

**1) Very efficient lot, traffic flow and turn radius accommodate many cars in a tight lot! Naples Strip Mall next to Rite Aid!**

**2) Inefficient lot with too wide lanes...put in angled parking and tighter lanes to condense the lot to add one more row of parked vehicles. Public lot leased to a company by owner Bank of America! Granada and 2<sup>nd</sup>.**

Google Maps

**3 & 4 Lot at Livingston and 2<sup>nd</sup> with no flow to traffic or no planning of space. Meters next to Tot Lot on Livingston and Private/Public parking at Wells Fargo/ Babette's' lot.**

5.

**5 City Bank Lot that cannot be used by public even after they are closed daily and on weekends! On 2<sup>nd</sup> between Santa Ana and Claramont! Notice they have a tow away sign for each space!!**
