## **BELMONT SHORE PARKING AND BUSINESS IMPROVEMENT AREA COMMISSION MEMBERS**

City of Long Beach  
California

**January 15, 2009**

**REFERENCE:       Item #5**

**SUBJECT:         Receive and File Report on Second Street Median Repair**

### DISCUSSION

At the November 20 2008 meeting, the Commission received a cost estimate prepared by the Public Works Department for median repairs on Second Street, totaling \$28,760. The Commission recommended the City expend up to \$30,000 for the repair.

Public Works is preparing to perform the work, and has been performing the required tree assessment prior to directing the contractor to proceed. The City's arborist has evaluated the conditions and has made recommendations which will allow the work to proceed with minimal impact to the trees. We will continue to advise the Commission on the status of this project.

### RECOMMENDATION

Receive and File the report on Second Street Median Repair.
