B. Project Execution

1. Subject to the availability of grant monies in the Act, the State hereby grants to the Grantee a sum of money (grant monies) not to exceed the amount stated on page 1, in consideration of, and on condition that, the sum be expended in carrying out the purposes as set forth in the Description of Project on page 1, and under the terms and conditions set forth in this Contract.

The Grantee shall assume any obligation to furnish any additional funds that may be necessary to complete the Project. Any modification or alteration in the Project as set forth in the Application on file with the State must be submitted to the State for approval.

2. The Grantee shall complete the Project in accordance with the time of Project Performance set forth on page 1, and under the terms and conditions of this Contract.
3. The Grantee shall comply as lead agency with the California Environmental Quality Act (Public Resources Code, Section 21000, et. seq., Title 14, California Code of Regulations, Section 15000 et. seq.)
4. The Grantee shall comply with all applicable current laws and regulations affecting Development Projects, including, but not limited to, legal requirements for construction Contracts, building codes, health and safety codes, and laws and codes pertaining to individuals with disabilities.

5. The Grantee shall permit periodic site visits, including a final inspection upon Project completion by the State, to determine if Development work is in accordance with the approved Project Scope.
6. Prior to the commencement of any work, the Grantee agrees to submit any significant deviation from the original Project Scope in writing to the State for prior approval. Changes in the Project Scope must be approved in writing by the State and must meet the exact need described in the original Project Application.
7. If the Project includes Acquisition of real property, the Grantee agrees to comply with all applicable state and local laws or ordinances affecting relocation and real property Acquisition.
8. The Grantee shall provide for public access to Project facilities in accordance with the intent and provisions of the enabling legislation and/or Program.
9. Grantees shall have (1) fee title, (2) lease hold or (3) other interest to the Project lands and demonstrate to the satisfaction of the State that the proposed Project will provide public benefits that are commensurate with the type and duration of the interest in land, as determined by the State, that is held by the Grantee.
10. The Grantee shall maintain and operate the property funded for a period that is commensurate with the type of Project and the proportion of State funds allocated to the capital costs of the Project. With the approval of the State, the Grantee, or the Grantee's successor in interest in the property, may transfer the responsibility to maintain and operate the property in accordance with this section. The Grantee shall use the property only for the purposes for which the grant was made and shall make no other use or sale or other disposition of the property, except as authorized by specific Act of the Legislature. The agreements specified in this section shall not prevent the transfer of the property from the Grantee to a public agency, if the successor public agency assumes the obligations imposed by those agreements. If the use of the property is changed to a use that is not permitted by the category from which the grant funds were appropriated, or if the property is sold or otherwise disposed of, an amount equal to (1) the amount of the grant, (2) the fair market value of the real property, or (3) the proceeds from the sale or other disposition, whichever is greater, shall be used by the Grantee for a purpose authorized by that category, pursuant to agreement with the State as specified in this section, or shall be reimbursed to the fund and be available for Appropriation by the Legislature only for a purpose authorized by that category. If the property sold or otherwise disposed of is less than the entire interest in the property funded with the grant, an amount equal to either the proceeds from the sale or other disposition of the interest or the fair market value of the interest sold or otherwise disposed of, whichever is greater, shall be used by the Grantee for a purpose authorized by the category from which the funds were appropriated, pursuant to agreement with the State as specified in this section, or shall be reimbursed to the fund and be available for Appropriation by the Legislature only for a use authorized by that category.
11. Lands or interests in land acquired with grant funds shall be acquired from a willing seller.

C. Project Costs

The Grant monies to be provided to the Grantee under this Contract may be disbursed as follows:

1. If the Project includes Acquisition of real property, the State may disburse to the Grantee the grant monies as follows, but not to exceed, in any event, the total State Grant Amount set forth on page 1 of this Contract:
 - a. Up to a 10% advance of the total State Grant Amount

- b. After the property is in escrow, the Grantee may request up to 80% of the total State Grant Amount as specified in the approved Application, or 100% of the actual Acquisition cost, whichever is less. The Grantee shall immediately place these funds in escrow.
 - c. The remaining State grant funds shall be paid up to the amount of the grant or the actual Project cost, whichever is less, on completion of the Project and receipt of a detailed summary of Project costs from the Grantee.
- 2. If the Project includes Development, the State may disburse to the Grantee the grant monies as follows, but not to exceed in any event the total State Grant Amount set forth of page 1 of this Contract:
 - a. Up to a 10% advance of the total State Grant Amount.
 - b. On proof of award of a construction Contract or commencement of construction by force account, up to 80% of the total State Grant Amount, not to exceed 80% of the total dollar amount of any or all awarded construction contracts.
 - c. The remaining State grant funds shall be paid up to the amount of the grant or the actual Project cost, whichever is less, on completion of the Project and receipt of a detailed summary of Project costs from the Grantee.

D. Project Administration

- 1. The Grantee shall promptly submit written Project reports as the State may request. In any event, the Grantee shall provide the State a report showing total final Project expenditures.
- 2. The Grantee shall make property and facilities developed pursuant to this Contract available for inspection upon request by the State.
- 3. The Grantee shall use any monies advanced by the State under the terms of this Contract solely for the Project herein described.
- 4. If grant monies are advanced, the Grantee shall place these monies in a separate interest bearing account, setting up and identifying such account prior to the advance. Interest earned on grant monies shall be used on the Project, as approved by the State. If grant monies are advanced and not expended, the unused portion of the grant shall be returned to the State within 60 days of completion of the Project or end of the Project Performance Period, whichever is earlier.
- 5. The Grantee shall use income earned by the Grantee from use of the Project to further Project purposes, or, if approved by the State, for related purposes within the Grantee's jurisdiction.

E. Project Termination

- 1. Any Grant funds that have not been expended by the Grantee shall revert to the fund and be available for Appropriation by the Legislature for one or more of the local assistance programs that the Legislature determines to be the highest priority statewide.
- 2. The Grantee may unilaterally rescind this Contract at any time prior to the commencement of the Project. After Project commencement this Contract may be rescinded, modified or amended only by mutual agreement in writing between the Grantee and the State.

3. Failure by the Grantee to comply with the terms of this Contract or any other Contract under the Act may be cause for suspension of all obligations of the State hereunder. However, such failure shall not be cause for the suspension of all obligations of the State hereunder if in the judgment of the State such failure was due to no fault of the Grantee. In such case, any amount required to settle at minimum cost any irrevocable obligations properly incurred shall be eligible for reimbursement under this Contract.
4. Because the benefit to be derived by the State, from the full compliance by the Grantee with the terms of this Contract, is the Preservation, protection and net increase in the quantity and quality of parks, public recreation facilities and/or historical resources available to the people of the State of California and because such benefit exceeds to an immeasurable and unascertainable extent, the amount of money furnished by the State by way of grant monies under the provisions of this Contract, the Grantee agrees that payment by the Grantee to the State of an amount equal to the amount of the grant monies disbursed under this Contract by the State would be inadequate compensation to the State for any breach by the Grantee of this Contract. The Grantee further agrees therefore, that the appropriate remedy in the event of a breach by the Grantee of this Contract shall be the specific performance of this Contract, unless otherwise agreed to by the State.
5. The Grantee and the State agree that if the Project includes Development, final payment may not be made until the Project conforms substantially to this Contract.

F. Hold Harmless

1. The Grantee shall waive all claims and recourse against the State including the right to contribution for loss or damage to persons or property arising from, growing out of or in any way connected with or incident to this Contract except claims arising from the concurrent or sole negligence of the State, its officers, agents, and employees.
2. The Grantee shall indemnify, hold harmless and defend the State, its officers, agents and employees against any and all claims, demands, damages, costs, expenses or liability costs arising out of the Acquisition, Development, construction, operation or maintenance of the property described as the Project which claims, demands or causes of action arise under Government Code Section 895.2 or otherwise except for liability arising out of the concurrent or sole negligence of the State, its officers, agents, or employees.
3. The Grantee agrees that in the event the State is named as codefendant under the provisions of Government Code Section 895 et. seq., the Grantee shall notify the State of such fact and shall represent the State in the legal action unless the State undertakes to represent itself as codefendant in such legal action in which event the State shall bear its own litigation costs, expenses, and attorney's fees.
4. The Grantee and the State agree that in the event of judgment entered against the State and the Grantee because of the concurrent negligence of the State and the Grantee, their officers, agents, or employees, an apportionment of liability to pay such judgment shall be made by a court of competent jurisdiction. Neither party shall request a jury apportionment.
5. The Grantee shall indemnify, hold harmless and defend the State, its officers, agents and employees against any and all claims, demands, costs, expenses or liability costs arising out of legal actions pursuant to items to which the Grantee has certified. The Grantee acknowledges that it is solely responsible for compliance with items to which it has certified.

G. Financial Records

1. The Grantee shall maintain satisfactory financial accounts, documents and records for the Project and to make them available to the State for auditing at reasonable times. The Grantee also agrees to retain such financial accounts, documents and records for three years following Project termination or final payment.

The Grantee and the State agree that during regular office hours each of the parties hereto and their duly authorized representatives shall have the right to inspect and make copies of any books, records or reports of the other party pertaining to this Contract or matters related thereto. The Grantee shall maintain and make available for inspection by the State accurate records of all of its costs, disbursements and receipts with respect to its activities under this Contract.

2. The Grantee shall use a generally accepted accounting system.

H. Use of Facilities

1. The Grantee agrees that the Grantee shall use the property developed with grant monies under this Contract only for the purposes for which the State grant monies were requested and no other use of the area shall be permitted except by specific Act of the Legislature.
2. The Grantee shall maintain and operate the property developed for a period commensurate with the type of Project and the proportion of State grant funds and local funds allocated to the capital costs of the Project, as determined by the State.

I. Nondiscrimination

1. The Grantee shall not discriminate against any person on the basis of sex, race, color, national origin, age, religion, ancestry, sexual orientation, or disability in the use of any property or facility developed pursuant to this Contract.
2. The Grantee shall not discriminate against any person on the basis of residence except to the extent those reasonable differences in admission or other fees may be maintained on the basis of residence and pursuant to law.
3. All facilities shall be open to members of the public generally, except as noted under the special provisions of this Project Contract or under provisions of the enabling legislation and/or Program.

J. Application Incorporation

The Application and any subsequent change or addition approved by the State is hereby incorporated in this Contract as though set forth in full in this Contract.

K. Severability

If any provision of this Contract or the Application thereof is held invalid, that invalidity shall not affect other provisions or Applications of the Contract which can be given effect without the invalid provision or Application, and to this end the provisions of this Contract are severable.
