ANTHONY W. BATTS  
Chief of Police

February 20, 2007

HONORABLE MAYOR AND CITY COUNCIL  
City of Long Beach  
California

### RECOMMENDATION:

Authorize the City Manager to execute all necessary documents to receive and expend grant funding from the United States Department of Homeland Security and from the Los Angeles County Office of Emergency Management for the continuing protection of infrastructure in the City of Long Beach; and increase appropriations in the General Grants Fund (SR 120) in the Police Department (PD) by \$291,000. (Citywide)

### DISCUSSION

On February 10, 2006, the City of Long Beach (City) received notification from the California Office of Homeland Security of final approval for \$291,000 in 2005 Buffer Zone Protection Program (BZPP) Grant funds. Through this program, the State of California will use grant funding for costs related to equipment, management and administration of protective actions aimed at protecting, securing and reducing the vulnerabilities of identified critical infrastructure and key resource sites.

The 2005 BZPP funds will be used to continue to augment the City's Homeland Security response capabilities through equipment and supply acquisition, security perimeter barriers and security video surveillance system equipment.

This item was reviewed by Deputy City Attorney Gary Anderson on February 7, 2007 and Budget and Performance Management Bureau Manager David Wodynski on February 8, 2007.

TIMING CONSIDERATIONS

City Council action is requested on February 20, 2007 to expedite use of the grant funds.

FISCAL IMPACT

As these grants are unbudgeted, appropriation increases are included in the recommendation. The expense appropriations will be fully offset by grant revenues and this grant does not require matching funds. There is no immediate impact to the General Fund; however, due to time delays between incurring expenditures and receiving revenues, it may be necessary for the General Fund to advance cash to cover grant-related expenses until reimbursement revenues are received. As the grant only covers procurement expenses, on-going costs for equipment maintenance will be borne by the General and other funds.

SUGGESTED ACTION:

Approve recommendation.

Respectfully submitted,
