**PROJECT AGREEMENT-V14
Los Angeles County Regional Park and Open Space District Grant**

(From the Los Angeles County Proposition A, Safe Neighborhood Parks, Gang Prevention, Tree-Planting, Senior and Youth Recreation, Beaches and Wildlife Protection ("the 1992 Proposition"), which voters approved on November 3, 1992; and Los Angeles County Proposition A, Safe Neighborhood Parks Act ("the 1996 Proposition"), which voters approved on November 5, 1996.

Grant No.: 58F5-11-2259

The Grantee listed below ("Grantee") and the Los Angeles County Regional Park and Open Space District ("the District") do hereby enter into this Project Agreement-V14 ("this Agreement"), and under the terms and conditions of this Agreement, Grantee agrees to complete the project as described in the Description of the Project and the District, acting through the Director of the County of Los Angeles Department of Parks and Recreation and pursuant to the Propositions, agrees to fund the project up to the total grant amount indicated.

Grantee: City of Long Beach
Project Name: Sleepy Hollow Greenway Project
Grant Amount: One hundred thousand dollars (\$100,000.00)

Awarded pursuant to Funding Identification Code: 4. h. 4. A.ii.

Description of Project:

Construction of a linear greenbelt adjacent to 47th St. from Sleepy Hollow Park to the LA River in the City of Long Beach. The project will include the addition of native landscaping and broad canopy trees along the Greenbelt to provide safe public access to the LA River Bike Trail, DeForest Wetlands, Dominguez Gap and the proposed Del Amo and Oregon Park.

Project Performance Period: FROM: 03/01/2011 TO: 12/31/2015

Special Provisions

- A. The Project Agreement is hereby rescinded, in its entirety, and replaced, without limitations, with the attached project agreement (Project Agreement-V14), hereinafter referred to as "this Agreement", effective upon execution by all parties.

General Provisions

A. Definitions

1. The term "Grantee" as used herein means the party described as Grantee on Page 1 of this Agreement and any future successor(s).
2. The term "Application" as used herein means the individual application, and its required attachments, for the grant identified on Page 1 of this Agreement.
3. The term "Board of Supervisors" means the County of Los Angeles Board of Supervisors, acting in its capacity as the governing body of the District.
4. The term "District" as used herein means the Los Angeles County Regional Park and Open Space District. Unless otherwise specified herein, the Director of the County of Los Angeles Department of Parks and Recreation shall administer this contract on behalf of the District.
5. The term "Procedural Guide" as used herein means the Procedural Guide(s), and any subsequent amendments or changes thereto, issued by the District for grants awarded pursuant to the section(s) of the Propositions as described on Page 1 of this Agreement.
6. The term "Project" as used herein means the Project that is described on Page 1 of this Agreement.
7. The term "Propositions" as used herein means Los Angeles County Proposition A, Safe Neighborhood Parks, Gang Prevention, Tree-Planting, Senior and Youth Recreation, Beaches and Wildlife Protection, which voters approved on November 3, 1992 and Los Angeles County Proposition A, Safe Neighborhood Parks, which voters approved on November 5, 1996.

B. Project Execution

1. Subject to the availability of grant monies from the Propositions, the District hereby grants to the Grantee a sum of money (grant monies) not to exceed the amount stated on Page 1 in consideration of, and on the condition that the sum be expended in carrying out, the purposes set forth in the Description of Project on Page 1 and under the terms and conditions set forth in this Agreement, the Propositions (see Attachment A) and the attached Application (see Attachment B).

Grantee agrees to furnish any additional funds that may be necessary to complete the Project. Grantee agrees to budget and appropriate annually, in each fiscal year until completion of the Project, an amount equal to the total estimated cost of the Project less the grant amount stated on Page 1 of this Agreement.

2. Grantee agrees to complete the Project in accordance with the time of Project performance as set forth on Page 1, and under the terms and conditions of this Agreement and the Procedural Guide. The time of Project performance may be extended upon mutual agreement, in writing, of the Grantee and District. The requirements of the Propositions and of this Agreement last in perpetuity and may be enforced by the District at any time.

3. Grantee shall comply as lead agency with the California Environmental Quality Act, Public Resources Code, Section 21000, et. seq. Prior to submitting requests for reimbursement of actual construction or acquisition costs, Grantee agrees to file with the District a copy of the Mitigated Environmental Impact Report or Negative Declaration along with a response from the State Clearinghouse, if required; and a copy of the Notice of Determination filed with, and stamped by, the County Clerk; or, if the Project is categorically exempt, then a copy of the Notice of Exemption filed with, and stamped by, the County Clerk, or at the District's sole discretion, other written certification of exemption as deemed acceptable by the District.
4. Grantee agrees that, prior to incurring actual development and/or acquisition costs, it will submit all requested development and/or acquisition documents to the District for prior review and approval.
5. Grantee shall use monies allocated in this Agreement, to the maximum extent practical, to employ youth from the community in which the Project is being carried out. Grantee is encouraged, and has authority to use said monies, to provide funding through agreements with community conservation corps, the California Conservation Corps and other community organizations, particularly when youth can be employed to work on restoration or rehabilitation projects being carried on in their own communities. Such agreements shall be entered into solely for the accomplishment of the Project described on Page 1 of this Agreement.

Therefore, prior to requesting reimbursement for actual construction, development or acquisition costs, Grantee must submit a report to the District describing its efforts to employ youth in the community. The report shall contain, at a minimum, the number and approximate age of youth to be employed at each stage of the Project, a description of the work the youth will perform, the process by which the youth shall be employed, the amount the youth will be paid and, the name of any organizations or agencies that will supply youth to be employed on the Project, as well as a description of Grantee's efforts to employ youth in every stage of the Project.

Grantee must comply fully with all State and Federal laws regarding the employment of youth on the Project.

Notwithstanding the above, the District reserves the right to establish goals for the employment of youth if, in the District's opinion, it is necessary to do so in order to accomplish the purposes of the Propositions.

6. Grantee agrees to file with the District copies of any contracts or agreements executed for work on the Project. Grantee further agrees that it will make a good faith effort to recruit and promote minority-owned and women-owned businesses to participate in the process for the award of any contracts or agreements executed for work on the Project.

Therefore, when filing with the District a copy of any contract or agreement for work on the Project, said copy will be accompanied, at a minimum, by a description of the process used for identifying minority and women contractors or vendors; a list of firms from which the Grantee solicited or received offers; and comparative statistics regarding the minority and women participation and percentage of minority and women ownership of each contractor and subcontractor working on the Project. In addition, said copy will be accompanied by a statement affirming that, on final analysis and consideration of award, contractor or vendor was selected without regard to race, color, creed or gender, unless City, State or Federal laws and/or regulations or court decisions require otherwise, in which case the Grantee will state the applicable reason. Grantee further agrees to retain on file, and to make available to the District on request, statistical information regarding the minority and women participation and percentage of minority and women ownership in each firm participating in the bidding process.
7. Grantee agrees to secure completion of the development work in accordance with the approved development plans and specifications or force account schedule.

8. Grantee agrees to permit the District to make periodic site visits to determine if development and/or work is in accordance with the approved plans and specifications, or force account schedule, including a final inspection upon Project completion.
9. Any modification or alteration in the Project, as set forth in the Application on file with the District, must be submitted, in writing, to the District for prior approval. No modification shall be effective until and unless the modification is executed by both Grantee and the District.
10. If the Project includes acquisition of real property, Grantee agrees to comply with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code and any applicable federal, state, or local laws or ordinances. Documentation of such compliance will be made available for review upon the District's request.
11. If the Project includes acquisition of real property, Grantee agrees to furnish the District preliminary title reports respecting such real property or such other evidence of title that the District determines to be sufficient. Grantee agrees in negotiated purchases to correct, prior to or at the close of escrow, any defects of title that in the opinion of the District might interfere with the operation of the Project. In condemnation actions, such title defects must be eliminated by the final judgment.
 - a. Grantee shall cause to be recorded on the title of any real property acquired with funds from the Propositions, a deed restriction requiring compliance with the Propositions and this Agreement, in perpetuity.
12. If the Project includes landscaping, Grantee shall use drip irrigation systems and shall use drought-resistant or xerophytic trees, plants, lawn or sod, unless Grantee can show, to the District's satisfaction, that it is infeasible to do so.

C. Project Costs

The grant money provided under this program may be disbursed as follows:

1. If the Project includes acquisition of real property, the District may disburse to Grantee the grant monies as follows, but not to exceed, in any event, the District grant amount set forth on Page 1 of this Agreement:
 - a. When acquisition is by negotiated purchase, the District may disburse the amount of the District-approved purchase price together with District-approved costs of acquisition. The District-approved purchase price shall not exceed the value contained in a valid appraisal report, unless the District agrees, in advance, to the higher price.
 - b. When acquisition is allowed pursuant to the Propositions through eminent domain proceedings, the District may disburse the amount of the total award, as provided for in the final order of condemnation, together with District-approved costs of acquisition. Grantee shall bear all costs and make all advances associated with obtaining an order of immediate possession in an eminent domain proceeding.
 - c. In the event Grantee abandons such eminent domain proceedings, Grantee agrees that it shall bear all costs in connection therewith and that no grant monies shall be disbursed for such costs.
2. If the Project includes development, after the completion of the Project or any phase or unit thereof, the District will disburse funds to Grantee only after the District has reviewed and approved all requested development documents and has received from Grantee a statement of incurred costs. The District may disburse funds in the amount of District-approved incurred costs shown on such statement, but not to exceed the District grant amount set forth on Page 1 of this Agreement, or any remaining portion of the grant amount.

The statements to be submitted by Grantee shall set forth in detail the incurred costs of work performed on development of the Project and whether performance was by construction contract or by force account. Statements shall not be submitted more frequently than once a month, unless the District requests otherwise.

The District must approve modifications of the development plans and specifications and/or force account schedule prior to any deviation from the District-approved plans and specifications, and/or force account schedule, unless previously authorized by the District.

3. The District may retain up to ten (10) percent of the grant amount pending project completion and verification that the Grantee has satisfied all terms and conditions of this Agreement. Within three (3) months of Project completion, Grantee must submit final project documents. The District will not make final payment, including but not limited to the ten percent retention, until it has received all closing documents from the Grantee and has made a final Project inspection. At the District's discretion, the District also may perform an audit of Grantee's Project expenditures before final payment is made. Nothing in this section precludes the District from performing an audit of Project expenditures at a later date in accordance with Section I of this Agreement.

D. Project Administration

1. Grantee agrees to promptly submit any reports that the District may request. In any event, Grantee shall provide to the District a report showing total final Project expenditures.
2. Grantee agrees that property and facilities acquired or developed pursuant to this Agreement shall be available for inspection upon the District's request in perpetuity.
3. Grantee agrees to use any monies disbursed by the District under the terms of this Agreement solely for the Project herein described.
4. Any non-recreational use of a Project must be preapproved in writing by the District, and if approved, Grantee agrees that any gross income earned from such non-recreational uses of a Project shall be used for recreation development, additional acquisition, operation or maintenance at the Project site, unless the District approves otherwise in writing.
5. Grantee also agrees that any gross income that accrues to a grant-assisted development Project during and/or as part of the construction, from sources other than the intended recreational uses, also shall be used for further development of that particular Project, unless the District approves otherwise in writing.

Grantee agrees to submit for prior District review and approval any and all existing or proposed operating agreements, leases, concession agreements, management contracts or similar arrangements with non-governmental entities, and any existing or proposed amendments or modifications thereto, as they relate to the project or the project site in perpetuity.

Grantee further agrees not to enter into any contract, agreement, lease or similar arrangement, or to agree to any amendment or modification to an existing contract, agreement, lease or similar arrangement, that, in the District's opinion, violates federal regulations restricting the use of funds from tax-exempt bonds.

6. Grantee agrees that, upon entering into any contract for the construction, maintenance, operation or similar activity related to the Project, Grantee will require said contractor to carry adequate insurance required by the District and naming the District as an additional insured. In addition, said insurance must require that Grantee and the District be given thirty (30) days advance written notice of any

modification or cancellation of said insurance. Grantee agrees to submit proof of such insurance to the District for its prior approval.

7. Grantee and District will conform to the requirements of Government Code Section 6250, et seq. in making all documents relating to this Agreement, the grant obtained and all other related matters available for public review during regular business hours. In the case that the Project involves acquisition of property, however, both the District and Grantee may withhold from public review any and all documents exempted under Section 6254, subsection (h), prior to completion of said acquisition.

In the event that the District is required to defend an action on a Public Records Act request for any of the contents of an Grantee's submission under the terms and conditions of the Agreement, Grantee agrees to defend and indemnify the District from all costs and expenses, including attorneys' fees, in any action or liability arising under, or related to, the Public Records Act.

8. In order to maintain the exclusion from gross income for federal income tax purposes of the interest on any bonds, notes or other evidences of indebtedness issued for the purpose of providing the grant monies made available in this Agreement, Grantee covenants to comply with each applicable requirement of Section 103 and Sections 141 through 150, inclusive, of the Internal Revenue Code of 1986, as amended. In furtherance of the foregoing covenant, Grantee hereby agrees that it will not, without the prior written consent of the District, (a) permit the use of any portion of the Project by any private person or entity, other than on such terms as may apply to the public generally; or (b) enter into any contract for the management or operation of the Project or any portion thereof, except with a governmental agency or a nonprofit corporation that is exempt from federal income taxation pursuant to Section 501(c)(3) of the Internal Revenue Code.
9. If Grantee receives the prior permission of the District, acting through the Board, to sell or otherwise disposes of property acquired or developed with grant monies provided under this Agreement, Grantee shall reimburse the District in an amount equal to the greater of 1) the amount of grant monies provided under this Agreement; 2) the fair market value of the real property; or 3) the proceeds from the portion of the property acquired, developed, improved, rehabilitated or restored with grant monies.

If the property sold or otherwise disposed of with the prior permission of the District, acting through the Board of Supervisors, is less than the entire interest in the property originally acquired, developed, improved, rehabilitated or restored with the grant monies, then Grantee shall reimburse the District an amount equal to the greater of: 1) an amount equal to the proceeds; or 2) the fair market value.

10. With the written consent of the District, the Grantee may transfer property acquired, developed, improved, rehabilitated or restored with funds granted under this Agreement to another public agency; to a nonprofit organization authorized to acquire, develop, improve or restore real property for park, wildlife, recreation, open space, or gang prevention and intervention purposes; or to the National Park Service, provided that any proposed successor agrees to assume the obligations imposed under the Propositions and to accept assignment of this Agreement. Under these conditions, the Grantee shall not be required to reimburse the District as described in Section D, Paragraph 10 of this Agreement. Any such transfer must require the nonprofit or public entity acquiring the property to enter into a written agreement with the District and agreed to comply with the terms of the Propositions and this Agreement.

E. Project Completion and Enforcement

1. Grantee may unilaterally rescind this Agreement at any time prior to the commencement of the Project. After Project commencement, this Agreement may be rescinded, modified or amended only by mutual agreement in writing.

2. Failure by the Grantee to comply with the terms of this Agreement, or any other agreement established pursuant to the Propositions, may be cause for suspension or termination of all obligations of the District hereunder.
3. Failure of the Grantee to comply with the terms of this Agreement shall not be cause for the suspension of all obligations of the District hereunder if, in the judgment of the District, such failure was beyond the reasonable control of the Grantee. In such case, any amount required to settle, at minimum cost, any irrevocable obligations properly incurred shall be eligible for reimbursement under this Agreement.
4. The Grantee's full compliance with the terms of this Agreement will have significant benefits to the District, and to the property and quality of life therein, through the preservation and protection of beach, wildlife, park, recreation and natural lands of the District, provision of safer recreation areas for all residents, prevention of gangs, development and improvement of recreation facilities for senior citizens, the planting of trees, construction of trails, and/or restoration of rivers and streams. Because such benefits exceed, to an immeasurable and un-ascertainable extent, the amount of grant monies that the District furnishes under the provisions of this Agreement, the Grantee agrees that payment by the Grantee to the District of an amount equal to the amount of the grant monies disbursed under this Agreement by the District would be inadequate compensation to the District for any breach by the Grantee of this Agreement. The Grantee further agrees, therefore, that the appropriate remedy in the event of a breach by the Grantee of this Agreement shall be the specific performance of this Agreement, with an injunction against any breaching conduct, unless otherwise agreed to by the District. Nothing in this Section shall limit in any way the District's legal or equitable remedies under this Agreement or any other remedy available by law. No delay or omission by the District in the exercise of any right or remedy upon any breach by Grantee shall impair in any way the District's right to enforce the terms of this Agreement, nor be construed as a waiver.
5. Grantee and the District agree that, if the Project includes development, final payment may not be made until the Project conforms substantially with this Agreement and is a usable public facility.
6. Grantee and each County lobbyist or County lobbying firm, as defined in Los Angeles County Code Section 2.160.010, retained by Grantee, shall fully comply with the County Lobbyist Ordinance, Los Angeles County Code Chapter 2.160. Failure on the part of Grantee or any County lobbyist or County lobbying firm to fully comply with the County Lobbyist Ordinance shall constitute a material breach of this Agreement, upon which the District may terminate or suspend this Agreement.
7. If the District brings an action to enforce the terms of this Agreement, the Grantee shall be responsible to pay the District's reasonably attorney's fees and costs, including expert witness costs, if the District prevails in said action.

F. Payment of Funds

1. Grantee may request reimbursement from the District for eligible expenses, which the Grantee has properly incurred and paid, no more frequently than every thirty (30) days. Grantee shall submit reimbursement requests on District-provided Payment Request Forms, including the applicable attachments.

All Payment Request Forms should be sent to:

Los Angeles County
Regional Park and Open Space District
510 South Vermont Avenue, Room 230
Los Angeles, California 90020

2. Grantee should submit its payment request prior to the fifteenth day of the month to receive reimbursement within four to six weeks. The District may hold Payment Request Forms received after the fifteenth of the month until the next month, which may result in reimbursements being delayed.
3. The District may withhold a portion of the amount of reimbursement if, in the opinion of the District, an expenditure is not eligible under the terms and conditions of this Agreement, the Propositions, the Application or the Procedural Guide. In such cases the District shall notify the Grantee of the amount of expenditures declared ineligible and the reason(s) for the ineligibility. Grantee, within thirty (30) days of notification, may dispute the District's decision, in writing, to the District and provide records and/or documentation to support its claim. The District shall review the information and/or documentation provided and will notify Grantee of its final determination. If Grantee fails to dispute the findings, in writing, within the thirty day period, then the Grantee shall have waived its right to dispute the findings.

G. Hold Harmless and Indemnification

1. Grantee shall indemnify, defend and hold the District harmless from and against any and all liability to any third party for or from loss, damage or injury to persons or property in any manner arising out of, or incident to, the performance of this Agreement or the planning, arranging, implementing, sponsoring or conducting of the Project or any other operation, maintenance or activity by the Grantee. Grantee agrees to defend and indemnify the District from all costs and expenses, including attorney's fees, in any action or liability arising under this Agreement or the planning, arranging, implementing, sponsoring or conducting of the Project or any other operation, maintenance or activity by the Grantee
2. The District shall have no liability for any debts, liabilities, deficits or cost overruns of the Grantee.
3. Grantee and District agree that the liability of the District hereunder shall be limited to the payment of the grant monies pursuant to the terms and conditions of this Agreement and the Procedural Guide. Any contracts entered into, or other obligations or liabilities incurred by, the Grantee in connection with the Project or otherwise relating to this Agreement shall be the sole responsibility of the Grantee, and the District shall have no obligation or liability whatsoever thereunder or with respect thereto.

H. Independent Grantee

This Agreement is by and between the Los Angeles County Regional Park and Open Space District and Grantee and is not intended, and shall not be construed, to create the relationship of agent, servant, employee, partnership, joint venture or association between the District and Grantee.

I. Financial Records

1. Grantee agrees to maintain satisfactory financial accounts, documents and records for the Project and to make them available to the District for auditing at reasonable times. Grantee also agrees to retain such financial accounts, documents and records for five (5) years following Project termination or completion.

Grantee and the District agree that during regular office hours, each of the parties hereto and their duly authorized representatives shall have the right to inspect and make copies of any books, records or reports of the other party pertaining to this Agreement or matters related thereto. Grantee agrees to maintain, and make available for District inspection, accurate records of all its costs, disbursements and receipts with respect to its activities under this Agreement and the use of any property acquired under this Agreement in perpetuity.

2. Grantee agrees to use an accounting system that complies with generally accepted accounting principles.
3. At any time during the term of this Agreement or at any time within five years after the expiration or prior termination of this Agreement, authorized representatives of the District may conduct an audit of Grantee for the purpose of verifying appropriateness and validity of expenditures that Grantee has submitted to the District for reimbursement under the terms of this Agreement. If said audit reveals expenditures that cannot be verified or that were paid in violation of the terms of this Agreement, the Propositions or the Procedural Guide, the District may, at its discretion, reduce the grant amount by an amount equal to these expenditures.

Grantee, within thirty (30) days of notification that an audit has resulted in the exception of expenditures, may dispute the audit findings in writing to the District and provide the District with records and/or documentation to support the expenditure claims. The District shall review this documentation and make a final determination as to the validity of the expenditures.

If Grantee has received all grant monies prior to the audit, or if remaining grant monies are insufficient, and if said audit reveals expenditures that cannot be verified or that were paid in violation of the terms of this Agreement, the Propositions or the Procedural Guide, Grantee shall pay the District an amount equal to these expenditures within sixty (60) days after receiving written notification of the expenditures disallowed and the reason for the disallowance.

Notwithstanding Government Code Section 907, in the event that Grantee fails to repay the District in full for the amount of excepted expenditures, the District may offset an amount equal to the excepted expenditures from any monies that may be due to Grantee under the terms and conditions of the Propositions. Through the execution of this Agreement, Grantee waives its rights under Government Code Section 907.

J. Use of Facilities

1. Grantee agrees to use the property acquired or developed with grant monies under this Agreement only for the purpose for which it requested District grant monies and will not permit any other use of the area, except as allowed by prior specific act of the Board of Supervisors as governing body of the District and consistent with the terms and conditions of the Propositions and this Agreement.
2. Grantee agrees to maintain and operate in perpetuity the property acquired, developed, rehabilitated or restored with grant monies, subject to the provisions of the Propositions. With the District's prior written approval, the Grantee, or its successors in interest in the property, may transfer the responsibility to maintain and operate the property in accordance with the Propositions to a nonprofit or government entity.
3. Grantee agrees to actively oppose, at its sole expense, any claims as to reserved rights to the grant-funded property that are contrary to the purposes of the Propositions, Procedural Guide and or this Agreement, including but not limited to oil, gas, and other hydrocarbon substances; minerals; water; and/or riparian resources.
4. Grantee agrees to provide for reasonable public access to lands acquired in fee with grant monies, including the provision of parking and public restrooms, except that access may interfere with resource protection.

K. Nondiscrimination

1. The Grantee shall not discriminate against any person on the basis of race, color, sex, sexual orientation, age, religious belief, national origin, marital status, physical or mental handicap, medical

IN WITNESS WHEREOF, Grantee and District have caused this Agreement to be executed by their duly authorized representatives as of the latter day, month and year written below.

**ORDER OF THE BOARD OF SUPERVISORS
OF THE COUNTY OF LOS ANGELES INITIATING
PROCEEDINGS FOR FORMATION OF THE LOS ANGELES
COUNTY REGIONAL PARK AND OPEN SPACE
DISTRICT, FORMING AN ASSESSMENT DISTRICT,
AND CALLING, PROVIDING FOR AND GIVING NOTICE
OF A SPECIAL ELECTION TO BE HELD IN THE COUNTY
ON NOVEMBER 3, 1992 AND CONSOLIDATING THE SPECIAL
ELECTION WITH THE GENERAL ELECTION TO BE HELD ON
NOVEMBER 3, 1992.**

WHEREAS, it is necessary and desirable to benefit property and improve the quality of life in the County of Los Angeles (the "County") through the improvement of neighborhood and regional parks, the acquisition, development, rehabilitation, protection and restoration of beach, wildlife, park and natural lands within the County, tree-planting, gang prevention and intervention, and improvement of recreation facilities for youth and senior citizens; and

WHEREAS, creating the Los Angeles County Regional Park and Open Space District (the "District") will help meet the park, recreation, beach and open space needs throughout the County; and

WHEREAS, Section 5506.9 of the California Public Resources Code authorizes the formation of a Regional Park and Open Space District in the County of Los Angeles to be initiated by resolution of this Board of Supervisors of the County (the "Board of Supervisors"); and

WHEREAS, the Board of Supervisors on January 28, 1992 adopted a Resolution of Intention to Commence Proceedings for the Formation of a Regional Park and Open Space District and an Assessment District pursuant to Provisions of Division 5 of the California Public Resources Code and the Landscaping and Lighting Act of 1972 (Division 15, Part 2, Streets and Highways Code, State of California) (the "Resolution of Intention"); and

WHEREAS, the Resolution of Intention fixed March 3, 1992 at 9:30 a.m. in the Chambers of the Board of Supervisors of the County of Los Angeles, Room 381, Hall of Administration, 500 West Temple Street, Los Angeles, California as the time and place for hearing the question of the formation of the District and the assessment district, the list of capital outlay projects and the levy of the proposed assessments; and

WHEREAS, on March 3, 1992, after the giving of appropriate notice as required by law, a public hearing was held and testimony received; and

WHEREAS, it is necessary to submit to the qualified voters of the County the questions of whether the District shall be created and established and whether assessments shall be levied for the purposes of the District, at a special election to be held November 3, 1992, and to consolidate such election with the General Election to be held on that date;

NOW, THEREFORE, IT IS HEREBY ORDERED by the Board of Supervisors of the County of Los Angeles as follows:

Section 1. This order is adopted pursuant to Division 5 of the Public Resources Code, and the Board of Supervisors hereby adopts and approves the final assessment engineers' report filed with the Executive Officer - Clerk of the Board of Supervisors.

Section 2. A special election shall be held and the same is hereby called and ordered to be held in the County on the 3rd day of November, 1992, for the purpose of submitting to the voters of the County the questions of (a) creating and establishing the Los Angeles County Regional Park and Open Space District, (b) levying assessments to fund the purposes of the District, and (c) enacting the order hereinafter set forth.

Section 3. The Proposition for forming the District and levying said assessments shall appear upon the ballot substantially as follows:

LOS ANGELES COUNTY PROPOSITION _____ SAFE NEIGHBORHOOD PARKS, GANG PREVENTION, TREE-PLANTING, SENIOR AND YOUTH RECREATION, BEACHES AND WILDLIFE PROTECTION.

For the purpose of improving the safety of recreation areas for children and senior citizens, preventing gangs by increasing the safety of neighborhood parks, planting trees and acquiring, restoring and preserving beach, park, wildlife, and open space resources, shall the Los Angeles County Regional Park and Open Space District be established and shall assessments be levied to fund the purposes of the District and to benefit property throughout the District, in accordance with the order of the Board of Supervisors?

The Board of Supervisors does hereby submit to the qualified voters of the County, at said special County election, this proposition and this order. The Chairman and Executive officer - Clerk of the Board of Supervisors are hereby authorized and directed to publish notice of said special election in accordance with Section 2554 of the California Elections Code. Analysis and review of this proposition and order shall be carried out pursuant to Section 3781 of the California Elections Code.

Section 4. It is the intent of this order and proposition to provide funds to benefit property and improve the quality of life in the District by preserving and protecting the beach, wildlife, park, recreation and natural lands of the District, providing safer recreation areas for all residents, preventing gangs, developing and improving recreation facilities for senior citizens, planting trees, building trails and restoring rivers and streams.

Section 5. The proposed District shall be known as the Los Angeles County Regional Park and Open Space District, and shall have boundaries coterminous with those of the County.

Section 6. The Board of Supervisors finds and declares that:

(a) The increase in, restoration of and enhanced safety of park, open space and recreation lands and facilities will help maintain sound economic conditions and a high standard of livability in the District by increasing property values, economic activity, employment opportunities and tourism throughout the District.

(b) Clean and safe parks will increase public safety, help to reduce crime, increase the attractiveness of the District as a place in which to live and locate businesses, and enhance the overall quality of life in the District.

(c) The development, acquisition, improvement, restoration and maintenance of the public parks, open space, beaches, trails and other public recreational facilities within the proposed District confer a direct and specific benefit to all parcels within the District, including without limitation increased attractiveness, improved environmental quality, enhanced recreational opportunities and increased economic activity, each of which will result in maintained or enhanced property values within the District.

(d) The protection of beach, wildlife, park, recreation and natural lands are vital to the quality of life in the District, providing important recreational opportunities to all residents of the District, especially children and senior citizens, and helping to protect air and water quality.

(e) It is critical that we restore and improve neighborhood and regional parks throughout the District, to improve the overall quality of our communities, provide safe places for children to play and alternatives to gangs and gang activities, increase recreation opportunities for senior citizens and provide pleasant places that all District residents can enjoy for relief from traffic and urban congestion.

(f) The District's beaches are among its' most important natural and economic resources, attracting millions of visitors every year. The District's mountains, foothills, and canyons are a vital part of the regions' natural heritage and are home to hundreds of species of native Californian animals and plants.

4. Not less than three million dollars (\$3,000,000) shall be expended for acquisition of land and development of facilities for at-risk youth and gang prevention in conjunction with a community based Nonprofit Organization with a primary focus toward, and demonstrated experience in, programs for at-risk youth and gang prevention. These funds may be expended anywhere within the District in accordance with Section 33207.7 of the Public Resources Code, with priority given to the South Los Angeles, East Los Angeles, San Fernando Valley and San Gabriel Valley areas.

5. Funds provided to the Conservancy shall be held by the District and disbursed upon application by the Conservancy, to be expended solely for projects approved by the Board of Supervisors, pursuant to such criteria as the Board of Supervisors may in its discretion adopt; provided, that the Board of Supervisors may disapprove a project in an incorporated city only upon a finding that the acquisition or improvement of a project will involve the acquisition of or access to a site identified or proposed for present or potential future sanitary landfill purposes by the County, or involve any other land or project which may directly or indirectly hinder or impact the ability of the County to use any site so identified for such purposes. All land acquired in whole or in part with funds allocated to the Conservancy hereunder shall be purchased from willing sellers, and in no event shall funds allocated to the Conservancy hereunder be used to pay or reimburse the purchase price of land acquired through the exercise of the power of eminent domain.

6. Not less than seven million dollars (\$7,000,000) shall be expended in the Whittier Hills; prior to the expenditure of such funds the Conservancy shall enter into a joint powers agreement with the City of Whittier in order to facilitate the preservation of park and open space lands.

Section 9. (a) All applicants for a grant disbursed pursuant to Section 8 of this order, other than the County, shall submit an application to the Department of Parks and Recreation for grant approval.

(b) The grant funds authorized pursuant to paragraph 1 of subdivision (b) of Section 8 of this order shall be allocated to cities which were incorporated on or prior to January 1, 1993 and to the unincorporated area of the District on the basis of their respective total number of parcels of land (all as of January 1, 1993). Such figures shall be determined by the Los Angeles County Assessor.

(c) Individual applications for grants pursuant to paragraph 1 of subdivision (b) of Section 8 shall be submitted to the Department of Parks and Recreation for approval as to conformity with the requirements of this order. The application shall be accompanied by factual findings from the governing body of the applicant city that the project (or projects) for which the grant is sought is an important park and recreation project (or projects). In order to utilize available grant funds as effectively as possible, adjoining jurisdictions shall be encouraged to combine projects and submit joint applications.

(d) The minimum amount that an applicant may request for any individual project is twenty thousand dollars (\$20,000). Any agency may allocate all or a portion of its per parcel share to a regional or state project or another neighboring city and all agencies shall be encouraged to form partnerships with school districts for park and recreation purposes.

(e) Funds made available for grants pursuant to paragraph 1 of subdivision (b) of Section 8 shall be encumbered by the recipient within three years of the date when such funds are first made available. Beginning with fiscal year 1996-97, any such grant funds that are not accepted by the recipient, or are not encumbered by the recipient within such three-year period, shall be available for award for one or more of the classes of expenditures specified in Section 8 that the Board of Supervisors deems in its sole discretion to be of the highest priority. Upon such award the original recipient of the funds shall have no further claim to the funds.

(f) Funds made available pursuant to paragraph 1 of subdivision (a) and paragraph (1) of subdivision (b) of Section 8 shall be prioritized for heavily-used parks and recreation facilities in areas under-served by such facilities. When funds are to be used for the acquisition of property, priority shall be given to acquiring land for park, recreation or natural lands purposes in densely populated, under-served areas with few parks or open space resources. Such acquisition shall be performed with due regard to its effect on the supply of affordable housing in a given area.

Section 10. (a) The funds authorized in subparagraphs A, B, C, D and E of paragraph 3 of subdivision (a) of Section 8 shall be available as grants on a competitive basis to Public Agencies and Nonprofit Organizations. These funds shall be encumbered by the recipient within three years of the date when such funds are first made available. The Department of Parks and Recreation shall allocate a share of such competitive funds for expenditure in the unincorporated area of the District using the same procedures specified in subdivision (b) of Section 9.

The Director of Parks and Recreation shall: prepare a timeline for these competitive grants; prepare criteria and procedures for evaluating competitive grants for each program; and notify affected Public Agencies and Nonprofit Organizations of these proposed criteria and procedures and of the dates of public workshops to be held throughout the District for the purpose of receiving public input on the proposed criteria and procedures. After at least one public workshop for each of the grant programs referenced in this subdivision (a), the Director of Parks and Recreation shall adopt final criteria and procedures for evaluating competitive grants for each program, and shall notify affected Public Agencies and Nonprofit Organizations as to the application timeline, criteria and procedures for evaluating competitive grants for each program.

(b) An individual jurisdiction may enter into an agreement with one or more Nonprofit Organizations for the purpose of carrying out a grant pursuant to this Section 10, subject to the requirements of Section 16 hereof.

(c) Priority shall be given to those proposals which provide for the employment of youth and particularly at-risk youth, from the area in which the proposed project is located, or which include or are to be administered by a Nonprofit Organization with a demonstrated history of youth employment, gang prevention and intervention, and training programs for at-risk youth, including local community conservation corps and the California Conservation Corps.

Section 11. (a) Funds authorized pursuant to subparagraph A of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations authorized to provide parks, recreation, or open-space services or facilities to the general public, or to acquire lands for these purposes. Such funds shall be used for the acquisition, development and improvement of real property for trails and public access. One million dollars (\$1,000,000) of these funds shall be spent within the Whittier Hills.

(b) Funds authorized pursuant to subparagraph B of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations to develop senior centers and recreation facilities throughout the District.

(c) Funds authorized pursuant to subparagraph C of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations to plant trees in public places for urban beautification projects.

(d) (1) Funds authorized pursuant to subparagraph D of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organization for the restoration, rehabilitation or acquisition of natural lands and the development of recreational resources along the Santa Clara, San Gabriel and Los Angeles Rivers or their tributaries. These funds shall be used only for the acquisition or restoration of natural habitat lands, wildlife enhancement, or development of compatible recreational resources.

(2) Any such restoration of natural habitat lands shall use only species native to California to the maximum extent feasible. No grant shall be awarded which substantially impairs any transportation project which is approved by the Los Angeles County Transportation Commission. The development of recreational resources or facilities pursuant to this paragraph shall not degrade the natural values present or being restored along

rivers or tributaries. These funds shall not be used to pay for mitigation which is required to be carried out by state or federal law, nor shall they be used for flood control projects.

(c) Funds authorized pursuant to subparagraph E of paragraph 3 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations for graffiti removal and prevention throughout the District.

(f) Funds authorized pursuant to subdivision (c) of Section 8 shall be disbursed by the Board of Supervisors at the beginning of each fiscal year upon request by the Conservancy made directly to the Board of Supervisors and specifying the projects and grants, or classes thereof, proposed to be undertaken. The Conservancy may at any time modify or supplement its request as situations warrant, and any such modification or supplement shall be considered in the same manner as the original request.

(g) Funds authorized pursuant to subparagraph KK of paragraph 2 of subdivision (a) of Section 8 shall be expended by the public agency holding title to Towsley Canyon Park.

(h) Because the Santa Monica Mountains Conservancy Zone and Rim of the Valley Trail Corridor include a high proportion of trails, rivers and streams within the District, and because trees must be planted to restore natural habitat lands throughout said area, one million dollars (\$1,000,000) from each of the categories of funding described in subparagraphs A, C and D of paragraph 3 of subdivision (a) of Section 8 shall be granted to the Santa Monica Mountains Conservancy, to be spent in accordance with subdivisions (a), (c) and (d), respectively, of this Section 11, and in accordance with Division 23 of the Public Resources Code.

Section 12. An application for a grant pursuant to subparagraphs A, B, C, D or E of paragraph 3 of subdivision (a) of Section 8 shall be submitted to the Director of Parks and Recreation for review and recommendation to the Board of Supervisors, in its capacity as governing body of the District. All funds granted pursuant to paragraph (3) and paragraph (4) of subdivision (a) of Section 8 shall be awarded by formal action of the Board of Supervisors.

Section 13. Funds authorized pursuant to paragraph 4 of subdivision (a) of Section 8 shall be available on a competitive basis as grants to Public Agencies and Nonprofit Organizations. Priority shall be given to those applications which meet one or more of the following criteria: (1) joint application by a Public Agency and a Nonprofit Organization whose primary focus is working with at-risk youth and gang members; (2) application by a Nonprofit Organization with a demonstrated history of gang intervention, gang prevention, ability to work with at-risk youth, and prior experience in such activities through grants from Public Agencies; and (3) include a Nonprofit Organization who agrees to and can demonstrate the ability to operate and maintain the facility to be constructed or developed on a long-term basis. An amount not to exceed three million dollars (\$3,000,000) shall be granted to the Santa Monica Mountains Conservancy from the funds authorized pursuant to paragraph 4 of subdivision (a) of Section 8 for the purposes of paragraph 4 of subdivision (c) of Section 8.

Section 14. (a) Funds authorized pursuant to paragraph 6 of subdivision (a) of Section 8 shall be available for grants to Public Agencies and shall be expended only for capital outlay projects which meet one or more of the following criteria: (1) protect public health in recreational waters; (2) preserve and enhance the ecological integrity of significant watersheds containing Significant Ecological Areas; (3) are Best Management Practices as defined in the Storm Water NPDES permit for the County and approved by the Executive Officer of the Los Angeles Regional Water Quality Control Board; and (4) reduce runoff into Santa Monica Bay where the runoff travels across lands that contribute large amounts of toxic pollutants to the storm drain system, or measurably reduce the toxicity of that runoff. Proposed projects shall be submitted to the Regional Water Quality Control Board for review and approval.

(b) The Board of Supervisors shall determine the administering agency for the funds authorized pursuant to paragraph 6 of subdivision (a) of Section 8. The administering agency shall prepare a timeline and proposed criteria and procedures for evaluating grants authorized pursuant to paragraph 6 of subdivision (a) of Section 8. The Regional Water Quality Control Board shall in a public process review and give final approval to the criteria and procedures for evaluating these grants.

Section 15. (a) Funds that are granted pursuant to Section 8 for the purposes of development, improvement, rehabilitation or restoration shall be expended for these purposes only on lands owned by the applicant

Public Agency or Nonprofit organization or subject to a lease or other interest held by such Public Agency or Nonprofit Organization. If such lands are not owned by the applicant or subject to such other interest held by the applicant, the applicant shall first demonstrate to the satisfaction of the administering agency that the project will provide public benefits commensurate with the type and duration of the interest in land held by the applicant.

(b) Funds allocated pursuant to Section 8 that are used for landscaping, planting trees or any other planting projects shall use drip irrigation systems and shall use drought-resistant or xerophytic trees, plants, lawn or sod, except when such use can be shown to be unfeasible. When projects involve the rehabilitation of existing irrigation systems or the creation of new irrigation systems, reclaimed water should be used whenever possible and priority shall be given to development of reclaimed water irrigation systems.

Section 16. (a) No funds authorized under Section 8 may be disbursed to any recipient unless the recipient agrees:

(1) To maintain and operate in perpetuity the property acquired, developed, improved, rehabilitated or restored with the funds. With the approval of the granting agency, the recipient or its successors in interest in the property may transfer the responsibility to maintain and operate the property in accordance with this Section.

(2) To use the property only for the purposes of this order and to make no other use, sale, or disposition of the property, except as provided in subdivision (b) of this Section 16.

(3) Any beach, park or other public facility acquired, developed, rehabilitated or restored with funds from this act shall be open and accessible to the public without discrimination as to race, color, sex, sexual orientation, age, religions belief, national origin, marital status, physical or medical handicap, medical condition or place of residence, to the extent consistent with the provisions of subdivision (a) of Section 18.

(4) In order to maintain the exclusion from gross income for federal income tax purposes of the interest on any bonds, notes or other evidences of indebtedness issued for purposes of this order, each recipient of funds pursuant to this order covenants to comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Internal Revenue Code of 1986, as amended. Each recipient of funds disbursed pursuant to Section 8 shall agree in writing to the conditions specified in paragraphs (1), (2), (3) and (4) of this Section 16 (a).

The conditions specified in paragraphs (1), (2), (3) and (4) of this section shall not prevent the transfer of property acquired, developed, improved, rehabilitated or restored with funds authorized pursuant to Section 8 of this order from the recipient to another Public Agency, to a Nonprofit Organization authorized to acquire, develop, improve or restore real property for park, wildlife, recreation, open space or gang prevention and intervention purposes, or to the National Park Service, provided that any such successor to the recipient assumes the obligations imposed by such conditions.

(b) If the use of the property acquired through grants pursuant to this order is changed to one other than a use permitted under the category from which the funds were provided, or the property is sold or otherwise disposed of, an amount equal to the (1) amount of the grant, (2) the fair market value of the real property, or (3) the proceeds from the portion of such property acquired, developed, improved, rehabilitated or restored with the grant, whichever is greater, shall be used by the recipient, subject to subdivision a of this Section, for a purpose authorized in that category or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category.

If the property sold or otherwise disposed of is less than the entire interest in the property originally acquired, developed, improved, rehabilitated or restored with the grant, an amount equal to the proceeds or the fair market value of the property interest sold or otherwise disposed of, whichever is greater, shall be used by the grantee, subject to subdivision (a) of this Section, for a purpose authorized in that category or shall be reimbursed to the Parks Fund and be available for appropriation only for a use authorized in that category. Nothing in this Section 16 shall limit a Public Agency from transferring property acquired pursuant to this order to the National Park Service or the State Park System, with or without consideration.

(c) Awards pursuant to Sections 8(a)(3) or 8(b)(1) hereof shall first be available during the County's 1993-94 fiscal year or the first fiscal year in which assessments are levied and collected by the District.

Section 17. (a) All real property acquired pursuant to this order shall be acquired in compliance with Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the California Government Code. Public Agencies and Nonprofit Organizations receiving funds pursuant to Section 8 of this order shall certify compliance to the Department of Parks and Recreation. Funds disbursed to a Public Agency in accordance with Section 8 may be expended by that agency pursuant to an agreement, or by an entity, authorized or established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code.

(b) For the purposes of this order, acquisition may include gifts, purchases, leases, easements, the exercise of eminent domain if expressly authorized, the transfer or exchange of property of like value, transfers of development rights or credits, and purchases of development rights and other interests.

(c) All grants, gifts, devises, or bequests to the District, conditional or unconditional, for park, conservation, recreational, wildlife habitat, natural lands or other purposes for which real property may be acquired or developed pursuant to this order, shall be made in the name of the County and accepted and received on behalf of the District in the name of the County by the Chief Administrative Officer. The grants, gifts, devises or bequests shall be available for expenditure for the purposes specified in Section 8 hereof.

Section 18. With respect to Section 8, if funds allocated pursuant to paragraph 2 of subdivision (a) and paragraph 2 of subdivision (b) are not expended or committed to expenditure prior to December 1, 1997, or prior to five years from the date that funds are available to cities and the County for expenditure, whichever is later, the agency to which the funds are originally allocated may submit by or before December 1, 1997 to the Board of Supervisors a plan for expenditure of the funds in accordance with the purposes of this order within the city or area of the District in which the funds were originally authorized to be expended, and the Board of Supervisors, in its capacity as governing body of the District, shall approve the plan by a majority vote. If the reallocated funds are not expended within three years after the effective date of such reallocation, the funds shall be allocated to the Department of Parks and Recreation for expenditure within the District consistent with the purposes of this order.

(a) Reasonable public access to lands acquired in fee with funds made available pursuant to this order shall be provided except where that access may interfere with resource protection. For purposes of this order, reasonable public access shall include parking and public restrooms.

(b) All funds allocated pursuant to this order for projects involving the rehabilitation or restoration of beach, park, recreation, open space or natural lands shall be used to the maximum extent practical to employ youth from the community in which the particular rehabilitation or restoration project is being carried out.

(c) To the maximum extent feasible, Public Agencies and Nonprofit Organizations shall be encouraged and have authority to use funds received pursuant to this order to provide funding through agreements with community conservation corps, the California Conservation Corps, and with other community organizations, particularly when youth can be employed to work on restoration or rehabilitation projects being carried out in their own communities. Such agreements shall be entered into solely for the accomplishment of the purposes set forth by this order.

Section 19. (a) Prior to recommending the acquisition of lands that are located on or near tidelands, submerged lands, swamp or overflowed lands, or other wetlands, whether or not those lands have been granted in trust to a local public agency, any agency receiving funds pursuant to this order shall submit to the State Lands Commission any proposal for the acquisition of those lands pursuant to this measure. The State Lands Commission may, at its discretion, within ninety (90) days of such a submission, review the proposed acquisition, make a determination as to the State's existing or potential interest in the lands, and report its findings to the entity making the submittal and to the Department of Parks and Recreation.

(b) No wetlands or riparian habitat acquired pursuant to Section 8 shall be used as a dredge spoil area or shall be subject to revetment which damages the quality of the habitat for which the property was acquired.

(c) No provision of this order shall be construed as authorizing the condemnation of publicly-owned lands.

Section 20. (a) The Board of Supervisors of the County of Los Angeles shall act, ex officio, as the governing body of the District. All powers and authority of the District shall be vested in the Board of Supervisors in its capacity as the governing body of the District.

(b) The Department of Parks and Recreation shall administer for the District all funds for the projects and programs described in Section 8, except for the funds described in paragraph 5 of subdivision (a) of Section 8 and subdivision (c) of Section 8, which funds shall be administered by the respective agencies to which the funds are allocated. Each administering agency shall prepare and/or review any documentation necessary for purposes of this order.

Section 21. (a) The District shall be financed by the levy of assessments pursuant to the Landscaping and Lighting Act of 1972 and Division 5 of the Public Resources Code. Proceeds of assessments generated by the District shall be used for: (i) costs of maintenance and servicing projects funded either with assessments or with proceeds of bonds, notes or other evidences of indebtedness issued by the District in accordance with this order; (ii) payment of actual administrative costs associated with carrying out the purposes of this order by the District and recipient Public Agencies; and (iii) either to directly pay the costs of projects authorized pursuant to this order or to pay debt service on bonds, notes or other evidences of indebtedness issued therefor.

(b) It is the intention of the Board of Supervisors to cause the District to issue bonds, notes or other evidences of indebtedness, to fund all or a portion of the costs of the projects listed in Section 8 of this order, pursuant to Division 5 of the Public Resources Code and the Landscaping and Lighting Act of 1972. Such bonds, notes or other evidences of indebtedness may be issued in one or more series at such times and in such principal amounts as the Board of Supervisors may determine in its sole discretion.

(c) The Board of Supervisors hereby establishes a special fund to be known as the "Regional Park and Open Space District Park Fund" into which all funds generated by the District shall be deposited. The Auditor-Controller of the County, on behalf of the District, may create any other funds, accounts or subaccounts necessary or desirable to account for the funds of the District, including the proceeds of assessments and bonds, notes or other evidences of indebtedness issued by the District.

(d) All revenue generated by the District, including the proceeds from the issuance of any bonds, notes or other evidences of indebtedness, shall be deposited in the Parks Fund and shall be allocated among all affected Public Agencies within the District as defined in Section 5506.9 of the California Public Resources Code, for expenditure consistent with the purposes of Division 5, Chapter 3, Article 3 of the Public Resources Code and of this order. The County shall be reimbursed from the Parks Fund for actual costs of administration of the District and the costs of issuance of bonds, notes or other evidences of indebtedness by the District, as provided in subdivision a of this Section 21.

(e) Pursuant to subdivision (e) of Section 5506.9 of the Public Resources Code, no proceeds from any bonds, notes or other evidences of indebtedness issued by the District shall be used for any operations, maintenance or servicing purposes, except that such proceeds may be used to pay all costs incidental to the preparation and issuance of the bonds.

(f) The amounts of all allocations designated in Section 8 are net amounts, and shall not be reduced for administrative costs of the District.

Section 22. Assessments levied pursuant to this order shall be levied for a period of twenty-two (22) years beginning with the fiscal year in which such assessments are first levied and collected by the District.

Section 23. (a) Pursuant to paragraph (7) of subdivision (c) of Section 5506.9 of the Public Resources Code, in each of the first twenty (20) years after the date an assessment is levied and collected, a minimum of eighty percent (80%) of all proceeds of assessments levied and collected by the District shall be used for capital outlay projects, including, but not limited to, acquisition and improvement of real property. For purposes of this order, capital outlay projects include the servicing of bonds, notes or other evidences of indebtedness issued by the District.

(b) On an annual basis, fifteen percent (15%) of all proceeds of assessments levied and collected by the District shall be set aside and designated as the maintenance and servicing amount, and shall be used only to maintain and service capital outlay projects funded pursuant to this order. The maintenance and servicing amount shall be allocated each year as follows. First, there shall be apportioned to the County an amount determined in the same manner specified in subdivision (b) of Section 9. Second, after the allocation required by the preceding sentence has been made, and notwithstanding any other provision of this order, there shall be allocated to the Santa Monica Mountains Conservancy or to any other agency nominated by it that manages properties acquired by the Conservancy pursuant to this order an amount equal to seven and two-tenths percent (7.2%) of the maintenance and servicing amount. Third, after the allocations required by the preceding two sentences have been made, the remainder of the maintenance and servicing amount shall be allocated among all incorporated cities in the District in the same manner specified in subdivision (b) of Section 9 hereof, except that one million seven hundred thousand dollars (\$1,700,000) shall be deducted from the amount allocated each year to the City of Los Angeles and such amount shall be used to pay debt service on bonds, notes or other evidences of indebtedness issued to fund the project described in Section 8. (b) 2. V. x.

(c) Funds for maintenance and servicing as described in this section shall be allocated annually to each city within the District and to the County. Such allocations shall be made only to those entities which certify that: (i) such funds shall be used only to maintain and service projects funded pursuant to this order, and (ii) such funds shall be used to supplement existing levels of service and not to fund existing levels of service.

Section 24. Any revenue generated by the District greater than the amount needed to finance the capital outlay projects described in this order, or to repay bonds, notes or other evidences of indebtedness to fund these projects, or to provide funds in accordance with the provisions of subdivision (b) of Section 23 shall be made available for the District-wide grants in accordance with paragraphs (3) and (4) of subdivision (a) of Section 8. The Department of Parks and Recreation shall make every effort to distribute these funds equitably throughout the District.

Section 25. (a) The rate and method of apportionment for use in levying annual assessments for all categories of property shall be as set forth in the Engineer's Report.

(b) Individuals who qualify for the California Property Tax Postponement Program (Section 20581 et seq. of the California Revenue and Tax Code) may also qualify for postponement of assessments levied by the District pursuant to this order. The Treasurer and Tax Collector of the County shall notify those individuals who have qualified for the Property Tax Postponement Program of this provision.

Section 26. Subject to the approval of a majority of the voters voting on the proposition, the Board hereby orders an assessment district to be known as County of Los Angeles Landscaping and Lighting District No. 92-1 to be formed and the improvements described in this order to be carried out, and confirms the diagram and the rate and method of assessment as set forth in the Engineer's Report.

Section 27. All qualified voters of the County shall be permitted to vote in the election and in all particulars not recited in this order the election shall be held as nearly as practicable in conformity with the General Election Law of the State of California.

Section 28. In case any provision of this order shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

Section 29. This order shall take effect immediately, and upon approval by the voters, all officers and employees of the District shall take all actions necessary and desirable to carry out the purposes of this order.

RESOLUTION NO. RES-11-0052

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LONG BEACH AUTHORIZING THE CITY MANAGER TO SUBMIT A GRANT APPLICATION TO THE LOS ANGELES COUNTY REGIONAL PARK AND OPEN SPACE DISTRICT FOR THE SLEEPY HOLLOW GREENBELT PROJECT IN THE CITY OF LONG BEACH

WHEREAS, on November 3, 1992, and on November 5, 1996, the people of Los Angeles County enacted Los Angeles County Proposition A, the Safe Neighborhood Parks, Gang Prevention, Tree-Planting, Senior and Youth Recreation, Beaches and Wildlife Protection Initiative (the "Proposition"), which provides funds to public agencies in the County for the purpose of developing facilities for public recreation; and

WHEREAS, the Proposition also created the Los Angeles County Regional Park and Open Space District (the "District") to administer said funds; and

WHEREAS, the City desires to submit an application for the Sleepy Hollow Greenbelt Park Project in the City of Long Beach, and

WHEREAS, the funding was originally allocated to the Mountains Recreation and Conservation Authority; and

NOW, THEREFORE, the City Council of the City of Long Beach resolves as follows:

Section 1. That the above recitals are true and correct and are incorporated herein by this reference, including Exhibit "A".

Section 2. That the City Manager is hereby authorized and directed to submit an application to the District for funds under the Proposition for the Project in the amount of approximately \$100,000.00.
