Re: Issuance of Permit for Entertainment with Dancing By Patrons and Performers to Mario L Miramontes

Dear Sir:

Our main concern is the noise from the loud music and the noise after closing when patrons and customers meet outside. Many times they yell at each other, curse at each other and laughing out loud. This happens at 2AM when we are supposed to be sleeping and resting.

Our other concern is, this is going to be a magnet for prostitution and illegal drugs. Imagine yourself walking by the place as a mother and your daughter, being mistaken as a prostitute or performer. This is very degrading to all the women in the neighborhood.

When there are drugs, there will be gangs. When there are gangs, there will be violence and hostilities which means crime, shootings, stabbings and killings. We don't want this in our neighborhood. So please, do not issue the permit.

Sincerely,  
Adriano Espiritu Jr.
