

eComments Report for City Council Meeting Agenda of July 14, 2015

Item	Name	E-mail	Street	Neighborhood	City	State	Zip	Comment	Received
1. (15-0633) Recommendation to respectfully request City Council to: (1) receive supporting documentation into the record and conduct a public hearing on two appeals of the Board of Harbor Commissioners' certification of the Final Environmental Impact Report (EIR) for the MCC Cement Facility Modification Project filed pursuant to Long Beach Municipal Code Section 21.21.507 by the Coalition for a Safe Environment, et al. and Earthjustice on behalf of East Yard Communities for Environmental Justice and the Coalition for a Safe Environment; and (2) adopt resolution denying the appeals and upholding the Board of Harbor Commissioners' certification of the Final EIR for the Project.	Tonia Reyes	tonia.reyesuranga@gmail.com			Long Beach	CA	90806	I have serious concerns regarding the impact of this project on the west Long Beach area and the entire west side of the city. POLB disregarded the appellants concerns and have made conflicting comments in their responses to the appeal. Look closely at the impact on the community. I believe MCC may be a good company the POLB is not requesting the MCC to exercise due diligence in keeping our community safe. The requirement to cold iron at 66% is unacceptable.	7/14/15
