Subject: Request for Information: Deniece L. Ponds - Public Safety Dispatch candidate

Dear Commission,

I, Deniece L. Ponds, have applied with/for your police department March of this year. I was accepted, attended orientation and submitted my background packet. I was appointed Background Investigator, Mr. Anthony Lembi. In that my career has been as a Public Safety Dispatcher for a total of 10 years. This is a career I've grown to love and respect. However, I was removed from LBPD list to proceed the crossing of the finish line. Just before LBPD placed me on their list, I had just passed a backgrounds check via Office of Public Defender, county of Riverside. It's obvious that different agencies look for different things. I am very concerned, my investigator hadn't even gotten to my professional or personal references before I was dismissed. Which says to me, something in my submitted documents wasn't sufficient. Due to me being the head of my household, I would like to request my reasoning for my conclusion with LBPD for other future potential employment. If there is a waiver I may sign in order to receive this information for dismissal, I will sign. I live a pretty transparent life and would hate for my future to decline due to something unknown to myself especially if its something I can correct. I feel at such an disadvantage and loss because I can't pin it? I would greatly appreciate your assistance.

Sincerely,

Deniece L. Ponds
