Good evening

Please print out these articles and put in the public comments.

Here are two recent articles on the Community Hospital and Queen Mary debacle. What is going on with City Council and the terrible decisions you are making? Why is the City Attorney (who makes close to \$400,000) and City Auditor not doing their jobs. These terrible decisions and lack of integrity is now costing the residents of Long Beach millions of dollars. There is very little trust with this current council. Do better.
