Balance Series Receptacle

The Balance Series Receptacle features distinctively shaped cast iron inserts coated with a high-gloss powder coat finish that will give your property an upscale, designer flair. Heavy-duty end panels are constructed of an aggregate and epoxy mixture that is air cured for ultimate strength and durability. These ends offer the same long-life, low maintenance features of concrete but look so much better.

The receptacle panels are a heavy-gauge steel that is plastisol coated. each piece is finished using our unique high-gloss patented TopCoat finish that is mildew and stain resistant. UV inhibitors protect the surface from sunlight exposure.
