Subject: Agenda Item 16

This is my comment / request for Agenda item16 (RV's and oversized vehicles) of tonight's city counsel meeting:

RV's need to be restricted from parking on our public streets. Neighbors who own RV's do not care about their neighbors and what parking their large vehicles on the street cause, also RV owners who are not Long Beach tax paying residents, park in front of my home on Parkcrest (Heartwell Park) and have had traffic of many people. That activity is suspicious and is of the opinion of drug dealings. I have called the Police. Please approve this bill.

Anthony Cruz

Parkcrest Resident

District 5
