2. (15-0961) Recommendation to receive supporting documentation into the record, conclude the hearing, adopt resolution; and authorize City Manager to execute an agreement with Bixby Village Homeowners' Association providing for enforcement of traffic regulations on private streets in Bixby Village with easements for public access for the following three streets: North Greenway, South Greenway and Avenida de Castillo. (District 3)	Laurie Angel	lcangel@charter.net		North Long Beach	Long Beach	CA	90805	Very concerned about the proposed size of upcoming Riverwalk Development at 131 single family units with the potential of 2 or more cars per household and daily trips. Ingress and egress on streets in this neighborhood is constrained now due to narrow streets and inadequate parking. A development half the size of the proposal would adversely impact traffic, air pollution, safety on the neighborhood streets and quality of life for residents. Do not allow over concentration for this project.	10/13/2015

7. (15-1051) Recommendation to request City Manager to report on any past discussions, memorandums, codes, ordinances, and regulations on the matter, as well as submit recommendations that would ban or limit long-term oversized vehicle parking citywide.	Robert Cornwall	cornwalja@aol.com			Long Beach	CA	90815	Good Afternoon, I would like to be given the time at the Oct 13 council meeting to address the problems of street parking of oversized vehicles on our neighborhood streets in east Long Beach. Thank you, Robert Cornwall	10/12/2015
7. (15-1051) Recommendation to request City Manager to report on any past discussions, memorandums, codes, ordinances, and regulations on the matter, as well as submit recommendations that would ban or limit long-term oversized vehicle parking citywide.	Doug Jones	dougula_1@yahoo.com			Long Beach	CA	90808	I believe you should have a permit that is attached to a residence to park an RV on the city streets for a small fee per year.. It's fair, generates revenue. The problem of homeless using RVs for residence needs to be SOLVED and not ignored. We must take into consideration economic hardship and find suitable overnight parking with access to sewage drop for a small fee.	10/12/2015

7. (15-1051) Recommendation to request City Manager to report on any past discussions, memorandums, codes, ordinances, and regulations on the matter, as well as submit recommendations that would ban or limit long-term oversized vehicle parking citywide.	Emil Del Rosario	emil.is@outlook.com			Mountain View	Missouri	65548	I live on E. Mountain View St by Addams elementary, where streets are narrow & sweeping occurs 2x a week. Recently, a camper has taken up 2 cars worth of space & parked there since last Wed. Neighbors have not claimed ownership. It's a fight to find parking on sweep days, & large vehicles don't make it easier. It's also an eyesore, harder to maneuver out of our own driveways, & difficult to negotiate space for oncoming traffic to pass through. Our streets shouldn't be lined with such vehicles.	10/12/2015
7. (15-1051) Recommendation to request City Manager to report on any past discussions, memorandums, codes, ordinances, and regulations on the matter, as well as submit recommendations that would ban or limit long-term oversized vehicle parking citywide.	Laurie Angel	lcangel@charter.net		North Long Beach	Long Beach	CA	90805	Oversized vehicles is a serious quality-of-life issue that needs to be addressed. The public is using our streets as storage facilities and RV Parks. My neighborhood was built in the mid to late 1920's. Most of the streets are very narrow and parking is inadequate on nearly every block. Look at how Lakewood limits this activity. Their residents park their oversized vehicles on our streets. These vehicles make navigating streets, adequate visibility very difficult and often dangerous.	10/13/2015

Kristine Petermann	kpetermann@live.com			Long Beach	CA	90805	Hello, I live in DC #9. In the last few months, there have been multiple large vehicles that park in residential areas around South Street and 56th Street. It is very hard to see around these vehicles, especially late at night or early in the morning. Most times they are parked near driveways, and you can't see around them to see any other vehicles coming out of the drive way.	10/13/2015
