (Contract) with the the Downtown Long Beach Associates (DLBA) setting forth the duties and delegation of the parties under an annual Budget and Management Plan with respect to the use of property owner assessment funds within the DLB-PBID area (District). On July 22, 2003, the City Council re-established the DLB-PBID for a term of 10 years. The current DLB-PBID contract terminates on December 31, 2013, and downtown property owners are now seeking to re-establish the DLB-PBID for an additional 10-year term.

Re-establishment of the DLB-PBID is accomplished through a majority vote of the property owners in favor of the proposed assessment for the new term. Pursuant to the California Constitution, the vote on a proposed special assessment must be weighted according to the proportional financial obligation of the affected property. The assessment is based upon the special benefits each individual parcel receives as determined by an independent Engineer's Report prepared pursuant to State law. Within the District, two different special benefit zones are proposed with two corresponding levels of service (Standard and Premium). The proposed assessment methodology includes linear street frontage and lot square footage plus building square

footage. In addition, the District boundaries, as proposed, are expanded to the west along 3<sup>rd</sup> Street to Golden Avenue, and certain benefit zones are modified to reflect the level of service and benefits that will be provided. Contained within the District is the City's Civic Center complex including City Hall, the Main Library and the City parking structure.

The assessment amount owed by the City is based upon the special benefit received by the properties in accordance with their size and location. The calculation of the assessment is consistent with the Management Plan and the methodology detailed in the Engineer's Report.

The City's anticipated assessment amount in the first year of the newly reauthorized district is estimated to be \$389,493, of which approximately \$172,710 is related to Pike property and will be paid by DDR as required by their lease. Therefore, the City's anticipated net obligation is estimated to be \$216,783 (compared to approximately \$228,000 as calculated under existing assessment methodology). This amount is subject to an annual increase of assessment not to exceed 5 percent per year consistent with the increase in the Tri-County consumer price index (CPI) and increases in other program costs.

As approved by City Council action on June 19, 2012 (Resolution of Intention, Resolution Number RES-12-0057) and to comply with the California Constitution, a notice of assessment and an assessment ballot were mailed to property owners that were proposed to be assessed. At the conclusion of this public hearing an independent third party will tabulate the votes, and will return to City Council later during this August 7, 2012 meeting to announce the results. If a majority of ballots received (with ballots weighted by assessment amount) are in favor of the re-establishment of the DLB-PBID, the City Council may proceed with the adoption of the Resolution re-establishing the DLB-PBID. If a majority of the ballots received do not support the re-establishment of the DLB-PBID, then the DLB-PBID cannot be re-established.

This matter was reviewed by Assistant City Attorney Charles Parkin on July 19, 2012 and Budget Management Officer Victoria Bell on July 25, 2012.

#### TIMING CONSIDERATIONS

On June 19, 2012, the City Council adopted a Resolution of Intention setting the date of August 7, 2012 for the public hearing to allow completion of the balloting process. The current DLB-PBID contract terminates on December 31, 2013. If the Resolution to Establish the DLB-PBID is adopted, the submittal of the levy to the Los Angeles County Assessor is required prior to August 9, 2012, and the properties within the District would be levied an assessment beginning in January 2013 in accordance with the methodology detailed in the Management Plan and Engineer's Report.

#### FISCAL IMPACT

The City's Fiscal Year 2013 (FY 13) assessment is estimated to be \$389,493, of which approximately \$172,710 is related to Pike property and will be paid by DDR as required

HONORABLE MAYOR AND CITY COUNCIL

August 7, 2012

Page 3

by their lease. The balance of the City's FY 13 assessment, \$216,783, will be paid in FY 13 from the Civic Center Fund (IS 380) in the Department of Public Works. The re-establishment of the DLB-PBID is anticipated to result in a positive local job impact.

SUGGESTED ACTION:

Approve recommendation.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF THE  
CITY OF LONG BEACH ESTABLISHING THE  
DOWNTOWN LONG BEACH PROPERTY AND BUSINESS  
IMPROVEMENT DISTRICT, FIXING THE BOUNDARIES  
THEREOF AND PROVIDING FOR THE LEVY OF  
ASSESSMENT

NOW, THEREFORE, the City Council of the City of Long Beach resolves as follows:

Section 1. This resolution is made and enacted pursuant to the provisions of the Property and Business Improvement District Law of 1994 (Section 36600, et seq. of the California Streets and Highways Code, hereinafter sometimes referred to as "the law").

A. On June 19, 2012, the City Council of the City of Long Beach adopted Resolution No. RES-12-0057 entitled, "A Resolution of Intention of the City Council of the City of Long Beach Declaring the Intention of the City Council to Establish the Downtown Long Beach Property and Business Improvement District, Fixing the Time and Place of the Public Hearing Thereon and Giving Notice Thereof."

B. Pursuant to California Constitution Article XIII D, ballots were mailed to the property owners within the proposed boundaries of the Downtown Long Beach Property and Business Improvement District (the "District").

C. Further, pursuant to Resolution of Intention, Resolution No. RES-12-0057, a public hearing concerning the formation of said area was held before the City Council of the City of Long Beach on August 7, 2012, at the hour of 5:00 p.m. in the City Council Chambers of City Hall of the City of Long Beach.

D. All written and oral protests made or filed were duly heard, evidence

1 for and against the proposed action was received, and a full, fair and complete hearing  
2 was granted and held.

3 E. At the conclusion of the public hearing, the tabulation of the ballots  
4 was performed and among those ballots returned to the City, a weighted majority of the  
5 property owners within the District have approved the formation of the District.

6 F. That following such hearing, the City Council did and does hereby  
7 find that the businesses lying within the property and business improvement district  
8 herein created, in the opinion of the City Council, will be benefitted by the expenditures of  
9 funds raised by the assessment or charges proposed to be levied hereunder.

10 G. A copy of the Management Plan, is attached as Exhibit "A" hereto  
11 ("Management Plan").

12 Section 2. That pursuant to said law a property and business  
13 improvement district is hereby established in the City of Long Beach as herein set forth  
14 and that all properties in the district established by this resolution shall be subject to any  
15 amendments made hereafter to the law or to other applicable laws.

16 Section 3. That the boundaries of the property and business  
17 improvement district, the activities and improvements to be funded, and the amount of  
18 the proposed assessments shall be as indicated in Exhibit "A". No bonds will be issued  
19 under the Management Plan.

20 Section 4. That the City Council hereby levies and imposes and orders  
21 the collection of an annual assessment to be imposed upon properties in the proposed  
22 property and business improvement district described above. Such annual assessment  
23 shall be equal to the amounts set forth in Exhibit "A" hereto.

24 Section 5. That the Management Plan, attached hereto as Exhibit "A," is  
25 hereby approved.

26 Section 6. That the improvements and activities to be provided in the  
27 property and business improvement district shall be funded by the levy of assessments  
28 and that the proposed uses to which the proceeds of the annual assessment shall be put

1 are limited to those set forth in California Streets and Highways Code Sections 36600 et  
2 seq., as amended.

3           The City Council of the City of Long Beach shall have sole discretion as to  
4 how the revenue derived from said assessments is to be used within the scope of the  
5 above purposes; provided, however, it shall consider recommendations as to the use of  
6 said revenue made by the Downtown Long Beach Associates, which has been previously  
7 designated as the "Owners' Association" for the District.

8           Section 7. If any section, subsection, sentence, clause or phrase of this  
9 resolution is for any reason held to be invalid or unconstitutional by the decision of any  
10 court of competent jurisdiction, such decision shall not affect the validity of the remaining  
11 portions of the resolution. The City Council hereby declares that it would have passed  
12 this resolution and each section, subsection, sentence, clause and phrase hereof,  
13 irrespective of the fact that any one or more of the sections, subsections, sentences,  
14 clauses or phrases hereof be declared invalid or unconstitutional.

15           Section 8. This resolution shall take effect immediately upon its adoption  
16 by the City Council, and the City Clerk shall certify the vote adopting this resolution.

**DOWNTOWN LONG BEACH  
PROPERTY-BASED BUSINESS IMPROVEMENT DISTRICT (PBID)  
MANAGEMENT PLAN SUMMARY  
FINAL PLAN – JUNE 2012 (06/04)**

The Downtown Long Beach Property-Based Business Improvement District (PBID) is a special benefit assessment district formed in 1998 and renewed in 2003 that conveys special benefits to each individual assessed parcel located within the district boundaries. Downtown property owners are now seeking to continue the PBID for an additional ten-year term. As described in this plan, it is proposed that the PBID will continue to provide funding for enhanced maintenance, public safety, beautification, marketing and economic development programs, above and beyond those provided by the City of Long Beach.

<b>Location</b>	The district will encompass the core of Downtown Long Beach, including approximately 70 blocks that are bounded approximately by Shoreline Drive to the south, Golden Shore to the west and Alamitos Avenue to the east. The northern boundary is 3 <sup>rd</sup> Street along the western part of the district, 8 <sup>th</sup> Street in the central part and 4 <sup>th</sup> Street along the eastern part. <i>A map of the proposed district boundary is provided on page 10.</i>
<b>Improvements &amp; Activities</b>	<p><b><i>A Clean, Inviting and Vibrant Downtown:</i></b> The PBID will finance improvements and activities that will improve the Downtown environment and experience for property owners, residents, workers and visitors, including:</p> <p><b><i>Environment:</i></b></p> <ul style="list-style-type: none"> <li>• <b>Clean Teams</b> that sweep, scrub and power wash sidewalks, remove litter and graffiti, increase the frequency of trash removal and maintain landscaping within the Downtown.</li> <li>• <b>Safety Guides</b> that provide information on Downtown activities and attractions, work with local police, businesses, and homeowners associations to prevent crime and work productively to reduce homelessness and street populations.</li> <li>• <b>Beautification</b> improvements that make Downtown more visually attractive, including enhanced streetscape, landscaping, street furniture, lighting, public art and banners.</li> </ul> <p><b><i>Economy:</i></b></p> <ul style="list-style-type: none"> <li>• <b>Economic Development</b> services aimed to assist property owners in recruitment and retention of tenants, including efforts to fill storefronts, attract diverse retail and employers to occupy office buildings.</li> <li>• <b>Marketing &amp; Special Events</b> to promote a positive image and activate Downtown with a regularly scheduled series of festivals, events, promotions and public relations activities.</li> </ul>
<b>Method of Financing:</b>	Levy of assessments upon real property that benefit from improvements and activities.

<b>Budget:</b>	Total district budget for its first year of operation is \$2,270,901:			
	<b>REVENUES</b>	<b>Assessments</b>	<b>Other (a)</b>	<b>TOTAL</b>
	PBID Assessments	2,248,416		
	Other (a)		22,485	
	<b>TOTAL REVENUES</b>			<b>2,270,901</b>
	<b>EXPENDITURES</b>			
	<b>Environment</b>			
	Clean Teams	763,967	7,640	771,607
	Downtown Safety Guides	580,339	5,804	586,143
	Beautification	96,704	967	97,671
	<b>Total Environment</b>	<b>1,441,010</b>	<b>14,411</b>	<b>1,455,421</b>
	<b>Economy</b>			
	Economic Development	265,762	2,658	268,420
	Marketing & Events	299,714	2,997	302,711
	<b>Total Economy</b>	<b>565,476</b>	<b>5,655</b>	<b>571,131</b>
	<b>Administration &amp; Reserves</b>			
	Administration & Communications	174,478	1,745	176,223
	Delinquency Reserve (3%)	67,452	675	68,127
	<b>Total Admin &amp; Reserves</b>	<b>241,930</b>	<b>2,419</b>	<b>244,349</b>
	<b>TOTAL EXPENDITURES</b>	<b>2,248,416</b>	<b>22,485</b>	<b>2,270,901</b>
	<i>(a) Non-assessment funding to cover the cost associated with general benefits from services.</i>			
<b>Cost:</b>	Annual assessments are based upon a calculation of benefits provided, an allocation of costs for providing those special benefits within two benefit zones and a calculation of linear frontage, lot and gross building square footage within each zone. Two different benefit zones are proposed with two different levels of service. The deployment and frequency of clean and safe services in the Premium zone will be greater than the deployment and frequency of clean and safe services in the Standard zone.			
	Parking structures, residential properties and properties owned and used for non-profit purposes pay an adjusted and reduced rate. Estimated annual maximum assessment rates for the first year of the district are:			
		<b>Standard</b>	<b>Premium</b>	
	Annual Assessment for Lot Frontage (all properties) per foot	\$ 9.692	\$ 15.655	
	Plus: Lot + Building Square Footage			
• Commercial & government properties	0.0423	0.0465		
• Parking structures	0.0277	0.0318		
• Residential & Non-Profits	0.0130	0.0172		
<b>Cap</b>	Annual assessments may increase no more than 5% per year consistent with the increase in the Tri-County consumer price index (CPI) and increases in other program			

	costs. The determination of annual adjustments in assessment rates will be subject to the review and approval of the Downtown Long Beach Associates (DLBA) Board of Directors, which serves as the PBID Owner's Association.
<b>City Services</b>	The City of Long Beach has provided an accounting of baseline services that are currently provided within the District and will continue through the duration of the planned renewal. <i>The City base level of service agreement is included as an Exhibit.</i>
<b>Collection</b>	PBID assessments appear as a separate line item on the annual Los Angeles County property tax bills. Any parcel not on the property tax rolls, such as a government or non-profit owned parcels, will be directly billed by the DLBA or a third-party contractor.
<b>District Governance:</b>	<p>The PBID will continue to be governed by the Downtown Long Beach Associates (DLBA), a 501(c)6 non-profit organization consisting primarily of property owners, businesses and residents within the district. Acting as the Owner's Association for the district, DLBA will determine budgets, assessment rates subject to the parameters contained in the Management Plan and monitor service delivery that is provided by DLBA staff and/or contractors.</p> <p>The DLBA Board of Directors includes a diverse representation of stakeholders, including Downtown property owners, businesses and residents. Currently, there are nine commercial property owners and two resident representatives on the 19 member voting board. Acknowledging that residential condominiums and parcels owned by non-profits will be added to the PBID, the DLBA Board will consider appropriate representation from these stakeholder groups.</p>
<b>District Continuation</b>	California law for PBID district continuation requires the submission of petitions signed by property owners in the proposed district who will pay more than 50% of the total assessments (i.e. petitions must represent more than 50% of the \$2,240,276 to be assessed). Petitions are submitted to the Long Beach City Council, and the City will send mail ballots to all affected property owners. The majority of ballots returned, as weighted by assessments to be paid, must be in favor of the PBID in order for the City Council to consider approval.
<b>Duration</b>	Collection of the first year's assessments will be included in Los Angeles County's 2012-2013 tax bill with services beginning January 1, 2013 and continuing through December 31, 2022. A five-year review of the district will evaluate market conditions and the need for any adjustments to the Management Plan. Any subsequent renewal of the district will require a new management plan, petition and mail ballot process.

## **I. WHY CONTINUE THE DOWNTOWN LONG BEACH PBID?**

### **What Is A PBID?**

The International Downtown Association estimates that more than 1,000 PBIDs currently operate throughout the United States and Canada. A PBID provides enhanced improvements and activities, such as public safety, maintenance and image enhancement, above and beyond those provided by local government. PBIDs provide services that improve the overall viability of downtown districts -- resulting in higher property values, sales and tax revenues and an improved quality of life.

Since the creation of California's Property and Business Improvement District Law in 1994, nearly 100 new PBIDs have been established in California downtowns, including Sacramento, Oakland, Los Angeles, Santa Monica and San Diego. The Downtown Long Beach PBID was established by property owners in 1998 and then renewed in 2003. The existing PBID will expire in 2013 and must be replaced by a new PBID if enhanced services are to continue.

Since PBID legislation was enacted in California nearly 20 years ago, there have been changes in both the character of Downtowns and the laws that govern the application of special assessments. Downtowns, including Long Beach, have emerged as vibrant mixed-use communities, becoming population centers in addition to their traditional role as business centers. Amendments to the state constitution have changed the application of assessment laws, including PBIDs, to allocate costs to all parcels that receive a benefit from PBID services, regardless of the parcel's use. The PBID renewal process in Long Beach is an opportunity to tailor the district to Downtown's changing dynamics, and to adapt the latest practices supported by applicable laws and court cases.

### **Why Continue the PBID for Downtown Long Beach?**

#### **1. "Clean and Safe" Has Worked – We Can't Go Backwards**

Downtown stakeholders agree that the supplemental cleaning and safety services funded by the PBID have succeeded to make Downtown Long Beach safer and more attractive. From a property owner and resident survey completed in the summer of 2011, 86% of respondents agree that the general appearance of Downtown has improved, 82% agree that it is cleaner and 65% agree that it is safer. There is concern that if the PBID goes away, Downtown's gains in clean and safe will slip.

#### **2. PBID Services are an Excellent Value & Accountable To Those Who Pay**

By combining resources, Downtown property owners, businesses and residents are able to benefit from a wide variety of enhanced services that keep Downtown safe, clean and vital. Services are directly accountable to Downtown stakeholders. Decisions on the annual PBID work program, budget and assessments are made by affected property owners, businesses and residents. Costs are reasonable, ranging from less than a dime per square foot per year for most commercial properties to approximately \$5 to \$10 per month or less, depending on location within the proposed benefit zones, for residents.

### **3. The PBID Is More Important Than Ever in Challenging Economic Times**

Most stakeholders value the PBID more than ever as a foundational tool that can help Downtown navigate through the current economic turbulence. With a challenging national and regional economy, the PBID is something that can be controlled. By delivering enhanced services to help make Downtown safe, clean and vital, it also provides a competitive advantage as Downtown prepares for economic recovery.

### **4. The PBID Helps Unify Downtown and Makes Us More Influential**

With the PBID, Downtown speaks with a unified voice to guide a variety of policies and issues affecting Downtown Long Beach. The PBID fosters a sense of community and brings different groups together to focus on improving Downtown.

## **Process to Develop the PBID Management District Plan**

To develop the Management District Plan and to continue the Downtown Long Beach PBID, Downtown property and business owners, residents and civic leaders have been involved in a participatory process that was initiated in the spring of 2011. The consulting firms of Progressive Urban Management Associates (PBID consultant), Kristin Lowell Inc. (certified engineer) and Goldfarb and Lipman (legal counsel) were retained by the DLBA to develop the Management Plan for continuing the PBID. Key steps included:

- 1. DLBA Oversight:** To guide the consultant team and validate PBID renewal concepts, the DLBA Board of Directors and a PBID Steering Committee made up of a diverse array of Downtown property owners have served to review PBID Management Plan concepts as they have been developed.
- 2. One-On-One and Roundtable Meetings with Property Owners:** The DLBA staff and consultants conducted a series of one-on-one and roundtable meetings with property owners located throughout the PBID. Top improvement priorities and guiding principles that emerged from the meetings with property owners and consultation with the PBID Committee included:
  - Providing consistency in the Downtown experience, particularly the basics of clean and safe, is critical to Downtown's overall vitality.
  - Make sure that PBID services are supplemental to, and do not replace, City services.
  - Make it simple and non-bureaucratic and keep costs reasonable.
- 3. Resident Open Houses & Meetings with HOAs:** DLBA staff and consultants conducted a series of meetings with neighborhood associations, HOAs, and other resident groups located in the PBID. Since residents benefit from environmental improvements provided by the PBID, owner-occupied units are being added to the district. While residents reinforced the preceding themes, they also emphasized:
  - Any new assessment funds collected from residents should be used for enhanced PBID services.
  - Residents expect proportional representation and voice in PBID decision-making.

4. **Online Survey:** Approximately 300 Downtown stakeholders, mostly residents, responded to an online survey seeking suggestions and priorities for the design of the PBID. Top improvement priorities from the survey included:
  - Economic development with an emphasis on activating storefronts and attracting new businesses.
  - Improve efforts to reduce homelessness.
  - Make Downtown more attractive, including upgrading street furniture and storefronts.
5. **City Base Level of Services:** Concurrent with the property and business-owner outreach process to develop the PBID Management Plan, meetings were held with City staff to develop an accounting of current city services and a policy commitment to continue these services through the duration of the PBID.

**Plan Review & Final Plan:** The draft PBID Management District Plan and budget was reviewed by the DLBA Board of Directors, PBID Steering Committee and individual property owners. Affected property owners were invited to a series of public forums in the fall of 2011 to review the plan. Following the public forums, an online survey tool was developed to allow all individual stakeholders to have an opportunity to provide comments on the plan. The online survey tool was available from mid November 2011 through the end of January 2012. More than 71 individuals responded to the online review, adding more than 440 comments and suggestions. Also during the review process, meetings were held with additional property owners, HOAs and interested parties. Each of Downtown's two City Councilmembers held public review sessions. Input from these meetings was considered for the final draft of the plan.

A chart illustrating the process to develop the Final Draft PBID Management Plan and its anticipated approval schedule is provided on the following page.

# PROPERTY BASED IMPROVEMENT DISTRICT (PBID) - Management Plan Development and Approval Process Timeline

\* LONG BEACH COMMERCIAL REAL ESTATE COUNCIL

## II. PBID BOUNDARIES

The PBID will encompass approximately 70 blocks of the core of the Downtown area bounded roughly by:

- Shoreline Drive to the south, including the Pine Avenue Circle
- Golden Shore to the west and
- Alamitos Avenue to the east.
- To the north, 3<sup>rd</sup> Street in the western part of the PBID, 8<sup>th</sup> Street in the central part and 4<sup>th</sup> Street in the eastern part.

Included in the expansion to the PBID during this cycle of renewal are the blocks bounded by Pacific, Broadway, Maine and 3<sup>rd</sup> Street. This area has been added due to the increase in pedestrians, traffic and other activity in the PBID that is expected to result from the new state courthouse facility.

**Benefit Zones:** Two benefit zones are proposed with two different levels of service. The deployment and frequency of clean and safe services in the Premium zone will be greater than the deployment and frequency of clean and safe services in the Standard zone. The benefit zones are delineated as follows:

- **Premium Service Zone** includes most blocks in the central portion of the PBID bounded by Long Beach Boulevard to the east, 6<sup>th</sup> Street to the north, Pine and Pacific Avenues to the west and Ocean Boulevard to the south.
- **Standard Service Zone** includes much of the western portion of the PBID bounded roughly by Pacific Avenue, 3<sup>rd</sup> Street, Golden Shore, Shoreline Drive and Ocean Boulevard. To the east, the Standard zone is roughly bounded by Elm Avenue, 4<sup>th</sup> Street, Alamitos Avenue and Ocean Boulevard.

Changes to the treatment of properties and service zones during this cycle of PBID renewal include:

- **Moving to two service zones, as opposed to three.** The pre-existing “basic zone” is to be eliminated and replaced with Standard services. The introduction of Standard services acknowledges increased activity in the basic zone area, plus the anticipation that service demands will continue to grow from activity generated by the state courthouse facility, among other entitled developments.

**Add owner-occupied residential units and properties owned by non-profits.** Consistent with the provisions of Article XIII D of the California Constitution (Proposition 218) and subsequent case law, all owner-occupied residential parcels and properties owned by non-profit organizations within the PBID that receive special benefits from PBID services will be assessed. These parcels will benefit from Environment services (i.e. clean, safe and beautification) and will be assessed for their proportionate share of benefit from these services. *See Exhibit: legal memo.*

**A map of the proposed district boundary is provided on the following page** and a more detailed map with specific parcel lines is included as an Exhibit.

# Proposed PBID Boundaries & Benefit Zones

### III. IMPROVEMENTS AND ACTIVITIES

PBID services are above and beyond those provided by the City of Long Beach. The City of Long Beach has provided an accounting of baseline services that are currently provided within the District and will continue through the duration of the planned renewal. *The City base level of service agreement is attached as an Exhibit.*

#### ENVIRONMENT

PBID “Environment” activities and improvements are intended to provide a clean, safe and attractive Downtown. Environment activities, which include clean, safe and beautification, benefit each individual assessed parcel, including commercial, government, parking structures, non-profits and residential.

##### Clean and Safe Program

Downtown’s Clean and Safe program was developed following the creation of the PBID in 1998. Objectives in managing the program have included:

- Deploy a Clean and Safe program that will make a visible, tangible and lasting impact.
- Document existing City services and ensure that PBID-funded services are supplemental to, and do not replace, existing City services.
- Ensure that the program is properly capitalized and that additional funding will not be required once the PBID is created.
- Provide flexibility in the modeling of the program so that the PBID can either create its own in-house program or contract with private firms.

To meet these objectives, uniformed **Clean Teams** have been deployed throughout Downtown to remove litter and graffiti, steam clean sidewalks and maintain furniture in public places. **Safety Guides** provide an emphasis on public safety and have been effective at deterring nuisance crimes, providing hospitality services to Downtown visitors and connecting the district’s homeless population to available resources. Recent yearly achievements of PBID funded Clean Team and Safety Guide crews include:

- Pressure washing of more than 36 million square feet of sidewalks
- Removal of 8,136 graffiti tags and stickers
- Nearly 192 tons (384,000 pounds) of trash were collected
- Nearly 6,000 pounds of weeds were removed
- Safety Guides made more than 115,000 business contacts
- Safety Guides provided 9,287 citizen assists, gave directions to 10,467 individuals and information to 6,223 persons
- Safety Guides had service contacts with 738 homeless individuals

Continuation of the PBID will allow the Clean Team and Safety Guide crews to build upon these achievements and keep Downtown Long Beach clean and safe. The proposed PBID continuation work program anticipates ongoing deployment at the following frequencies:

<b>Clean Team</b>	
<i>Hours of Deployment per Week</i>	992
Weekly F.T.E.	24.8
Average Weekly Coverage	7 days/week
Litter Removal/Pan & Broom	Daily with peak night service in the Premium Area
Machine Sweeping	Daily District-Wide – Higher Frequency in Premium Area
Steam Cleaning: Standard	Once Every 4 to 6 Weeks
Steam Cleaning: Premium	Weekly
Graffiti Removal	Daily As Needed
Light Landscape/Weeds	As Needed
Emergency Spot Cleaning	As Needed
Maintenance of PBID funded beautification elements	As Needed
<b>Safety Guides</b>	
<i>Hours of Deployment per Week</i>	664
Weekly F.T.E.	16.6
Coverage in All Areas	12 to 16 hours
Coverage in Premium Areas	12 to 16 hours plus late night on weekends
Foot Patrol	Premium Area Only
Bike & Segway Patrols	Daily District-Wide
Visitor Services, Safety Escorts, Motorist Assist, Homeless Outreach	Daily District-Wide

**Deployment of Clean and Safe Services:** Clean and safe services are deployed in each of two “benefit zones” within the PBID:

- Premium Service Zone:** The Premium service zone includes areas of highest pedestrian activity where demands for clean and safe services are greatest. This area includes the most significant activity generators within the boundaries of the district, including City Place retail center and the Pine Avenue, Promenade and Long Beach Boulevard corridors, the 1<sup>st</sup> Street corridor in the East Village, and the transit facilities along 1<sup>st</sup> Street. These activities create the conditions requiring a greater amount of clean and safe services, such as dirty sidewalks, the presence of graffiti and the need to provide safety guide assistance. The Management Plan anticipates that service deployment frequencies within the Premium service zone will be three times more than the remainder of the PBID – from the number and type of safety guides to the frequency of sidewalk cleaning. Under the current PBID deployment plan, Safety Guides patrol each block of the Premium Zone between 25 and 40 times per day.
- Standard Service Zone:** The remaining areas of the PBID encompassed by the Standard service zone have less pedestrian activity and demands for clean and safe services are generally lower. The standard areas have lower intensity activity generators, including less ground floor retail and a higher concentration of office and residential uses. Accordingly, the lower level of pedestrian activity results in reduced need for clean and safe services. Service frequencies within the

Standard service zone are less than the frequency of services in the Premium service zone. Under the current PBID deployment plan, Safety Guides patrol each block of the Standard Zone between 8 and 12 times per day, about one third of the frequencies found in the Premium service zone.

**Options for Enhanced Security:** The PBID renewal process has evidenced continued property owner concern with both the reality and perception of public safety on Downtown streets. There are a variety of elements contributing to this concern, including ongoing challenges with transient and homeless populations, nuisance crimes ranging from aggressive panhandling to vandalism, and other quality of life issues.

In order to more effectively deploy PBID resources to improve enhanced security, funds for information and safety ambassadors may be redistributed to related activities that have been effective in other California PBIDs, including:

- A “navigator program” in which ambassadors would be tasked with a case management approach to match chronic homeless individuals with available social services (Sacramento, Santa Monica).
- Other quality of life and safety initiatives in partnership with local agencies that may be developed and recommended by the DLBA Public Safety Task Force.

**Resident Coordinator:** Also within the budget for the Clean and Safe program is a new Resident Coordinator to help Downtown’s residential population utilize environmental services. The Resident Coordinator will provide information, regularly meet with HOAs and resident associations, represent residential perspectives, and trouble-shoot residential issues related to the PBID’s environmental services that include cleaning, safety and beautification.

Serving in a role comparable to that of a City Council Field Deputy, this position will pro-actively identify opportunities and concerns from the residential community and seek to connect the appropriate available resources to address issues and capitalize on opportunities. It is anticipated that Downtown residential organizations and leadership will be consulted in developing the job position description for the Resident Coordinator.

## **Beautification**

Beautification funds support improvements that improve the visual appearance of Downtown and may include:

- Seasonal banners and decorations
- Public art
- Street furniture and amenities
- Feasibility analyses and plans for design, streetscape and other physical improvements
- Other activities and improvements that visibly enhance the Downtown environment

Annual recommendations regarding the allocation of beautification funds are determined by the Capital Improvements and Beautification Task Force that provides recommendations to the DLBA Board of Directors.

The **ENVIRONMENT** portion of the PBID accounts for 64.1% of the proposed budget.

## ECONOMY

Activities aimed at working with property owners to improve Downtown's overall image, increase sales and building occupancies are part of the PBID Management Plan. These services are intended to provide special benefits to each individually assessed commercial and government parcel, partial special benefit to parking structures, and no benefit to non-profit and residential uses. Acknowledging this difference, non-profit and residential uses will not be assessed for the cost of economy activities.

**Marketing & Special Events:** Marketing and special event activities will aim to improve the overall image of Downtown with the goal of attracting consumers and visitors, and attracting and retaining businesses, jobs and investment. Initiatives must be designed to provide collective benefits to businesses and property owners. While annual work programs and budgets will be developed by the Marketing and Special Events Task Force and approved by the DLBA Board of Directors, programs will be selected from a variety of options that may include the following:

- Advertising, including branding and cooperative campaigns and increased placement and frequency in print media.
- Increased distribution and enhanced quality of publications, including Downtown maps, directories and activity guides.
- Improved and increased special event and festival production.
- Public relations efforts to promote a positive image and overall experience.

**Economic Development:** The Economic Development programs will provide a primary one-stop point of contact for business prospects looking to locate and/or grow in Downtown. Comprehensive market information on Downtown will be researched, packaged and maintained. Specialized research will identify specific target business groups and niches that are most likely to locate within Downtown and benefit from local assets. DLBA staff will serve as a liaison to assist business and property owners in permitting and development review processes. Program staff will work collaboratively with real estate professionals, City staff, and regional economic development groups to coordinate and leverage business attraction efforts.

Responding to the top priority evidenced by Downtown stakeholders in the PBID renewal process, the economic development initiative will initially focus on activating storefronts throughout the Downtown, including the recruitment of retail stores, addressing challenges that impede retail recruitment, temporary or "pop-up" installations, plus other interventions designed to improve Downtown Long Beach's ability to attract retail investment. Initiatives launched by the 2010 Retail Visioning process will also be continued, including, but not limited to:

- "Shop Local" campaigns that aims to inform and match residents and employees to Downtown retail;
- Traditional and emerging business recruitment programs and activities; and,
- Efforts to welcome new businesses to Downtown.

**ECONOMY** activities account for 25.1% of the proposed PBID budget.

## **COMMUNICATIONS, ADMINISTRATION & RESERVES**

Advocacy and administrative costs of 10.8% have been included within the PBID budget. Examples of advocacy and communications costs include:

- Accounting and annual financial reports,
- Program support costs including supplies, equipment and rent,
- Communications to keep all Downtown stakeholders informed of policies, issues, challenges and opportunities,
- A delinquency reserve estimated at 3% of assessments,
- A general benefit reserve estimated at 1% of the budget, to be paid with non-assessment revenue. The general benefit reserve is established to address the PBID Engineer's Report that found that the PBID may provide de minimus general benefit (i.e. general benefit to the public and/or surrounding community), requiring 1% of the budget to be financed by non-assessment revenue, and
- Other administration costs associated with the overhead and administrative support of programs.

To reduce administrative costs, increase leveraging of funds, and to avoid duplication of enhanced services, the PBID will continue to be managed by the DLBA to deliver day-to-day services. DLBA can leverage PBID assessments with additional revenues, including Downtown Parking and Improvement Area (DPIA) fees, sponsorship revenue, contracts, grants and earned income.

#### IV. PLAN BUDGETS

The total improvement and activity plan budget for the first year of the district is projected at \$2,270,901 with the following components:

<b>REVENUES</b>	<b>Assessments</b>	<b>Other (a)</b>	<b>TOTAL</b>
PBID Assessments	2,248,416		
Other (a)		22,485	
<b>TOTAL REVENUES</b>			<b>2,270,901</b>
<b>EXPENDITURES</b>			
<b>Environment</b>			
Clean Teams	763,967	7,640	771,607
Downtown Safety Guides	580,339	5,804	586,143
Beautification	96,704	967	97,671
<b>Total Environment</b>	<b>1,441,010</b>	<b>14,411</b>	<b>1,455,421</b>
<b>Economy</b>			
Economic Development	265,762	2,658	268,420
Marketing & Events	299,714	2,997	302,711
<b>Total Economy</b>	<b>565,476</b>	<b>5,655</b>	<b>571,131</b>
<b>Administration &amp; Reserves</b>			
Administration & Communications	174,478	1,745	176,223
Delinquency Reserve (3%)	67,452	675	68,127
<b>Total Admin &amp; Reserves</b>	<b>241,930</b>	<b>2,419</b>	<b>244,349</b>
<b>TOTAL EXPENDITURES</b>	<b>2,248,416</b>	<b>22,485</b>	<b>2,270,901</b>

(a) Non-assessment funding to cover the cost associated with general benefits from services.

#### Ten Year Operating Budget

A projected ten-year operating budget for the Downtown Long Beach PBID is provided on the following page. Projections for the budget are based upon the following assumptions:

- Total program revenue increases by no more than 5% per year, the maximum allowed under the proposed annual budget adjustment to respond to increases in the consumer price index and other program costs. Actual budgets may not increase 5% as determined by the DLBA Board of Directors, which is the PBID Owner's Association.
- Revenues for specific activities within the general activity categories (i.e. Economy and Environment) may be reallocated among specific activities from year to year based upon district needs and budgets developed by the DLBA Board of Directors. Revenues may not be moved between the Economy and Environment categories.

**Downtown Long Beach PBID:**

**Ten Year Operating Budget & Maximum Assessments**

(Prepared by Progressive Urban Management Associates, May 31-12)

**Assumptions:**

Assessment rates increase by a maximum of 5% each year.

**Actual adjustments may be lower as determined by the PBID Owner's Association. Past annual adjustments have ranged from 0% to 5%.**

**ESTIMATED TEN YEAR OPERATING BUDGET**

Activity	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10
<b>Environmental Enhancements</b>	1,441,010	1,513,061	1,588,714	1,668,149	1,751,557	1,839,134	1,931,091	2,027,646	2,129,028	2,235,479
<b>Economic Enhancements</b>	565,476	593,750	623,437	654,609	687,340	721,707	757,792	795,682	835,466	877,239
<b>Management, Admin &amp; Reserves</b>	241,930	254,027	266,728	280,064	294,067	308,771	324,209	340,420	357,441	375,313
	<b>2,248,416</b>	<b>2,360,837</b>	<b>2,478,879</b>	<b>2,602,823</b>	<b>2,732,964</b>	<b>2,869,612</b>	<b>3,013,092</b>	<b>3,163,747</b>	<b>3,321,934</b>	<b>3,488,031</b>

**MAXIMUM ANNUAL ASSESSMENT RATES: Per Square Foot of Lot + Building**

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10
Standard: Commercial & Government	0.0423	0.0444	0.0466	0.0490	0.0514	0.0540	0.0567	0.0595	0.0625	0.0656
Standard: Parking	0.0277	0.0290	0.0305	0.0320	0.0336	0.0353	0.0371	0.0389	0.0409	0.0429

**MAXIMUM ANNUAL ASSESSMENT RATES: Linear Lot Frontage**

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10
Standard: All Parcels	9.692	10.177	10.685	11.220	11.781	12.370	12.988	13.638	14.319	15.035
Premium: All Parcels	15.655	16.438	17.260	18.123	19.029	19.980	20.979	22.028	23.130	24.286

## V. ASSESSMENTS

### A. Assessment Methodology

To develop the PBID assessment methodology, the consulting team included participation from Kristin Lowell Inc. and Terrance E. Lowell & Associates, a certified engineer. Lowell evaluated several methods of assessment for conveying special benefits to each individual assessed parcel from the type of improvements and activities described within the Downtown Long Beach PBID Management Plan.

***Additional information and justification for the proposed assessment methods and adjustments will be provided in the Engineer's Report, prepared by Kristin Lowell Inc. and will be provided as an attachment to the Final Management Plan.***

**Benefit Allocation Approach:** The existing and proposed assessment methodologies are based upon an analysis of the special benefit provided to each property and the cost associated to each property to provide the PBID activities equal to the special benefit it receives. The benefit zones receive different services as illustrated on the following chart:

ACTIVITY	Standard Service Area	Premium Service Area
<b>ENVIRONMENT</b> (all properties)		
<b>Clean Team</b>		
Sidewalk Sweeping	Daily	Daily & Peak Evenings
Power Washing Sidewalks	Once every 4 to 6 weeks	Weekly
Graffiti Removal & Emergency Spot Cleaning	As Needed	As Needed
<b>Safety Guides</b>		
Foot Patrols	No	Yes
Bicycle & Segway Patrols	Yes	Yes
Escort & Visitor Services	Yes	Yes
<b>Beautification</b>	Yes	Yes
<b>ECONOMY</b> (commercial & government only)		
Marketing & Special Events	Yes	Yes
Economic Development	Yes	Yes

**Assessment Variables:** The current assessment methodology for the Downtown Long Beach PBID is based upon a combination of linear frontage plus lot and building square footage. Variables include:

- **Linear Frontage:** Linear frontage remains a primary assessment variable in the Standard and Premium service areas. All Clean Team costs and one-half of the Safety Guide costs are allocated through linear frontage, acknowledging the benefit of these services to make Downtown sidewalks cleaner and safer.

- **Lot plus Gross Building Square Footage:** The sum of lot and gross building square footage is a primary assessment variable for one-half of the Safety Guide costs and the full costs of beautification, marketing and special events and economic development. Benefits from beautification activities are anticipated throughout the district. Benefits from economy activities are designed to improve image, occupancy and sales, benefits that are distributed throughout buildings. One-half of Safety Guide costs are allocated to lot and gross building square footage to acknowledge benefits to each individual assessed parcel and its employees, residents and visitors both on the street level and within buildings. The inclusion of lot square footage in the calculation acknowledges the greater benefits of these services to the ground level of property.
- **Premium Service Area Frontage Assessment:** The linear frontage assessment is higher in the Premium service area than the Standard service area, acknowledging the greater frequency in Clean Team and Safety Guide services.

**Property Use Considerations:** The assessment methodology provides the following treatments for non-commercial property used for residential and non-profit uses, and an adjustment for stand-alone parking structures:

- **Residential and 501(c)3 Non-Profit Property:** Residential and properties owned and used by 501(c)3 non-profit organizations will receive full benefit from Environment Services (i.e. clean and safe, and beautification) and will be assessed fully for them; however, residential and non-profit parcels will not receive the same benefit as commercial parcels from Economy Services (i.e. marketing, special events and economic development) because those uses are not engaged in commercial or customer attraction activities, thus their assessment will not include that portion of the assessment. All commercial and mixed-use parcels with residential uses will be subject to an adjusted assessment rate for the residential square footage of that parcel. The commercial square footage for that type of parcel will be assessed the assessment rate applied to all commercial parcels.

For parcels owned by non-profit organizations, they must demonstrate that a 501(c)3 non-profit charitable use occupies the property in order to receive the non-profit property use consideration. Documentation that both the building and primary use (i.e. more than 50% of the building occupancy) are owned by 501(c)3 non-profit organizations must be provided to the DLBA prior to July 1 of each year, which is prior to PBID assessment rolls being submitted to the County.

- **Parking:** Parking facilities will be subject to one of the following assessment treatments:
  1. **Parking structures** integrated within a building (and the building has other uses in addition to parking) will be excluded from frontage, lot and gross building square footage assessment calculations.
  2. **Stand-Alone Parking Structures** will be assessed on frontage, lot and gross building square footage for all “Environment” PBID services and at one-half the rate for “Economy” PBID services. This adjustment acknowledges that role of stand-alone parking structures as part of the infrastructure that supports **Downtown**, and limitations on their ability to generate income.

3. **Surface Parking Lots** will be assessed at commercial rates on frontage, lot and building square footage.

- **Government Assessments:** The Downtown Long Beach PBID Management Plan assumes that the City of Long Beach, County of Los Angeles and other government entities will pay assessments for the special benefits conferred to each of their individual assessed parcels within the boundaries of the PBID. Article XIII D of the California Constitution was added in November of 1996 and provides for these payments. Government properties are treated as commercial properties, paying for both Environment and Economy services. Government properties attract a variety of user groups for both government business and civic uses. Similar to commercial office properties, both user groups and employees within government properties benefit from Environment services that provide a cleaner and safer downtown, and Economy services that create a more vital civic and commercial atmosphere.

**B. Calculation of Assessments**

The preceding methodology is applied to a database that has been constructed by the DLBA with primary data provided by the Los Angeles County Assessor and the City of Long Beach. Since the initiation of PBID services in 1999, DLBA has contracted with an assessment engineering firm to obtain property data from the County of Los Angeles Assessor's Office. Data, which includes ownership and property characteristics, is updated annually by the assessment engineering firm and provided in the District's Annual Report.

A list of all properties to be included in the PBID is provided as an Exhibit.

**Benefit Zone Adjustments:** The assessments are also adjusted to reflect anticipated service frequencies in the Standard and Premium benefit zones. The Premium benefit zone will have more frequency of clean and safe services; therefore, assessment rates for clean and safe services are increased in the Premium benefit zone. Residential and 501(c)3 non-profit parcels do not receive benefit from the Economy activities and therefore will not be assessed that portion of the assessment. The resulting assessment calculation by service and benefit zone follows:

	<b>Standard</b>	<b>Premium</b>
Lot Frontage (100% clean + 50% safe to all properties)	\$ 9.692	\$ 15.655
Lot + Building Sq. Ft. (50% safe to all properties)	0.0094	0.0136
Lot + Building Sq. Ft. (100% beautification to all properties)	0.0036	0.0036
Lot + Building Sq. Ft. (100% economy to commercial and government only)	0.0293	0.0293

**Total Estimated Assessments:** Based upon the methodology, property data and the proposed PBID budget, approximate lot and gross building assessments are calculated. Assessments will not exceed the following amounts during the first year of the PBID:

	<b>Standard</b>	<b>Premium</b>
Annual Assessment on Lot Frontage (all properties) per linear foot	\$ 9.692	\$ 15.655
Plus: Lot + Gross Building Square Footage		
• Commercial & government properties	0.0423	0.0465
• Parking structures	0.0277	0.0318
• Residential and Non-Profits	0.0130	0.0172

**Calculation of Rates:** The following examples illustrate how the preceding rates are applied to parcels within the Downtown Long Beach PBID.

**Commercial Property Example: Premium Zone**

<b>Property Characteristics:</b> <i>50,000 sq.ft. office building</i>		<b>Rate</b>	<b>Annual Assessment</b>
Lot Square Footage	15,000	0.0465	\$697.50
Gross Building Square Footage	50,000	0.0465	\$2,325.00
Linear Frontage	100	\$ 15.655	\$1,565.50
<b>Total</b>			<b>\$4,588.00</b>

**Residential Condo Property Example: Standard Zone**

<b>Property Characteristics</b> <i>1,000 sq.ft. condo in building of 100,000 sq.ft. with 40,000 sq.ft. lot and 400 feet of frontage</i>	<b>Calculation</b>	<b>Rate</b>	<b>Annual Assessment</b>
Lot Square Footage (pro rata share of 40,000 sq.ft. lot)	$(1,000/100,000) \times 40,000$	0.0130	\$5.20
Gross Building Square Footage (condo)	1,000	0.0130	\$13.00
Linear Frontage (pro rata share of 400 feet)	$(1,000/100,000) \times 400$	\$ 9.692	\$38.77
<b>Total</b>			<b>\$56.97</b>

Each residential condominium will be assessed based upon its unit square footage and a pro rata share of building lot square footage and frontage based upon the size of the condominium in relation to the gross square footage of the building. For condominiums in the Standard zone, the average annual assessment is estimated to be \$58.34, and for condominiums in the Premium zone, the average annual assessment is estimated to be \$114.16.

For properties with frontage on both premium and standard zones, linear frontage will be allocated to each zone, and lot plus building square footage rates will apply to the zone fronting the address side of the building.

### **C. Assessment Adjustments**

**Annual Adjustment:** Annual assessment rates may be adjusted for annual changes in the Tri-County Consumer Price Index (CPI) for all urban consumers and/or other changes in programs costs, not to exceed 5%. Actual annual adjustments may range from 0% to 5%. Assessment adjustments will be contingent upon approval by the DLBA Board of Directors and the annual budget approval by the Long Beach City Council.

**Budget Adjustment:** Any annual budget surplus or deficit will be rolled into the following year's PBID budget. Assessments will be set accordingly, within the constraints of the CPI adjustment, to adjust for surpluses or deficits that are carried forward. Note that the PBID will maintain a reasonable Operating Reserve estimated at approximately 3% of the PBID operating budget.

**General Benefit Adjustment:** The PBID Engineer's Report has found that the PBID may provide de minimus general benefit (i.e. benefits to the general public or surrounding community) that is intangible and unquantifiable. To account for any de minimus general benefit, a 1% general benefit adjustment has been established. Accordingly, one percent of the total PBID budget (1%) will be funded annually by non-assessment revenue.

**Time and Manner for Collecting Assessments:** As provided by state law, the Downtown Long Beach PBID assessment appears as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are distributed in the fall and payment is expected by lump sum or installment. Existing laws for enforcement and appeal of property taxes apply to PBID assessments.

**Disestablishment:** State law provides for the disestablishment of a PBID pursuant to an annual review process. Each year that the PBID is in existence, there will be a 30-day period during which the property owners will have the opportunity to request disestablishment of the district. This 30-day period begins each year on the anniversary day that the district was first established by City Council. Within that 30-day period, if a written petition is submitted by the owners of real property who pay 50 percent (50%) or more of the assessments levied, the PBID may be disestablished. The City Council will hold a public hearing on disestablishing the PBID prior to actually doing so.

## VI. GOVERNANCE

For the Downtown Long Beach PBID, the DLBA, an existing 501(c)6 California non-profit corporation, shall continue to serve as the PBID Owner's Association. The role of the Owner's Association is consistent with similar PBIDs and Downtown management organizations throughout California and the nation. The Owner's Association (i.e. DLBA Board of Directors) determines budgets, assessment rates and monitors service delivery. As part of the Management Plan, the DLBA will manage the delivery day-to-day PBID services in order to:

- Reduce overall administrative costs of the PBID,
- Leverage PBID funds with other resources and capabilities provided by the DLBA,
- Eliminate the potential for duplication of enhanced services and activities, and
- Ensure that Downtown is represented by a unified voice, thereby maximizing Downtown's influence in policies and civic affairs.

Pursuant to the State of California PBID legislation the DLBA Board of Directors is subject to disclosure and notification guidelines set by the Ralph M. Brown Act and California Public Records Act.

The DLBA Board of Directors includes a diverse representation of stakeholders, including Downtown property owners, businesses and residents. Currently, there are nine commercial property owners and two resident representatives on the 19 member voting board. Acknowledging that residential condominiums and parcels owned by non-profits will be added to the PBID, it is anticipated that the DLBA Board of Directors will consider appropriate representation from these stakeholder groups.

DLBA has created Task Forces that invite all PBID assessment payers to participate in program design and development of service delivery approaches and budgets. Task Forces include:

- Marketing & Special Events,
- Public Safety,
- Capital Improvements and Beautification, and
- Economic Development.

**FINAL**

**Downtown Long Beach  
Property-Based Business Improvement District  
Engineer's Report**

## ENGINEER'S STATEMENT

This Report is prepared pursuant to Section 36600 et seq. of the California Streets and Highways Code (the "Property and Business Improvement District Law of 1994" as amended) (herein after "State Law") and pursuant to the provisions of Article XIID of the California Constitution (Proposition 218).

The Downtown Long Beach Property-Based Business Improvement District ("PBID") will provide services either currently not provided or are above and beyond what the City of Long Beach provides. These services will specially benefit each individual assessable parcel in the PBID. Every individual assessed parcel within the PBID receives various levels of special benefit from the programs identified under Section B of this Report. Only those individual assessed parcels within the PBID receive the special benefit of these proposed activities; parcels contiguous to and outside the PBID and the public at large may receive a de minimis general benefit, as outlined in Section E. The cost to provide general benefits, if any, will be funded from sources other than assessments.

The duration of the proposed PBID is ten (10) years, commencing January 1, 2013. An estimated budget for the PBID improvements and activities is set forth in Section D. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners' Association and approved by the City Council but must stay between 0 and 5% in any given year. Funding for the PBID improvements and activities shall be derived from a property-based assessment of each specially benefitted parcel in the PBID. A detailed description of the methodology for determining the proportional special benefit each individual assessable parcel receives from the service and the assessment for each parcel is set forth in Section F.

Respectfully submitted,

Terrance E. Lowell, P.E.

## **SECTION A: LEGISLATIVE AND JUDICIAL REVIEW**

### **Property and Business Improvement District Law of 1994**

The State Law is the legislation that authorizes the City to levy assessments upon the real property for the purposes of providing improvements and activities that specially benefit each individual assessed parcel in the PBID. The purpose of the PBID is to encourage commerce, investment, business activities and improve the quality of life for its residents. In order to meet these goals, PBIDs typically fund activities and improvements, such as, enhanced safety and cleaning, marketing and economic development. Unlike other assessment districts which fund the construction of public capital improvements or maintenance thereof, PBIDs provide activities and improvements "to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts." (Streets and Highways Code Section 36601(b)). The improvements and activities funded through the PBID are over and above those already provided by the City within the PBID's boundaries. Each of the PBID activities or improvements is intended to increase building occupancy and lease rates, to encourage new business development, attract residential serving businesses and services, and improve the quality of life for its residents.

Specifically, the State Law defines "Improvements" and "Activities" as follows:

*"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years..."<sup>1</sup>*

*"Activities" means, but is not limited to, all of the following:*

- (a) Promotion of public events which benefit businesses or real property in the district.*
- (b) Furnishing of music in any public place within the district.*
- (c) Promotion of tourism within the district.*
- (d) Marketing and economic development, including retail retention and recruitment.*
- (e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.*
- (f) Activities which benefit businesses and real property located in the district.<sup>2</sup>*

Under State Law, parcels that are zoned solely residential or agricultural are presumed to receive no benefit from a PBID.

### **Article XIID of the State Constitution**

In 1996, California voters approved Proposition 218, codified in part as Article XIID of the State Constitution. Among other requirements, Article XIID changes the way local

---

<sup>1</sup> California Streets and Highways Code, Section 36610.

<sup>2</sup> California Streets and Highways Code, Section 36613.

agencies enact local taxes and levy assessments on real property. It states, in relevant part, that:

*(a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.*

*(b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California<sup>3</sup>.*

*"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."<sup>4</sup>*

### **Judicial Guidance**

Since the enactment of Article XIID, courts have been asked to render opinions regarding various aspects of Article XIID. The notable portions of cases that apply to assessment districts in general and this PBID in particular are noted below.

*"The engineer's report describes the services to be provided by the PBID; (1) security, (2) streetscape maintenance (e.g., street sweeping, gutter cleaning, graffiti removal), and (3) marketing, promotion, and special events. They are all services over and above those already provided by the City within the boundaries of the PBID. And they are particular and distinct benefits to be provided only to the properties with the PBID, not to the public at large—they "affect the assessed property in a way that is particular and distinct from {their} effect on other parcels and that real property in general and the public at large do not share."<sup>5</sup>*

*"...separating the general from the special benefits of a public improvement project and estimating the quantity of each in relation to the other is essential if an assessment is to be limited to the special benefits."<sup>6</sup>*

---

<sup>3</sup> Section 4, Article XIID of the State Constitution.

<sup>4</sup> Section 2 (j), Article XIID of the State Constitution.

<sup>5</sup> *Dahms v. Downtown Pomona Property and Business Improvement District*, (2009) 174 Cal. App. 4<sup>th</sup> 708.

<sup>6</sup> *Beutz v. County of Riverside*, (2010) 184 Cal. App. 4<sup>th</sup> 1532.

*"...the agency must determine or approximate the percentage of the total benefit conferred by the service or improvement that will be enjoyed by the general public and deduct that percentage of the total cost of the service or improvement from the special assessment levied against the specially benefitted property owners."*<sup>7</sup>

*"...even minimal general benefits must be separated from special benefits and quantified so that the percentage of the cost of services and improvements representing general benefits, however slight, can be deducted from the amount of the cost assessed against specially benefitting properties."*<sup>8</sup>

It is noted that this Engineer's Report is prepared in compliance with the above noted authorizing legislation, the State Constitution and the judicial opinions.

<sup>8</sup> Golden Hill Neighborhood Association, Inc. v. City of San Diego, (2011) 199 Cal. App. 4<sup>th</sup> 416.

## **SECTION B: IMPROVEMENTS AND ACTIVITIES**

The Downtown Long Beach Property-Based Business Improvement District (PBID) is a special benefit assessment district formed in accordance with the Act in 1998 and renewed in 2003 that conveys special benefits to each individual assessed parcel located within the district boundaries. Downtown property owners now want to continue the PBID for an additional ten-year term. As described in the Downtown Long Beach Property-Based Business Improvement District (PBID) Management Plan, it is proposed that the PBID will continue to provide funding for enhanced maintenance, public safety, beautification, marketing and economic development programs, above and beyond those provided by the City of Long Beach.

PBID services are above and beyond those provided by the City of Long Beach. The City of Long Beach has provided an accounting of baseline services that are currently provided within the District and will continue through the duration of the planned renewal. *The City base level of service agreement is attached as an Exhibit to the Management Plan.*

### **ENVIRONMENT ACTIVITIES**

PBID "Environment" activities and improvements are intended to improve commerce and the quality of life by making each individual assessed parcel safer, cleaner and more attractive which will encourage investment dollars downtown and generate additional pedestrian traffic. Environment activities specially benefit each individual assessed parcel, including commercial, government, parking structures, non-profits and residential. The special benefit to each individual assessed parcel from these activities is that a safer and cleaner environment will increase commercial activity, which directly relates to increase in lease rates and customer usage, and a safer and cleaner environment for its residents.

A study published in *The Economic Journal* on the impacts 30 Los Angeles (Property) Business Improvement Districts (BID) have on public safety indicates that for every "additional \$10,000 spent by BIDs on private security it reduces the average number of crimes per neighborhood by 3.37...and 1.65 fewer arrests. Crime specific results indicate that most of the reduction in arrests is for robbery and assault ... BIDs clearly pass a cost-benefit test".<sup>9</sup>

#### **Clean and Safe Program**

Downtown's clean and safe program was developed following the creation of the PBID in 1998. Objectives in managing the program include:

- Deploy a Clean and Safe program that will make a visible, tangible and lasting impact.

---

<sup>9</sup> Cook, Philip, and John MacDonald. 2011. "Public Safety through Private Action: An Economic Assessment of BIDs." *The Economic Journal*, 121 (May) 445-462.

- Document existing City services and ensure that PBID-funded services are supplemental to, and do not replace, existing City services.
- Ensure that the program is properly capitalized and that additional funding will not be required once the PBID is created.
- Provide flexibility in the modeling of the program so that the PBID can either create its own in-house program or contract with private firms.

To meet these objectives, uniformed **Clean Teams** have been deployed throughout downtown to remove litter and graffiti, steam clean sidewalks and maintain furniture in public places. **Safety Guides** provide an emphasis on public safety and have been effective at deterring nuisance crimes, providing hospitality services to downtown tenants, visitors and residents and connecting the district's homeless population to available resources. Recent yearly achievements of PBID funded Clean Team and Safety Guide crews include:

- Pressure washing of more than 36 million square feet of sidewalks
- Removal of 8,136 graffiti tags and stickers
- Nearly 192 tons (384,000 pounds) of trash were collected
- Nearly 6,000 pounds of weeds were removed
- Safety Guides made more than 115,000 business contacts
- Safety Guides provided 9,287 citizen assists, gave directions to 10,467 individuals and information to 6,223 persons
- Safety Guides had service contacts with 738 homeless individuals

Continuation of the PBID will allow the Clean Team and Safety Guide crews to build upon these achievements and keep Downtown Long Beach and each individual assessed parcel clean and safe. The proposed PBID continuation work program anticipates ongoing deployment at the following frequencies:

<b>Clean Team</b>	
<i>Hours of Deployment per Week</i>	992
Weekly F.T.E.	24.8
Average Weekly Coverage	7 days/week
Litter Removal/Pan & Broom	Daily with peak night service in the Premium Area
Machine Sweeping	Daily All Downtown – Higher Frequency in Premium Area
Steam Cleaning: Standard	Once Every 4 to 6 Weeks
Steam Cleaning: Premium	Weekly
Graffiti Removal	Daily As Needed
Light Landscape/Weeds	As Needed
Emergency cleaning	As Needed
Maintenance of PBID funded beautification elements	As Needed

<b>Safety Guides</b>	
Hours of Deployment per Week	664
Weekly FTE	16.6
Coverage in All Areas	12 to 16 hours
Coverage in Premium Areas	12 to 16 hours plus late night on weekends
Foot Patrol	Premium Area Only
Bike & Segway Patrols	Daily All Downtown
Visitor Services, Safety Escorts, Motorist Assist, Homeless Outreach	Daily All Downtown

**Deployment of Clean and Safe Services:** Clean and safe services are deployed in each of two "benefit zones" within the PBID:

- **Premium Service Zone:** The Premium service zone includes areas of highest pedestrian activity where demands for clean and safe services are greatest. This area includes the most significant activity generators within the boundaries of the district, including City Place retail center and the Pine Avenue, Promenade and Long Beach Boulevard corridors, the 1<sup>st</sup> Street corridor in the East Village, and the transit facilities along 1<sup>st</sup> Street. These activities create the conditions requiring a greater amount of clean and safe services, such as dirty sidewalks, the presence of graffiti and the need to provide safety guide assistance. The Management Plan anticipates that service deployment frequencies within the Premium service zone will be three times more than the remainder of the PBID – from the number and type of safety guides to the frequency of sidewalk cleaning. Under the current PBID deployment plan, Safety Guides patrol each block of the Premium Zone between 25 and 40 times per day.
- **Standard Service Zone:** The remaining areas of the PBID encompassed by the Standard service zone have less pedestrian activity and demands for clean and safe services are generally lower. The standard areas have lower intensity activity generators, including less ground floor retail and a higher concentration of office and residential uses. Accordingly, the lower level of pedestrian activity results in reduced need for clean and safe services. Service frequencies within the Standard service zone are less than the frequency of services in the Premium service zone. Under the current PBID deployment plan, Safety Guides patrol each block of the Standard Zone between 8 and 12 times per day, about one third of the frequencies delivered in the Premium service zone.

**Options for Enhanced Security:** The PBID renewal process has evidenced continued property owner concern with both the reality and perception of public safety on downtown streets. There are a variety of elements contributing to this concern, including ongoing challenges with transient and homeless populations, nuisance crimes ranging from aggressive panhandling to vandalism, and other quality of life issues.

In order to more effectively deploy PBID resources to improve enhanced security, funds for information and safety ambassadors may be redistributed to related activities that have been effective in other California PBIDs, including:

- A “navigator program” in which ambassadors would be tasked with a case management approach to match chronic homeless individuals with available social services (Sacramento, Santa Monica).
- Other quality of life and safety initiatives in partnership with local agencies that may be developed and recommended by the DLBA Public Safety Task Force.

**Resident Coordinator:** Also within the budget for the Clean and Safe program is a new Resident Coordinator to help downtown’s residential population utilize Clean and Safe services. The Resident Coordinator will provide information, regularly meet with HOAs and resident associations, represent resident perspectives, and trouble-shoot resident issues related to the PBID’s Environmental services that include cleaning, safety and beautification.

### **Beautification Program**

In addition to the general cleaning and safety programs for the purposes of improving commerce to each individual assessed parcel, the PBID may also provide highly visible improvements that will add to the attractiveness of public spaces; such as cosmetic improvements to the landscape and streetscape on the public rights-of-way throughout the District. While downtown Long Beach has been well maintained, the beautification needs continued refreshing and updating. These improvements may include but not necessarily be limited to:

- Seasonal banners and decorations
- Public art
- Street furniture and amenities
- Feasibility analyses and plans for design, streetscape and other physical improvements
- Other activities and improvements that visibly enhance the Downtown environment

Annual recommendations regarding the allocation of beautification funds are determined by the Capital Improvements and Beautification Task Force that provides recommendations to the DLBA board of directors.

## **ECONOMY ACTIVITIES**

Activities aimed at working with property owners to improve Downtown's overall image, increased sales and building occupancies are part of the PBID Management Plan. These services are intended to provide special benefits to each individually assessed parcel.

**Marketing & Special Events:** Marketing and special event activities will aim to improve the overall image of Downtown with the goal of attracting consumers and visitors, and attracting and retaining businesses, jobs and investment. Initiatives must be designed to provide collective benefits to each individual assessed parcel. While annual work programs and budgets will be developed by the Marketing and Special Events Task Force and approved by the Downtown Long Beach Associates board of directors, programs will be selected from a variety of options that may include the following:

- Advertising, including branding and cooperative campaigns and increased placement and frequency in print media.
- Increased distribution and enhanced quality of publications, including downtown maps, directories and activity guides.
- Improved and increased special event and festival production.
- Public relations efforts to promote a positive image and overall experience.

**Economic Development:** These programs will provide a primary one-stop point of contact for business prospects looking to locate and/or grow in downtown. Comprehensive market information on downtown will be researched, packaged and maintained. Specialized research will identify specific target business groups and niches that are most likely to locate within downtown and benefit from local assets. DLBA staff will serve as a liaison to assist business and property owners in permitting and development review processes. Program staff will work collaboratively with real estate professionals, City staff, and regional economic development groups to coordinate and leverage business attraction efforts.

Responding to the top priority evidenced by downtown stakeholders in the PBID renewal process, the economic development initiative will initially focus on activating storefronts throughout the downtown, including the recruitment of retail stores, temporary or "pop-up" installations, public art and other methods. Initiatives launched by the 2010 Retail Visioning process will also be continued, including but not limited to:

- "Shop Local" campaigns that aims to inform and match residents and employees to downtown retail;
- Traditional and emerging business recruitment programs and activities; and,
- Efforts to welcome new businesses to downtown.

ACTIVITY	Standard Zone	Premium Zone
<b>ENVIRONMENT</b> (all properties)		
<b>Clean Team</b>		
Sidewalk Sweeping	Daily	Daily & Peak Evenings
Power Washing Sidewalks	Once every 4 to 6 weeks	Weekly
Graffiti Removal & Emergency Spot Cleaning	As Needed	As Needed
<b>Safety Guides</b>		
Foot Patrols	No	Yes
Bicycle & Segway Patrols	Yes	Yes
Escort & Visitor Services	Yes	Yes
<b>Beautification</b>	Yes	Yes
<b>ECONOMY</b> (commercial & government only)		
Marketing & Special Events	Yes	Yes
Economic Development	Yes	Yes

## COMMUNICATIONS, ADMINISTRATION & RESERVES

Communication and administrative costs have been included within the PBID budget. Examples of communication and administrative costs include:

- Accounting and annual financial reports,
- Program support costs including supplies, equipment and rent,
- Communications to keep all downtown stakeholders informed of policies, issues, challenges and opportunities,
- A delinquency reserve estimated at 3% of assessments,
- A general benefit reserve estimated at 0.89% of the budget, to be paid with non-assessment revenue. The general benefit reserve is established to address that the PBID may provide de minimus general benefit (i.e. general benefit to the public and/or surrounding community), requiring 0.89% of the budget to be financed by non-assessment revenue, and
- Other administration costs associated with the overhead and administrative support of programs.

To reduce administrative costs, increase leveraging of funds, and to avoid duplication of enhanced services, the PBID will continue to be managed by the Downtown Long Beach Associates to deliver day-to-day services. DLBA can leverage PBID assessments with additional revenues, including business license BID fees, sponsorship revenue, contracts, grants and earned income.

## SECTION C: PBID BOUNDARY

The PBID will encompass approximately 70 blocks of the core of the Downtown area bounded roughly by:

- Shoreline Drive to the south, including the Pine Avenue Circle
- Golden Shore to the west and
- Alamitos Avenue to the east.
- To the north, 3<sup>rd</sup> Street in the western part of the PBID, 8<sup>th</sup> Street in the central part and 4<sup>th</sup> Street in the eastern part.

In general the boundary includes approximately 60 "whole blocks", the remainder includes portions of blocks. The properties within whole blocks have all their street frontages included in the activities, i.e., all four street frontages. The properties within a portion of a block have only the street frontage of the property included in the PBID boundary that receives the PBID activities. All properties within the boundary are included; there are no excluded parcels within the boundary.

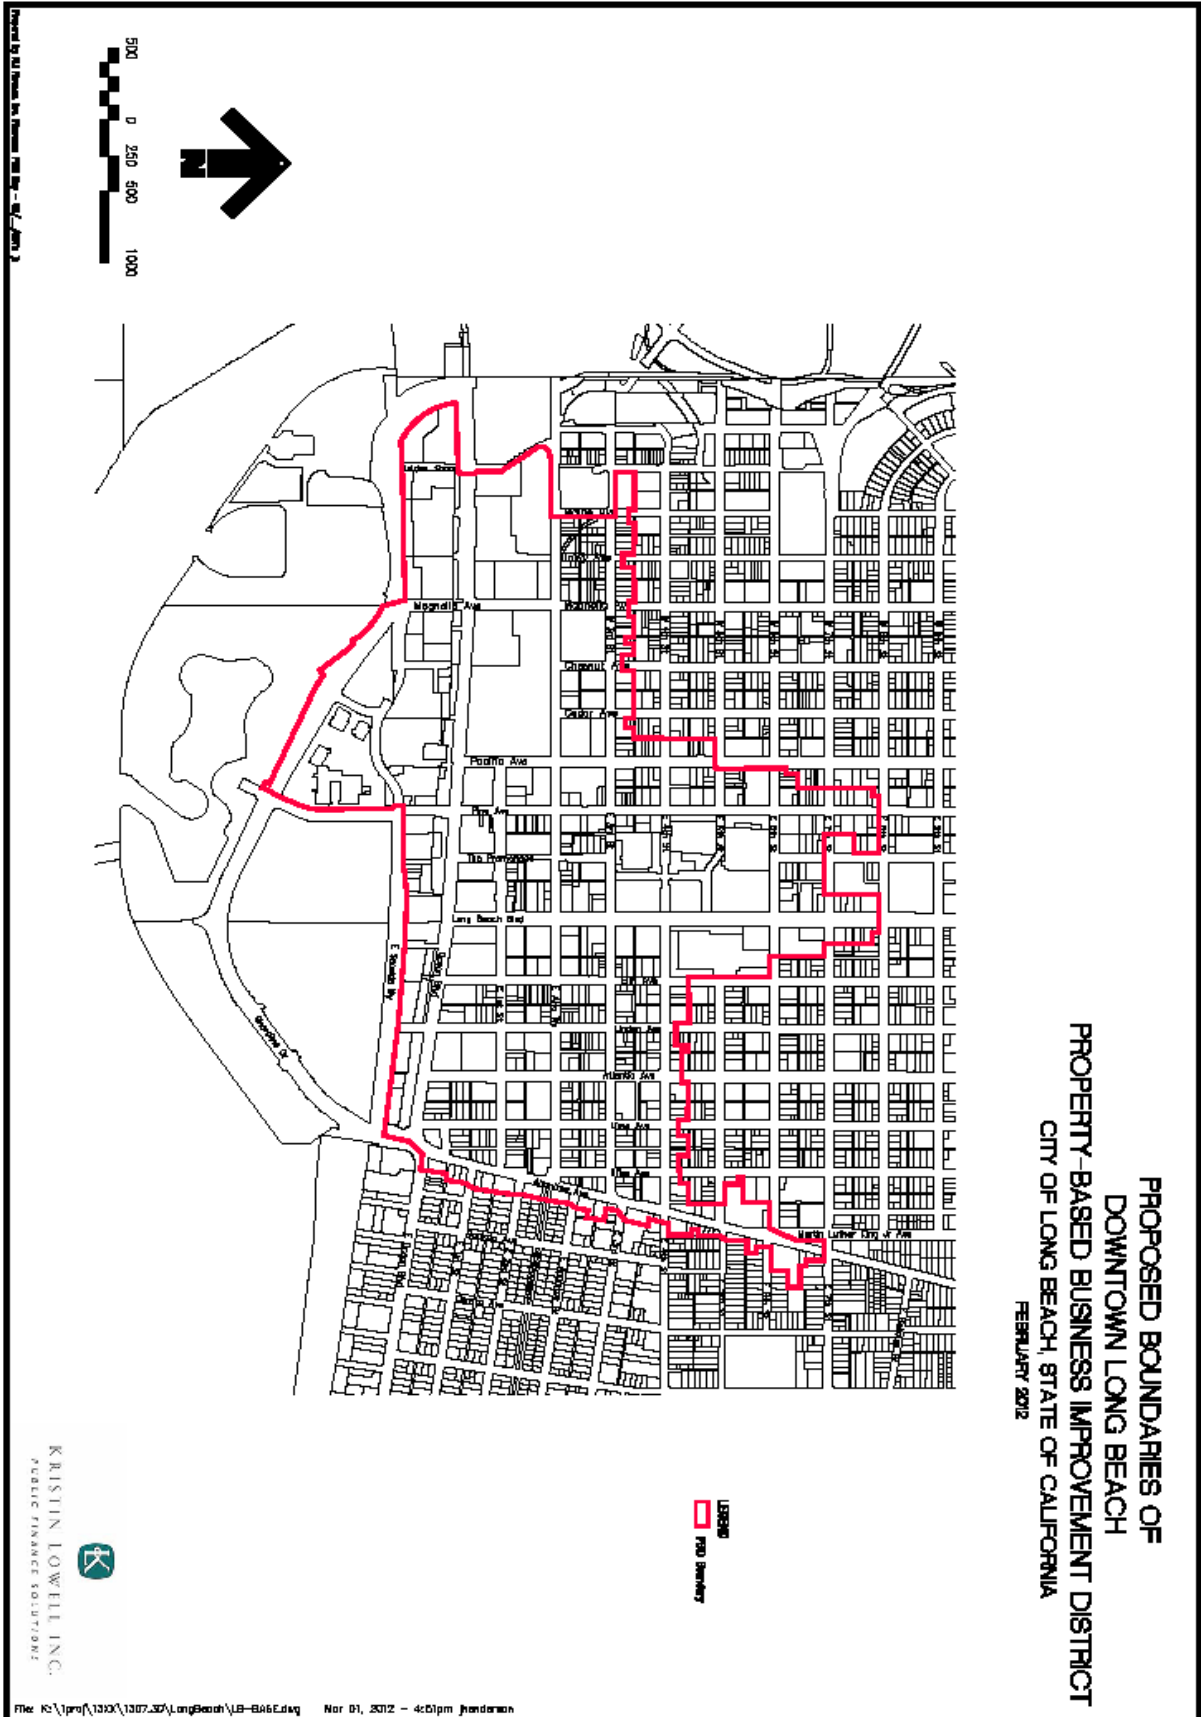

### **Benefit Zones**

Two benefit zones are proposed with two different levels of service. The deployment and frequency of clean and safe services in the premium zone will be greater than the deployment and frequency of clean and safe services in the standard zone. The benefit zones are delineated as follows:

**Premium Service Zone** includes most blocks in the central portion of the PBID bounded by Long Beach Boulevard to the east, 6<sup>th</sup> Street to the north, Pine and Pacific Avenues to the west and Ocean Boulevard to the south.

**Standard Service Zone** includes much of the western portion of the PBID bounded roughly by Pacific Avenue, 3<sup>rd</sup> Street, Golden Shore, Shoreline Drive and Ocean Boulevard. To the east, the standard zone is roughly bounded by Elm Avenue, 4<sup>th</sup> Street, Alamitos Avenue and Ocean Boulevard.

*A map of the proposed district boundary is provided on the next page.*

## SECTION D: COST ESTIMATE

### 2013 Operating Budget

The following table outlines the PBID maximum assessment operating budget for calendar year 2013. The cost allocated to each of these services is in direct relationship to the special benefit each parcel receives from the PBID activities.

REVENUES	Assessments	Other	Total
Assessment Revenues	\$2,248,416		\$2,248,416
Other Revenue, 1.0% (1)		\$22,485	\$22,485
<b>TOTAL REVENUES</b>			<b>\$2,270,901</b>
EXPENDITURES			
<i>Environment</i>			
Clean Teams	\$763,967	\$7,640	\$771,607
Downtown Safety Guides	\$580,339	\$5,804	\$586,143
Beautification	\$96,704	\$967	\$97,671
<b>Total Environment</b>	<b>\$1,441,010</b>	<b>\$14,411</b>	<b>\$1,455,421</b>
<i>Economy</i>			
Economic Development	\$265,762	\$2,658	\$268,420
Marketing & Events	\$299,714	\$2,997	\$302,711
<b>Total Economy</b>	<b>\$565,476</b>	<b>\$5,655</b>	<b>\$571,131</b>
<i>Administration &amp; Reserve</i>			
Administration & Communication	\$174,478	\$1,745	\$176,223
Delinquency Reserve (3%)	\$67,452	\$675	\$68,127
<b>Total Admin &amp; Reserve</b>	<b>\$241,930</b>	<b>\$2,419</b>	<b>\$244,349</b>
<b>TOTAL EXPENDITURES</b>	<b>\$2,248,416</b>	<b>\$22,485</b>	<b>\$2,270,901</b>

(1) Other non-assessment funding to cover the cost associated with general benefit.

### **Budget Notations**

Total program revenue increases by no more than 5% per year, the maximum allowed under the proposed annual budget adjustment to keep pace with increases in the consumer price index and other program costs. Actual budgets may not increase 5% as determined by the DLBA Board of Directors, which is the PBID Owner's Association and formally approved by the Long Beach City Council.

## **SECTION E: SPECIAL and GENERAL BENEFITS**

State Law, Proposition 218, and judicial opinions require that assessments be levied according to the estimated special benefit each assessed parcel receives from the activities and improvements. Article XIII D Section 4(a) of the California Constitution in part states "only special benefits are assessable" which requires that we separate the general benefits, if any, from the special benefits provided by the proposed activities and improvements. Further clarification from the Golden Hill judicial opinion states that "even *minimal* general benefits must be separated from special benefits and quantified so that the percentage of the cost of services and improvements representing general benefits, however slight, can be deducted from the amount of the cost assessed against specially benefitting properties". A special benefit as defined in Article XIII D means a particular and distinct benefit over and above general benefits conferred on real property located in the PBID or to the public at large.

The special benefit to parcels from the proposed PBID activities and improvements described in this Report is equal to or exceeds the total amount of the proposed assessment. Each individual assessed parcel's assessment is no greater than the special benefit it receives from the PBID services. The quantitative analysis of determining the special and general benefit is provided below.

### ***Special Benefit***

All of the PBID activities are to supplement and not replace or duplicate any City provided services. All benefits derived from the assessments outlined in this Report are for property related activities directly benefiting each individual assessed parcel in the PBID. The special benefit must affect the individual assessable parcel in a way that is particular and distinct from its effect on other parcels and that real property in general and the public at large do not share.

The PBID's purpose is to fund activities and improvements to provide a cleaner, safer, and more beautiful environment and to perform the business development services as outlined in Section B with the goal of increasing pedestrian traffic and filling vacant storefronts, office space and residential properties. By presenting a more attractive, safer and vibrant destination, pedestrian traffic will increase.

Pedestrian traffic encourages business development and livability, therefore, we need to quantify the number of people that engage in commerce and/or reside in the PBID. The Downtown Long Beach Association contracted with Farrand Research to conduct intercept surveys within the PBID boundary to determine to what degree respondents engage in any type of commercial activity (going to a restaurant or movie, shopping, visiting a professional or service oriented business, attending a festival or special event or staying overnight), and/or live within the geographical boundary of the PBID. The survey included 673 participants, with a margin of error of 3.8%, and was conducted from April 19-21, 2012 at separate locations within the PBID with all efforts made to include an unbiased cross section of participants.

Of the 673 respondents, 99% of the respondents indicated that they will and intend to engage in at least one of the activities asked in the survey (going to a restaurant or movie, shopping, visiting a professional or service oriented business, attending a festival or special event or staying overnight) within the PBID boundary as opposed to "just passing through" the PBID with no business purpose. The survey also found that of the 673 respondents 100% indicated that at least one of the PBID enhanced services contributed to their decision to come downtown and engage in commerce. The final survey results are attached as Attachment A to this report.

Based on the results of the survey for both the Premium Zone and Standard Zone, we concluded that each of the proposed PBID services and activities provides special benefits to the real property within the PBID. Article XIII D Section 4(a) of the state Constitution states "An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed". Below is an analysis of how each individual assessed parcel benefits from the PBID activities.

**Commercial Parcels:** All commercial parcels will specially benefit to the same degree from all the PBID activities regardless of their commercial use. The Environment Services (clean and safe) will make each of the commercial parcels cleaner and safer. Specifically, each commercial parcel specially benefits from PBID activities, such as: increased security patrol<sup>10</sup>, removing graffiti from their buildings, connecting the homeless to available resources, picking up trash that pedestrians leave behind, weeding and power-washing their sidewalks, beautifying the public rights of way.

The Economy Services (marketing, special events and economic development) will specially benefit each commercial parcel by encouraging business development and investment which generates customer traffic which directly relates to increases in commercial activity, filling of vacant storefronts and offices and then ultimately, increased lease rates for retail and office space and cars parking in the paid parking structures and lots. All commercial parcels will be assessed based on their proportional share of the special benefits received from the PBID activities.

**Residential and Non-Profit Parcels:** All residential and non-profit parcels receive the same level of service and special benefit from Environment Services (i.e. clean and safe) as all other parcels in the PBID by making each of these parcels cleaner and safer. Specifically, these parcels specially benefit from PBID activities, such as: removing graffiti from their buildings, patrolling their sidewalks, connecting the homeless to available resources, cleaning up any debris or broken glass on their sidewalks, weeding and power-washing their sidewalks, and beautifying the public rights of way. Thus, each of these parcels is assessed for the special benefits received from the Environment services. However, these parcels will not receive special benefit from Economy Services (i.e. marketing, special events and economic development) because those uses are not engaged in commercial or customer attraction activities, and will not specially

---

<sup>10</sup> The study published in the Economic Journal, cited previously in footnote 9, indicates that 30 Los Angeles BIDs that provide security services resulted in crime reduction within those districts.

benefit from the increased economic activities. Therefore, they will not be assessed for the Economy Services. However, parcels that are mixed use (commercial and residential) will be assessed accordingly based on each parcel's pro-rata share of commercial and residential square footage to account for the varying levels of special benefit each land use type receives from the PBID activities.

**Publicly Owned Parcels:** The PBID includes publicly owned parcels. All publicly-owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. Article XIII D of the State Constitution contemplates payment of assessments by governmental entities. Section 4(a) of Article XIII D states in relevant part that "Parcels within a district that are owned or used by any agency... shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit."

Publicly owned properties, similar to commercial properties, benefit from both Environment and Economy services. Government properties attract a variety of user groups for both government business and civic uses. Similar to commercial office properties, both user groups and employees within government properties benefit from Environment services that provide a cleaner and safer downtown. Specifically, these parcels specially benefit from Environment activities, such as, removing graffiti from their buildings, patrolling their sidewalks, connecting the homeless to available resources, cleaning up any debris or trash and power-washing their sidewalks and beautifying the public rights-of-way. Publicly owned parcels also benefit from the Economy services which create a more vital civic atmosphere. Specifically these parcels specially benefit from these activities, such as, business development and marketing that aim to increase pedestrian traffic which engages in civic activities.

### **General Benefit**

As required by the State Constitution, the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that are attributed to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from the PBID activities and improvements that are not special in nature, are not "particular and distinct" and are not over and above the benefits that other parcels receive. This analysis will evaluate and determine the general benefits that (1) parcels outside of PBID receive, and (2) the public at large receive.

### **General Benefit to Parcels Outside of PBID**

All the PBID activities and improvements are provided to each of the individual assessed parcels in the PBID boundary. No PBID activities will be provided to any parcel outside of the PBID boundary. However, it is conceivable to conclude that some parcels outside of the PBID boundary may receive some spillover benefit from the Safety activity as well as the Economic Development activities.

In the case of the PBID, the parcels considered outside of the PBID's boundary that may receive a general benefit are those parcels that are immediately adjacent to or immediately across the street from where the PBID services are delivered. If a parcel is at least a parcel away or does not directly front where the PBID services are delivered, then it is not included in this analysis due to the fact that it is not in close proximity to the PBID services and will not receive spill over benefit. Based on these criteria there are approximately 25 commercial/government parcels and 196 non-commercial parcels outside of the PBID boundary that may receive spill-over benefit which we believe to be a nominal benefit from the Safety and Economic Development activities. In order to calculate the benefit these parcels may receive, the percentage of the budget for these activities that may be attributed to parcels outside of the PBID must be determined. The following table illustrates this calculation.

<b><u>Benefit Factor Calculation:</u></b>	<b><u>Budget</u></b>	<b><u>Percent of Total</u></b>	<b><u>x</u></b>	<b><u>Relative Benefit *</u></b>	<b><u>=</u></b>	<b><u>Benefit Factor</u></b>
Budget for Safety:	\$580,339	25.81%		0.25		0.06
Budget for Economic Development:	\$265,762	11.82%		0.25		0.03
TOTAL PBID Assessment Budget:	\$2,248,416					

*\* For purposes of this analysis, we used a conservative 25% relative benefit factor to account for parcels outside the PBID that may receive a nominal benefit from the PBID services.*

To calculate the Benefit Factor, multiply the Percent of Total by the Relative Benefit. The commercial/government parcels outside of the PBID boundary are assigned a total benefit factor of 0.09 (0.06 + 0.03) to account for the fact that they may benefit from both the Safety and Economic Development activities that may encourage commerce not only within the PBID boundary but immediately adjacent to it. The non-commercial parcels outside of the PBID boundary are assigned a benefit factor of 0.06 to account for the fact that they may nominally benefit from the Safety activities. In comparison, there are 3,786 parcels within the PBID boundary, all of which receive a benefit factor of 1.0 acknowledging that they receive 100% special benefit from the PBID activities.

To calculate the general benefit percentage, the respective benefit factors must be applied to the number of parcels both within the PBID boundary and those that are outside of the PBID boundary. The table below shows the calculation for the general benefit percentage.

	No. of Parcels	Benefit Factor	Total Benefit Units
No. of Parcels in PBID:	3,786	1.00	3,786.00
No. of Comm./Govt. parcels outside of PBID boundary	25	0.09	2.35
No. of Non-Commercial parcels outside of PBID boundary	196	0.06	12.65
Total number of parcels	4,007		3,801.00

**General Benefit to parcels outside of PBID boundary** **0.39%**  
(2.35+12.65)/3,801.00

**General Benefit to the Public At Large**

In addition to the general benefit to the parcels outside of the PBID boundary, there may be general benefits to the public at large, those people that are either in the PBID boundary and not specially benefitted from the activities or people outside of the PBID boundary that may benefit from the PBID activities. In the case of the PBID the public at large are those people that are within the PBID boundary that do not pay an assessment and do not specially benefit from the PBID activities. To quantify this, a determination is made of how many people are in the PBID boundary regardless of the PBID activities or that the PBID activities do not influence their decision to be downtown.

Referencing back to the Farrand Research survey, there was a series of four questions posed to the respondents to measure how important the PBID activities are in their decision to be in the PBID boundary. Of the 673 respondents, none of them indicated "Not at all Important" to all four questions relating to the PBID activities. What this indicates is that at least one of the PBID activities was important to every one of the respondents to be in the PBID whether they are in the Premium Zone or the Standard Zone. However, with the 3.8% margin of error in the survey we believe it is conceivable there may be a nominal general benefit attributed to the public at large. Incorporating the 3.8% margin of error into the 673 responses equals 0.01% (3.8% divided by 673 responses) general benefit. However, for the purposes of this analysis, we will apply a conservative 0.5% general benefit to factor in the benefit received by the public at large.

**Total General Benefits**

Using the sum of the two (2) measures of general benefit described above, we find that approximately 0.89% of the benefits conferred by the PBID activities may be general in nature and should be funded from sources other than special assessments. However, to be conservative the PBID operating budget will assume a 1.0% general benefit to be funded from sources other than assessments.

## **SECTION F: PROPORTIONAL SPECIAL BENEFITS**

### **Methodology**

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed Improvements is the result of a four-step process:

1. Defining the proposed activities
2. Defining how each parcel specially benefits from the proposed activities.
3. Determining the amount of special benefit each parcel receives,
4. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the District receive

The proportional special assessment derived by each individual assessed parcel shall be determined in relationship to the entirety of the capital cost of an improvement or the maintenance and operation expenses of an improvement or for the cost of the parcel related service being provided. Due to the proportionate special benefits received by these parcels from the District services, these parcels will be assessed a rate which is proportionate to the amount of special benefits received.

### **Special Benefit Factors**

Each of the PBID activities is designed to meet the goals of the District; to improve the cleanliness, safety and appearance of each individual assessed parcel and the public areas immediately adjacent to their parcel within the District, and in turn, increase building occupancy and lease rates, encourage new business development, and attract residential serving businesses and services and improve the quality of life for its residents. All parcels within the PBID receive special benefit to varying degrees from the PBID activities, as previously discussed. A determination of how much each individual assessed parcel specially benefits from these activities is related to each parcel's linear street frontage, lot and gross building square footage. For the District activities, the best measure of proportional special benefit for an individual parcel is determined by a ratio of the parcel's assessable square footage to the total assessable square footage of all parcels in the District boundary, respective of each individual assessed parcel's benefit zone.

The way to measure proportional special benefit for an individual parcel is determined by a ratio of the parcel's linear street footage, lot and gross building square footage compared to the total linear street footage, lot and gross building square footage of all parcels in the District boundary.

**Linear Frontage:** Is a primary assessment variable in the Standard and Premium service areas. All Clean Team costs and one-half of the Safety Guide costs are allocated through linear frontage, acknowledging the benefit of these services is to make each individual assessed parcel's frontage cleaner and safer. All sides of the parcel's linear frontage receive special benefit from the clean and safe activities. Each side of the

frontage is assessed based on each individual parcels benefit zone. For example, a parcel on the corner of the Premium and Standard zone will be assessed for its frontage in the Premium Zone at the Premium Zone frontage assessment rate plus its frontage in the Standard Zone at the Standard Zone frontage assessment rate.

**Lot plus Gross Building Square Footage:** The sum of lot and gross building square footage is the assessment variable for one-half of the Safety Guide costs and the full costs of beautification, marketing and special events and economic development. Beautification activities are anticipated throughout the district and thus each individual assessed parcel's lot and gross building square footage will benefit from these improvements. The economy activities are designed to improve image, occupancy, sales and business retention and recruitment to each individual assessed parcel. Each of these parcel's lot and gross building square footage will specially benefit from the increased economic activity. One-half of Safety Guide costs are allocated to lot and gross building square footage acknowledging that each individual assessed parcel's square footage specially benefits from a safer environment for its employees, residents and visitors both on the street level and within buildings. The inclusion of lot square footage in the calculation acknowledges the greater benefits of these services to the ground level of each individual assessed parcel. The lot and gross building square footages are from the County of Los Angeles tax records.

### **Property Use Considerations**

**Parking Facilities:** Not all parking facilities receive the same level of benefit from the PBID activities and will be assessed for the special benefits each parcel receives.

1. **Parking structures** that are completely integrated within a building, sharing the same owner and parcel as the building, primarily used for the private use of building residents/tenants/owners, not intended for commercial operation, and which do not specially benefit from the attraction of business or an increase in pedestrian traffic will not be assessed. The integrated parking within a building is intended only for internal building access. This type of private parking structure does not receive special benefits from the PBID services provided for the main building at the street level. Therefore, the portions of these buildings which consist of parking will be subtracted from the overall gross building square footage since the parking square footage does not benefit.
2. **Stand-Alone Parking Structures** with different ownership than the adjacent building will benefit from increased commerce. Non-integrated structured parking, with separate ownership, because of its commercial nature and diversity of users requires PBID services and receives more special benefits than parking that primarily serves a single building. However, they will not specially benefit from all of the PBID activities to the same extent as other commercial businesses. These structures will fully benefit from the Environment Services by making each parcel cleaner, safer and more beautiful. However they will only benefit one-half from the Economy services as there are limitations on their ability to generate income and benefit from the increase in economic activity.

3. **Surface Parking Lots** will benefit from the increased commerce. The surface parking lots specially benefit from all the PBID activities by making each parcel cleaner, safer, more beautiful and increased economic activity. Therefore, these parcels will be assessed for the special benefits received to the linear frontage, lot and building square footage.

## SECTION G: APPORTIONMENT METHOD

As previously discussed in Section B the PBID activities are determined and segregated into the two benefit zones based upon each Zone's demand for service and benefits received. The table below summarizes the assessable footages for the linear street frontage, lot square footage and building square footage for each land use type within each benefit zone:

Benefit Zone and Land Use	Lot Sq.Ft.	Bldg Sq.Ft.	Linear Frontage
<b>Premium Zone</b>			
Commercial/Government	2,411,852	3,881,136	26,071
Residential/Non-Profit	421,423	1,147,035	3,629
Parking	486,657	1,465,348	3,307
<b>Standard Zone</b>			
Commercial/Government	6,283,835	6,214,453	45,554
Residential/Non-Profit	2,340,362	5,094,240	21,904
Parking	221,498	1,046,114	4,166

**Benefit Zone Assessments:** As previously discussed the District is segregated into two benefit zones based on frequency of service. The budget for each zone is then allocated to each individual assessed parcel based on the each parcel's lot square footage, building square footage and linear street frontage. However not all land uses benefit equally from the proposed PBID activities, as previously discussed. To account for this the following table is a summary of the assessment factors and which portion of the PBID activities is applicable to each respective assessment factor and land use classification. The resulting assessment calculation by PBID activity, assessment factor and benefit zone follows:

	Standard	Premium
Lot Frontage (100% clean + 50% safe to all properties)	\$9.692	\$15.655
Lot + Building Sq.Ft. (50% safe to all properties)	\$0.0094	\$0.0136
Lot + Building Sq.Ft. (100% beautification to all properties)	\$0.0036	\$0.0036
Lot + Building Sq.Ft. (100% economy to commercial and govt only)	\$0.0293	\$0.0293

**Total Estimated Assessments:** Based upon the above described methodology, land use characteristics and the proposed PBID budget, approximate linear frontage, lot and building assessments are calculated. Assessments will not exceed the following amounts during the first year of the PBID:

	Standard	Premium
Annual Assessment on Lot Frontage (all properties) per linear foot	\$ 9.692	\$ 15.655
Plus: Lot + Building Square Footage		
• Commercial & government properties	0.0423	0.0465
• Parking structures	0.0277	0.0318
• Residential and Non-Profits	0.0130	0.0172

**Calculation of Rates:** The following examples illustrate how the preceding rates are applied to parcels within the Downtown Long Beach PBID.

**Commercial Property Example: Premium Zone**

Property Characteristics:		Rate	Annual Assessment
<i>50,000 sq.ft. office building</i>			
Lot Square Footage	15,000	\$0.0465	\$697.50
Building Square Footage	50,000	\$0.0465	\$2,325.00
Linear Frontage	100	\$15.655	\$1,565.50
<b>Total</b>			<b>\$4,588.00</b>

**Residential Condo Property Example: Standard Zone**

Property Characteristics		Rate	Annual Assessment
<i>1,000 sq.ft. condo in building of 100,000 sq.ft with 40,000 lot sq.ft. and 400 feet of frontage</i>			
Lot Square Footage <i>(pro rata share of 40,000 sq.ft. lot)</i>	(1,000/100,000) x 40,000	\$0.0130	\$5.20
Gross Building Square Footage (condo)	1,000	\$0.0130	\$13.00
Linear Frontage <i>(pro rata share of 400 feet)</i>	(1,000/100,000) x 400	\$9.692	\$38.77
<b>Total</b>			<b>\$56.97</b>

Each residential condominium will be assessed based upon its unit gross building square footage and a pro rata share of building lot square footage and frontage based upon the size of the condominium in relation to the gross square footage of the building.

For properties with frontage on both premium and standard zones, linear frontage will be allocated to each zone, and lot plus building square footage rates will apply to the zone fronting the address side of the building.

**Annual Assessment Adjustments**

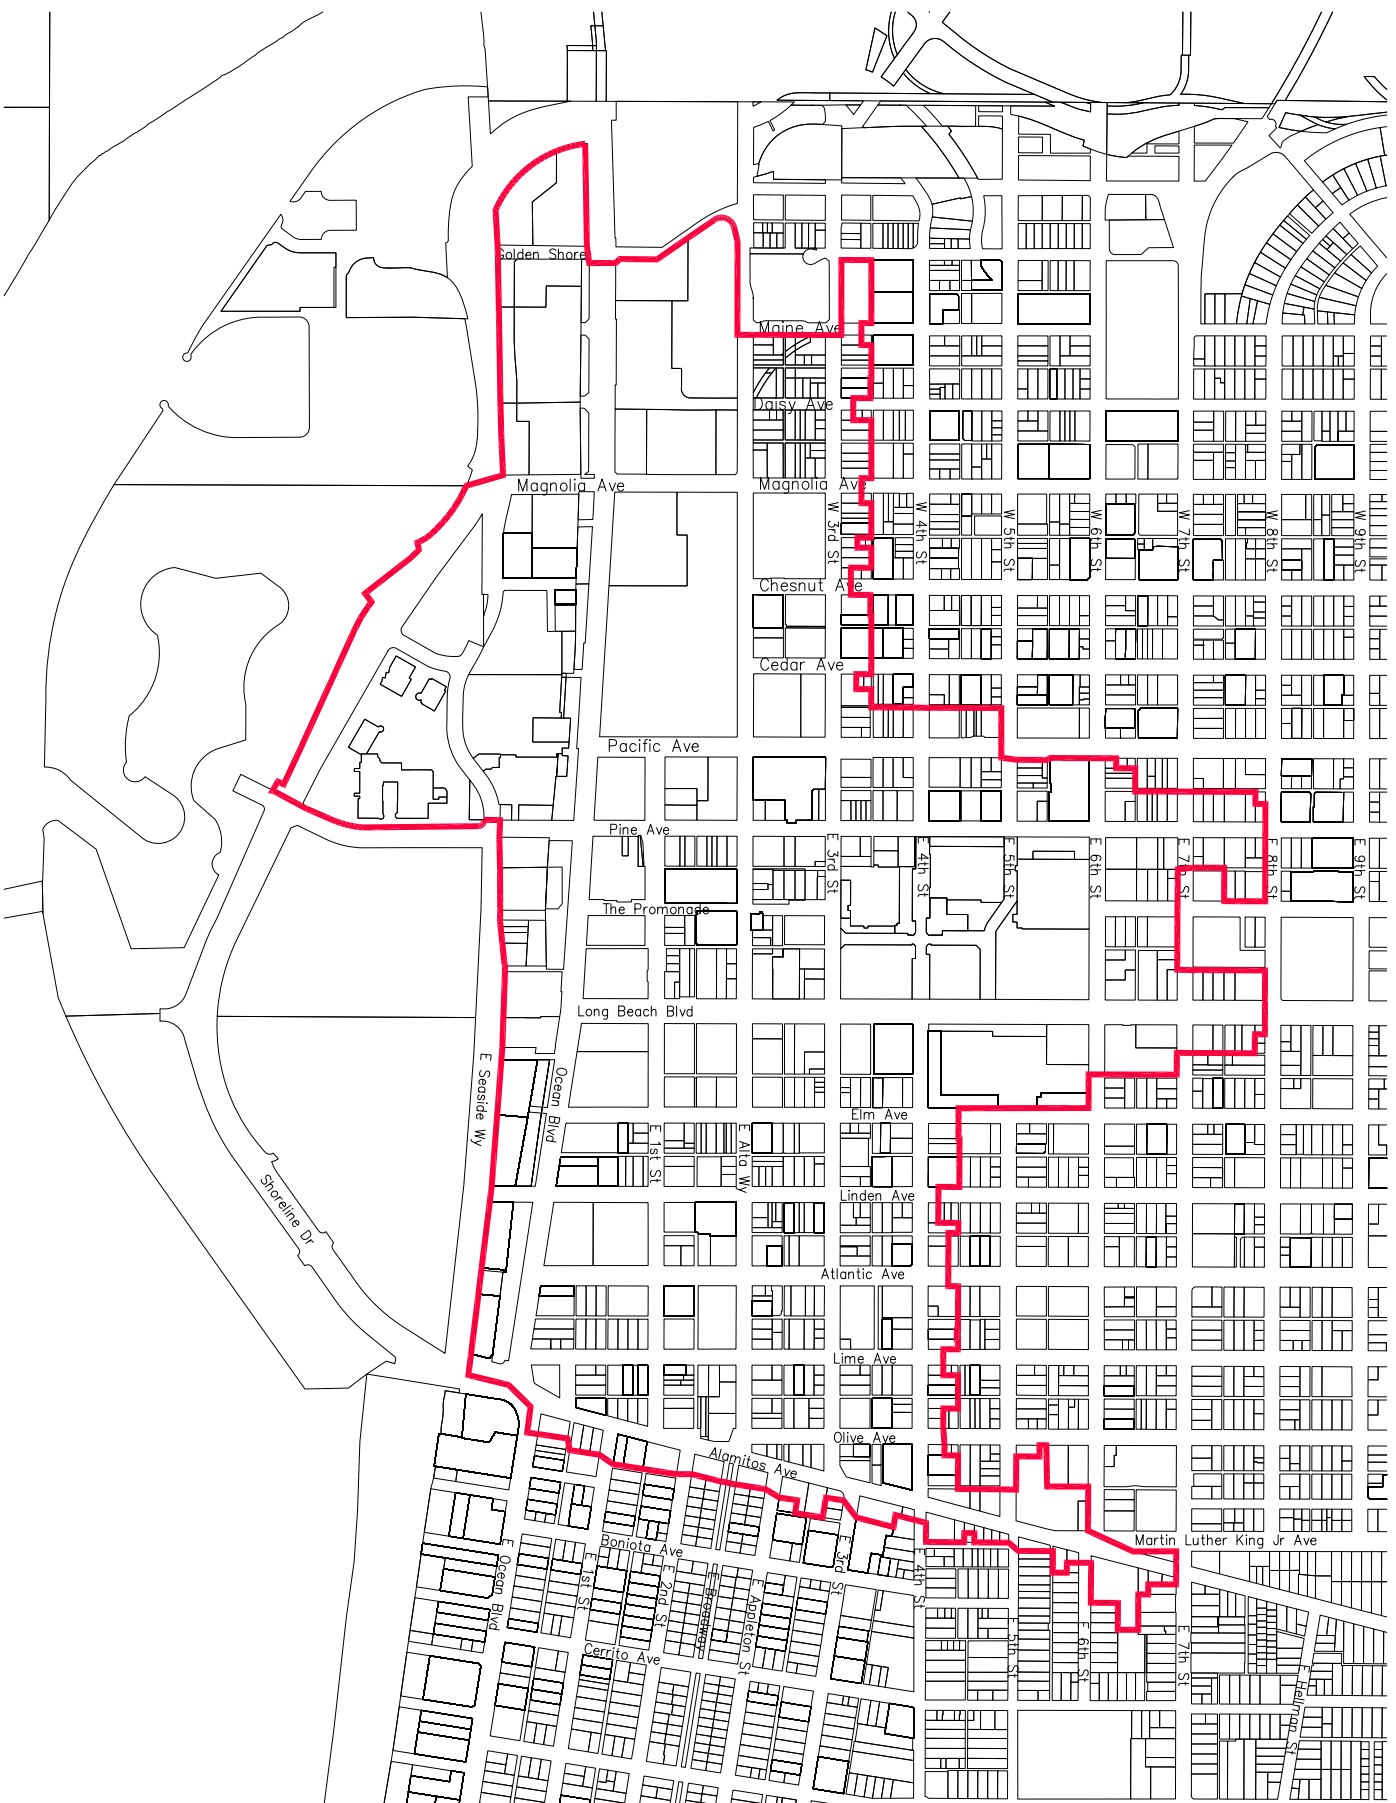

**Future Development:** As a result of continued development, the PBID may experience the addition or subtraction of assessable linear street frontage, lot and building square footage for parcels included and assessed within the PBID boundaries. The modification of parcel improvements assessed within the PBID may then change upwards or downwards the amount of total footage assessment for these parcels.

## **SECTION H: ASSESSMENT ROLL**

The total assessment amount for 2013 is \$2,248,416 apportioned to each individual assessed parcel. For a complete listing of assessed parcels, please see Attachment B: Assessment Roll, attached as a separate document.

Assessment Allocations Under Article XIII D of the California Constitution.

**Question Presented.**

You have asked whether a property located within an assessment district that receives a special benefit must be allocated a proportionate share of the cost of the special benefit received.

**Short Answer.**

Yes. Each property within an assessment district that receives a special benefit must be allocated a proportionate share of the cost of the special benefit.

**Discussion.**

**A. Mandatory Allocation of Costs in Proportion to Special Benefit Conferred**

Article XIII D Section 4(a) of the California Constitution provides, in pertinent part, that an agency which proposes to levy an assessment shall "identify ***all parcels which will have a special benefit conferred upon them*** and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel is to be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable costs of the proportional special benefit conferred on that parcel."

Goldfarb & Lipman LLP

Article XIII D Section 4(a) has been interpreted by the court in *Golden Hill v. City of San Diego*, 199 Cal. App. 4<sup>th</sup> 416 (2011) as a restriction "on government's ability to impose assessments in several important ways. First, it tightens the definition of the two key findings necessary to support an assessment: special benefit and proportionality. An assessment can be imposed *only* for a special benefit conferred on a particular property." *Id.* at 422,423.

In addition to the analysis provided above in *Golden Hill*, the court's analysis on the special benefit and proportionality requirement under Article XIII D in *Beutz v. County of Riverside*, 184 Cal. App. 4<sup>th</sup> 1516 (2010) proves to be instructive.

In *Beutz*, the California Court of Appeal for the Fourth District held that the County of Riverside failed to meet its constitutionally mandated burden of demonstrating that the assessment imposed under its assessment district was proportional to, and did not exceed the value of the special benefits conferred. In *Beutz*, the County of Riverside formed a special assessment district to pay the annual costs of refurbishing and maintaining landscaping in four public parks in the community. *Beutz*, a residential property owner within the district, filed suit against the County of Riverside to void the assessment on grounds that the assessment violated Article XIII D of the California Constitution. Though focusing on the need to separate general from special benefits as required by Article XIII D, the court also addressed the special benefit and proportionality requirement.

"The special benefit and proportionality requirements are perhaps best understood as being interrelated, not separate, requirements. The proportionality requirement ensures that the aggregate assessment imposed on *all* parcels is distributed among all assessed parcels in proportion to the special benefit conferred on each parcel. The special benefit requirement is thus part and parcel of the proportionality requirement. It is useful, however, to separately discuss special benefits in order to ascertain whether the public improvement or property related service underlying the assessment confers any special benefits on district in the first place." *Beutz*, 184 Cal. App. 4<sup>th</sup> 1516, 1522.

In another case that examined the proportionality requirement, the California Court of Appeal for the First District found, in *Town of Tiburon v. Bonander*, 180 Cal. App. 4<sup>th</sup> 1057(2009), that the Town of Tiburon failed to meet its burden under Article XIII D Section 4(f) where it excluded certain properties from the district, despite the fact that these properties received a special benefit. The court reasoned that, "If a property receiving a special benefit is excluded from the assessment district, then the assessments on properties included in that district will necessarily exceed the proportional special benefit conferred on those properties." *Town of Tiburon* at 1086.

The Court's analysis of the proportionality requirement in both *Beutz* and *Town of Tiburon* is instructive to agencies forming special districts because they will have the burden under Article XIII D Section 4 (f) of proving that the amount of the assessment

is proportional to, and no greater than, the benefits conferred on the property in the event the assessment is challenged.

In the question before us, you have asked whether a certain class of properties located within a Property and Business Improvement District ("PBID") that receive a special benefit may be excluded from having the cost of the special benefit attributed to the properties. As demonstrated in *Town of Tiburon*, the exclusion of a certain class of properties that receive a special benefit may result in altering the assessment calculation such that the class of parcels which are not excluded could be subject to increased assessment costs. If the costs of the benefits provided to excluded properties are spread among the other properties in the district, the aggregate assessment imposed on all remaining parcels would not be in proportion to the special benefit conferred on each parcel as required by the courts' analysis in *Beutz, Tiburon* and *Golden Hill*.

If, during the formation of the district, a policy decision is made to exclude a certain class of properties, one alternative to reducing the overall amount of the assessment is the utilization of a source of funds outside the district to pay the costs of the special benefits provided to the excluded properties. If an excluded property receives a special benefit, someone other than the remaining property owners assessed must pay for the benefit.

Section 36632(c) of the Property and Business Improvement District Law of 1994 provides a statutory basis to exclude properties zoned solely for residential use from assessments levied by a PBID. These properties are conclusively presumed not to benefit from the improvements and services funded through such assessments. Please note that this statutory provision has not been validated by the courts and we cannot advise you whether a legislative finding that property zoned solely for residential use receive no special benefit will pass Constitutional muster.

**Conclusion:**

Where a special benefit is conferred, the benefitting property must be allocated a share of the costs in proportion to the benefit received, thereby ensuring that the assessments imposed on all assessed properties within the district are calculated in the appropriate manner. Failure to adhere to this constitutional mandate could subject the assessment to challenge.
