Neighborhood Stabilization Program Rehabilitation Contract

This Neighborhood Stabilization Program Rehabilitation Contract is between the **City of Long Beach** (hereinafter "**City**"), and **Elite Allstars Inc, dba Action Services**, **State License No. 756140**, whose business address is **2221 Palo Verde #2C, Long Beach, CA 90815** (hereinafter "**Contractor**"), who warrants to be licensed and qualified to perform the work specified herein. This Contract is for the rehabilitation of property located at **3708 Chatwin** (hereinafter "**Property**"). The current owner of the Property has granted City authority to contract for rehabilitation of the Property on its behalf.

In consideration of their mutual promises, the parties agree as follows:

Part I. Specific Terms

1. **Effective Date.** This Contract shall have no force or effect unless and until executed by City and Contractor, and a copy is delivered to Contractor with a Notice to Proceed date. If an executed copy of this Contract with Notice to Proceed date is not delivered within 30 calendar days, neither City nor Contractor shall be bound by the terms of this Contract. If, however, an executed copy of this Contract with Notice to Proceed date is delivered after that date, and Contractor subsequently performs work on, or delivers materials to the Property, both parties shall be bound by this Contract. Contractor shall not be compensated under this Contract for work commenced, or materials delivered to the Property before the Notice to Proceed date.

2. **The Contract.** This Contract consists only of Part I (Specific Terms), Part II (Standard Terms), and Attachment No. 1 entitled Work Write-up, dated Feb. 9, 2011. This Contract shall comply with all Housing Quality Standards of the U.S. Department of Housing and Urban Development, and City of Long Beach housing and building codes, as applicable.

3. **Time For Commencement and Completion.** Contractor agrees to commence, or cause to be commenced, the actual work described in the Work Write-up within 7 calendar days after the Notice to Proceed date. Contractor agrees to complete, free of liens or rights of liens of contractors, mechanics, material suppliers or laborers, all work listed in Attachment No. 1 within **60 calendar days** after the Notice to Proceed date, subject to extensions approved by City for the period of any excusable delays (including strikes, acts of God or other reasons beyond the control of Contractor). Contractor agrees that time is of the essence of this Contract.

4. **Contract Price.** Contractor agrees to accomplish work as described in the Work Write-up in accordance with each and every term and condition of this Contract, for a total contract price of **Ten Thousand Eight Hundred Forty Dollars and no/100 (\$10,840.00)**.

5. **Progress Payments.** City and Contractor agree that the total contract price

shall be paid in progress payments, based upon the value of the work completed at the time the progress payment is requested, and a final payment representing 15% of the total contract amount. Progress payments shall be disbursed at the time and in the amounts specified in the payment schedule after inspection and approval of the work by City. The final payment amount may be reduced, or increased for payments made to Contractor for change orders specified in Part II, Paragraph 3. The final payment shall be disbursed in accordance with Part I, Paragraph 8. Final payment shall be disbursed upon receipt by City of a title report pertaining to the Property indicating that no mechanic's liens have been recorded against the Property in connection with the rehabilitation work performed under this Contract. Said title report will be requested by City on or about the 35th day after the recording date of the Notice of Completion unless this day is a Saturday, Sunday or holiday, in which case the title report will be requested on the next business day. City shall not withhold payment to Contractor except for noncompliance with the terms of this Contract, and shall not request Contractor to perform work outside the scope of this Contract as a condition of receiving payment. Contractor acknowledges that it is a material breach of this Contract to request or accept a progress payment or final payment which is in excess of the price of the work completed at the time such payment is requested.

6. **Liquidated Damages.** City and Contractor agree that it would either be impractical, or extremely difficult to fix actual damages in the event that Contractor fails to complete the described work within the time prescribed by this Contract. In connection therewith, Contractor agrees to pay to City liquidated damages of **Fifty Dollars (\$50.00)** per day for each calendar day thereafter the work is incomplete beyond the date when completion is required, so long as any such delay is not occasioned by the fault of City, or excused in accordance with Part II, Paragraph 17. City and Contractor further agree that Fifty Dollars (\$50.00) per day is a fair and reasonable estimate of such damages, and that said sum is not to be construed in any sense as a penalty. The parties further agree that said Liquidated Damages for delay shall be City's sole and exclusive remedy for such delay.

7. **Warranty.** Contractor warrants that all improvements, materials, hardware, and fixtures of whatever kind or nature to be installed or constructed by Contractor or Contractor's subcontractors, shall be new, of good quality, suitable for their purpose and be free from defects in workmanship, materials, or other deficiencies. This is a full warranty extending to City, the current property owner and subsequent owners of the Property; provided however, that the warranty set forth in this Paragraph shall apply only to deficiencies and defects about which City, the current property owner or subsequent owners shall have notified Contractor at the address stated above within 1 year from the date established by the final acceptance of all work performed under this Contract (Acknowledgement of Satisfactory Completion of Work), except for any longer manufacturer warranties which must be furnished to City. City, the current property owner or subsequent owners shall submit in writing to Contractor, a list of all corrections, which are covered by Contractor's warranty. Contractor shall proceed to make every attempt to have those corrections completed to the satisfaction of City, the current property owner or

subsequent owners.

8. **Payment Schedule.** All payments (except the final payment) have been reduced by the holdback percentage (15%), specified in Part I, Paragraph 5.

Contractor shall be entitled to request:

\$ 3,071.33, when Work Write-up items listed in Contractor's invoice totaling **33-1/3%** of the contract price has been completed.

\$3,071.33, when Work Write-up items listed in Contractor's invoice totaling **66-2/3%** of the contract price has been completed.

\$3,071.34, when all Work Write-up items have been accepted by City as completed.

Additionally:

Contractor shall provide City with a **Standard Notice of Work Completed and Not Completed** report from a company licensed by the California Structural Pest Control Board. Also, any work not completed by the pest control company, but recommended in the initial pest control inspection report, shall have been completed and certified by Contractor. Contractor shall provide City with the **building permit inspection sign-off**.

Contractor shall submit all manufacturer warranties and guarantees.

\$1,626.00, when the legally required time period for filing liens against the property related to the construction work referenced herein has expired, and no liens have been found to exist.

9. **Parties to Contract.** City and Contractor agree that they are the sole parties to this Contract, and are solely responsible for its performance. The parties agree that the United States Department of Housing and Urban Development, and its agents, officers, or employees, do not assume any liability or responsibility whatsoever arising out of this Contract.
