Subject: 520 West Willow Alley Vacation

Good Afternoon,

I saw there have been notices posted about the alley behind the 520 West Willow office building, and I would like to wholeheartedly lend my support to doing so. I have been there a number of times, either going to their office, or one of the other businesses on the block. I have seen people cutting through the alley at high speeds, making me jump back to the curb so I don't get hit.

The biggest argument for this, in my opinion, is the community children. I have seen on more than one occasion children walking through the area, and have to jump out of the way. I worry that someone won't see them and they could get hurt.

Jesse
