

eComments Report for City Council Meeting Agenda of July 7, 2015

Item	Name	E-mail	Street	Neighborhood	City	State	Zip	Comment	Received
17. (15-0612) Recommendation to receive direction from the City Council concerning the performance of a Feasibility Study for the potential development of a Federal Inspection Service Facility at the Long Beach Airport. (District 5)	Leila Menzies	leilamenzies@aol.com			Long Beach	CA	90815	Do NOT approve this feasibility study. The LB Airport is a precious and important part of the community--but this feasibility study opens up the doors to more adjustments to the noise ordinance. A Federal Inspection Service Facility study should not be needed to decide if JetBlue can fly a few additional flights to Mexico...this is a false and disingenuous way to present this information to the community. Leila Menzies	7/6/15
PUBLIC COMMENT:	Andrew Nakamura	nakaholme@gmail.com			Long Beach	CA	90803	orange county fairgrounds seems to do alright. why not a smaller version by the queen mary.main exhibit hall,beer and wine hall for local brewers and wineries,food court and room for catering trucks. weekend carnival for the kids.2500 seat ampitheatre.not everybody can afford Disneyland.	7/3/15
*NOTE: Time of City Council meeting set for 7:00 P.M.
