18. (12-0765) Recommendation to declare ordinance approving and adopting the official budget of the City of Long Beach for the Fiscal Year 2012 - 2013, creating and establishing the funds of the Municipal Government of the City of Long Beach appropriating money to and authorizing expenditures from said funds for said fiscal year; declaring the urgency thereof, and providing that this ordinance shall take effect at 12:01 A.M. on October 1, 2012, read and adopted as read. Much of LB has mixed neighborhoods. Residents depend on the LBPD's varied operations (the gang unit and others) to deter and respond to criminal activity. I have experienced LBPDs excellent work first hand. Take these away and we are all at risk. Safe neighborhoods are the cornerstone of a thriving and prosperous community. If our streets and homes are left to the criminals, little else will matter.	09/11/12

This is a huge mistake and an extremely irresponsible cut to our city services. This will have long term adverse public safety impacts and will ensure the continued perception of Long Beach as "unsafe" and gang infested and not business or family friendly. This hurts property values and contributes to the overall decline in the safety and quality of life in our city.	09/11/12

Over the years I have fallen in love with the diversity, community, culture & personality that makes this such a unique place to live. I bought my first home in LB last year because I believe we are on the precipice of something amazing. Cuts to the LBPD threaten this possibility & provide an opportunity for crime to flourish reinforcing a reputation that many have worked to move beyond.	09/11/12

I understand the need to make our city government as lean as possible, but the very essence of the authority of the city is its ability to keep its citizenry safe in their homes. Cuts this deep don't remove limbs, this is arterial. If we didn't need the Gang Details and the Investigative Units why did they exist? We know their loss will leave many neighborhoods at risk. Reconsider and correct please.	09/11/12

I wanted to ensure that you understand that I, as a Long Beach resident, do not want any cuts made to the LB Police Department whatsoever. The fact that we have less crime is not a sign that we need a smaller police department. LBPD officers can continue to focus on other crimes that were ignored while they focused on more serious crimes. LBPD can now be more proactive in their efforts to reduce crime in LB to even lower numbers. Please do not cut funding.	09/11/12

Thankfully the Council has chosen to keep funded some items, like pools and libraries, that I consider to be public safety. It is imperative that you also re-instate some of the moneys being cut from police. The city has been seeing a rise in burglaries and neighborhoods will feel even more vulnerable if the cuts to the force remain in place. Please reconsider your position on this matter, keep the gang-detail and investigative units.	09/11/12
