Subject: Gaslamp Resturant - public notice

6251 E. Pacific Coast Hwy

Dear Mr. Erik Sund

I'm writing you in regards to the public hearing for Gaslamp restaurant's permit for entertainment/dancing. We have a home right across street from this Resturant. This is a very family oriented community. Gaslamp had this permit few years ago and I believe they had lost it due to the shooting that happened right outside of the Resturant after they were closing around 2 AM. That was not the only incident they had or we had seen back then. They were always fights and screams outside of this Resturant. Not to mention the loud music we could hear from our home till late at night. I respectfully ask you not to issue this Resturant any entertainment permit. Not only this will disrupt the community's security, and noise pollution but also it will hurt us even more on our home values. These past few years our home values have been severely impacted by the economy and housing market and issuing Gaslamp a permit for entertainment will only make it worse.

Thank you for your consideration. And please contact me if you have any questions.

Regards,
Max Motamedian

I am contacting your office in concerning the issuance of a permit for Entertainment with Dancing by patrons to Gaslamp Partners LLC, dba The Gaslamp Restaurant, 6251 E. Pacific Coast Hwy., Long Beach CA 90803, which is on the agenda for the City Council to be discussed at the February 19, 2013 meeting.

I object to granting this permit on the grounds that this restaurant and its patrons are extremely disruptive to the neighborhood and quiet enjoyment of life in Long Beach, especially on weekends. They frequently are operating past their posted closing time as evidenced by the continuing loud music coming from this establishment, I live across the road from their business and unfortunately suffer through the commotion and disruption they create. I have requested to their ownership directly in the past that they limit access to their parking lot from Loynes Drive

while hosting special events and found that they do so for the next one or two times then return to their past practices.

They are not a responsible neighbor nor one interested in their surrounding community. Granting them such permits as will be discussed on the 19th validates their poor behavior and lessens the quality of life for our city's residents. There should be a balance and to date, there has not been one.

Thank you for forwarding my comments to the City Council.

Regards,

Robert D. Bailey

Homeowner

6011 Loynes Drive

Subject Gaslamp permit

Re: Permit for dancing at the Gaslamp Restaurant.

I live in the mobile home park on Loynes near the Gaslamp Restaurant. We had a restaurant in that spot that allowed dancing and it was a terrible nuisance. The party continued in the parking lot after the restaurant closed and was very loud and disturbing.

The young adults that travel Loynes in the daytime pay no attention to the posted speed and it is much worse at night and especially after they have been drinking.

I vote no on the permit.
