#### B. RECREATION AND RECREATION OPEN SPACE

The City's recreational resources include parks, community centers, golf courses, bike and equestrian trails, numerous special use recreation resources, and coastal amenities including beaches, a boardwalk, an esplanade, piers, fishing platforms, boat launches, a rowing center, a sailing center, harbors and marinas.

#### 1. Parks and Nature Preserves

The City of Long Beach has 92¹ parks encompassing 1,413² acres. There are 22 mini parks totaling 21 acres, nine greenway parks totaling 71 acres, 19 neighborhood parks totaling 147 acres, 13 community parks totaling 464 acres, El Dorado Regional Park with 401 "regional use" acres, and 28 special use parks totaling 310 acres and 12 acres of land at the two ranchos³. Greenway parks are largely undeveloped ribbons of green spaces. Special use parks include our riverfront recreation vehicle campground, two special events parks (Queen Mary and Rainbow Lagoon), the calm water swimming park at Colorado Lagoon, and Shoreline/Riverfront, Santa Cruz and Victory parks, a nature center park and a nature trail park. Some of the unique facilities found in local parks include a skateboard park, lawn bowling greens, an archery range, a model boat building shop, casting pond, paddleboat lake, duck pond and a dog park.

The land has been acquired and future park facilities development is planned for Costa del Sol, End Beach and Dunster Parks at Marine Stadium, and the development of several mini parks. The four offshore islands are planned for recreation open space when oil extraction is no longer a viable use for them.

The City is also working with the California Coastal Conservancy and others to rehabilitate wetland acreage at the Los Cerritos Wetlands in southeast Long Beach, and at Dominguez Gap and other areas along the Los Angeles River. With the creation of the Lower Los Angeles and San Gabriel Rivers and Mountains Conservancy, the City will also be exploring opportunities to further enhance habitat and recreation opportunities along the San Gabriel River as well.

## 2. Parks, Recreation and Marine Programs

The Parks, Recreation and Marine Department has one of the most extensive, award-winning programs in the United States. Their many offerings include all types of leisure time pursuits for all age groups. Special emphasis is placed on the diverse cultural backgrounds of our residents with a focus on meeting youth

<sup>&</sup>lt;sup>1</sup> Total by park type classification wherein portions of El Dorado, Heartwell and DeForest parks fall into multiple park type classes. When parks are simply counted by name, there are 88 parks in the City.

<sup>&</sup>lt;sup>2</sup> Actual number, not rounding figures to whole numbers, is 1,413.46.

<sup>&</sup>lt;sup>3</sup> New and expanded parks and parks acreage since adoption of the OSRE are listed in Appendix A and updated in Figure OSR – 1 and Table OSR – 2. However, none of the park acreage added has been changed in the body of this document.

# APPENDIX A AMENDMENTS

### OSRE AMD. No. 1-05

Add six new parks (Arbor, Chase, Fellowship, Peace, Rotary Centennial, Sims Pond) and expand three existing parks (Pacific Electric Right-of-Way, Santa Cruz and Victory).
