

Long Beach Continuum of Care Board Meeting
Homeless Housing, Assistance and Prevention (HHAP) 3
Homeless Action Plan – City of Long Beach

June 6, 2022

The State of California, as part of its Homeless Housing Assistance and Prevention (HHAP) Round 3 application process, requires that each community create a homeless action plan. The application is due by June 30, 2022, and the funding must be spent down by June 30, 2026. The Long Beach Department of Health and Human Services, Homeless Services Bureau staff has hosted multiple community input sessions to hear from community members and ensure that the feedback of the community is reflected within the creation of the spending plan and outcome goals and strategies. Two Community Feedback Sessions were held on May 11 and May 17, 2022, and one Lived Experience /Expertise Session was held on May 19, 2022, for a total of three sessions.

The homeless action plan includes data elements such as the number of people currently experiencing homelessness, number of people currently served, and the identification of all funds used and budgeted to be used. Additionally, the State also requires agencies to establish Outcome Goals for the progress that they will make in preventing and reducing homelessness over the three-year period of July 1, 2021, through June 30, 2024. Outcomes Goals are not intended to be related to HHAP-3-funded activities alone, but rather are intended to represent jurisdictional or system-wide goals for making progress on preventing and ending homelessness through the implementation of the full range of federal, state, and local funding sources and through many other kinds of strategies and activities.

These elements of the HHAP 3 application are hereby agendaized to this CoC meeting. In addition, a presentation will be made by the Homeless Services Bureau.
