Attn LB Planning Commision

I fully support Parklets at Legends establishments. This was a huge success in the past years as we live in a state where we need to take advantage of our great California weather. Its was a great addition to Belmont Shore and would love to see the return of this. Please do not let a few negative people make a decision on something they have no effects. I live extremely close to Legends and having Parklets have little to no effect in the area. The reward is much more beneficial.

Sincerely

Frank Elizondo.

Long Beach Planning Commission

To Whom it May Concern,

Please allow Legend's Sports Bar to keep their parklet. It provides a wonderful outdoor dining experience for the customers, and provides an inviting and fun atmosphere for 2nd Street and Belmont Shore as a whole.

Sincerely,
Courtney Sabbagh

ATTN Long Beach Planning Commission,

We so enjoyed the outside dinning at Legends during the pandemic and thereafter until it was removed. We continue to enjoy our weekends and other events at Legends but we truly enjoy being outside in the fabulous California weather. We would like to ask to see outside tables and seating restored to the 2nd Street area in Belmont Shores as is was such a great experience. Not only could we enjoy the company that we met at Legends but there always seemed to be a friend that was passing by that we could strike up a great conversation.

Please bring back this great addition to Legends and the Belmont Shores area.

Please feel free to contact us.

Planning Commission: Regarding Application #2302-02

We are residents of Belmont Shore and we want to express our support for Legends getting a parklet on Second Street. We like the access for outdoor dining and feel the parklets add a cheerful and inviting atmosphere. Legends is a responsible business and would do a good job on upkeep and have an attractive, welcoming design that would add to the community.

Thank you for considering our views!
