

ChildrensDayUSA.org

**Children's Day USA - Long Beach Sunday April 28
El Dorado Park - Long Beach @ The Duck Pond**

**11 - 3 PM - The Children's Day C4 Project
Housing - Children's Day USA has benefited
from CASA YOUTH SHELTER & BEACON
HOUSE C4 will provide solar & energy
efficient systems to those that provide
services to homeless & disabled & make
economic opportunity to those housed in
those communities and launching our own
housing programs over time.**

www.SUNNPROJECT.ORG

Part of every project done by The Sunn Project and the other firms working with the Children's Day Climate Change Creative Committee (C4) fund our housing program. Our partner funders & realtors can help us buy and build housing that working with our partner like CASA and BEACON will provide not just housing but rehabilitation and economic opportunities to those housed in the housing indicative.

This program starts in May 2019, if you want to help us provide help in not just fighting climate change but in fighting poverty then join us in developing projects that fund the housing program while generating jobs for the people we will house. Call Jim Oberst @ 562-719 3188 or e-mail him at jim@sunnpro.com
