RE: Standing Committees, Authorities & Memberships

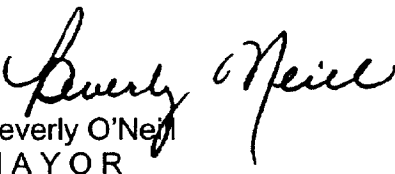

Dear Colleagues,

Attached is the roster for the 2004-2006 Standing Committees, Authorities & Memberships.

In addition, this roster reflects the recommended dissolution of the I-710 Oversight Committee, whose functions will be merged into the existing Transportation and Infrastructure Committee.

Recommended Actions

- A. Approve the appointments as recommended, and;
- B. Request the City Attorney to prepare a resolution dissolving the City Council I-710 Oversight Committee, transferring all functions, issues and pending items into the existing Transportation and Infrastructure Committee.
