Each year, City staff reviews the Federal Legislative Agenda and recommends changes to the Federal Legislation Committee and the City Council to ensure that the agenda is up-to-date and addresses the legislative concerns of the City. The 2012 agenda was sent to all departments for their input and includes changes the City Council approved throughout the year. Attached for your review are staff's proposed changes. A summary of these changes is provided in this memorandum to explain why each deletion and addition is recommended.

**ENVIRONMENTAL**

Item A: Air Quality

Item 4 is added to reflect the City Council's decision on July 3, 2012 to support a financially prudent transition towards safe "green" aircraft fuel while balancing the safety and financial concerns of the general aviation community.

**ADDITIONAL ISSUES OF STATE LEGISLATIVE IMPORTANCE**

Item N: Financial Institutions

Item N is added to reflect the City Council's decision on December 6, 2011 to support federal legislation restoring the Glass-Steagall Act and if necessary, repealing provisions of the Gramm-Leach-Bliley Act to restore integrity and trust in our financial system.

Item O: Sequestration
