PUBLIC COMMENT:	kelli Johnson	kellijohnson1@mac.com			Long Beach	California	90807	I am writing to support the proposed bike lane and traffic safety improvements in Los Cerritos. The safety of children riding their bikes to school and commuters walking from the train, are top priorities for a thoughtful community. The fact that these long overdue improvements are paid for with federal funding is a huge bonus! Los Cerritos residents for over 50 years, we have waited long enough for a signal at Pacific Ave Let's say thank you to city staff and get this project started!	4/8/13 11:05 PM
8. (13-0302) Recommendation to request City Manager to direct appropriate staff to provide the information necessary to conduct a "total cost of ownership study" and to report back to the City Council the results of such study.	Mauna Eichner	melf@charter.net			Minnea	Minnesota	55407	This is a good thing for the city and city employees. It's shocking that a city of our size has no efficient system to account for its employees time. I urge you to approve this agenda item.  Lee Fukui	4/8/13 11:05 PM
PUBLIC:	Neil Navin	neil.navin@fluor.com			Long Beach	California	90803	My Name is Neil Navin. I am a resident of Long Beach. I am writing in support of the proposed traffic calming & bike lane improvements proposed for the Los Cerritos / Bixby Knolls area. I urge the council to proceed with the project. Transportation and biking infrasture is essential to the quality of life in the city. Interconnecting these reources will improve their overall functionality of the system for central and North Long Beach. Thank you, Neil Navn	4/9/13 12:44 PM

PUBLIC:	Megan	megmckerr@yahoo.com	90807		Long Beach	California	90803	I am a lifelong BK resident (current 8th district) and I WHOLEHEARTEDLY support the city plans re: bike lanes, round-abouts, new lights, etc. I have driven & biked thru this area my whole life, and now my teenage children are doing the same. I wouldn't label myself a "bike enthusiast", I am a citizen who enjoys riding in our neighborhoods. Two of my kids have been hit while riding (they were following the rules) These are important and necessary changes help with traffic safety and bike safety.	4/9/13 11:57 AM
14. (13-0312) eComments received for the City Council meeting of Tuesday, April 9, 2013.	Andrew Kerr	akerr.ca@gmail.com			Long Beach	California	90807	I would like to voice my support for the efforts made by the City, community leaders & Councilman Austin to create bicycle friendly zones in the Bixby Knolls/Los Cerritos communities. I too depend on my car for transportation, but critics of these plans are stuck in a mind-frame that has resulted in traits that haunt California communities like ours today, overly dependent on the auto (pollution, congestion), enough! Let's move forward & make our City more livable. --Andrew Kerr, Bixby Knolls	4/9/13 2:04 PM
