1 ///

2           Sec. 2. Every person who has been or who hereafter may be duly  
3 appointed to an office or position of employment indicated herein ("employee") and who  
4 is qualified to hold and does hold such office or position from and after the date or dates  
5 that the compensation prescribed herein shall become effective or from the date of  
6 employment, whichever occurs later, shall receive as full compensation for his/her  
7 services a biweekly salary based on one of the pay rates in each Salary Schedule  
8 ("Salary Schedule") established in the City Salary Resolution in effect or as amended for  
9 his/her office or position, together with such additional compensation, if any, as provided  
10 herein, by the City Salary Resolution, or by the City Personnel Ordinance. The method  
11 and manner of determination of the pay rate for each office or position of employment  
12 shall be fixed as stated in this Resolution, which may also include, by reference, part of  
13 the City Salary Resolution and City Personnel Ordinance.

14           Sec. 3. The biweekly salary of any employee of the Water Department who  
15 is originally appointed to any office or position of employment created and established in  
16 this Resolution shall be at a Pay Rate Step of the Salary Range Number for such office or  
17 position in accordance with the City's step placement policy or as determined by the  
18 General Manager of the Water Department ("General Manager"). In those cases where  
19 offices or positions are designated by grade numbers, the biweekly salaries of such  
20 employees shall be computed based on one of the pay rates designated for the grade  
21 thereof. The General Manager may designate the initial Pay Rate Step or increment of  
22 any employee within the Salary Range for the employee's office or position. However,  
23 the Board may, by resolution, specifically designate that the pay rate of any employee is  
24 fixed at some other pay rate included within the Salary Schedule without limitation as to  
25 grade or numerical designation.

26           Sec. 4. After an employee has served an initial six-month period of  
27 employment in an office or position at a pay rate designated as Pay Rate Step 1 in the  
28 Salary Schedule, the salary of such employee shall thereafter be adjusted according to

1 procedures established in the City Salary Resolution pertaining to pay rate step  
2 adjustments.

3           Sec. 5. As to those positions for which there is an "H" pay rate specified as  
4 well as the regular pay rate, the General Manager may specify, at the time of making an  
5 appointment or at any time thereafter, that the appointee to such position is to be paid at  
6 the "H" rate or at a regular pay rate.

7           Sec. 6. If an employee is promoted from one position to another for which a  
8 higher pay rate is established, or is advanced from one grade to another in the same  
9 position for which a higher pay rate is established, or is transferred from one department  
10 to another without change of position or grade, then the General Manager shall designate  
11 the pay rate of such employee to be at one of the pay rates for such position or grade  
12 which will be not less than the pay rate received by such employee immediately prior to  
13 such promotion, advancement, transfer, or Salary Schedule change. Likewise, if an  
14 employee is transferred as prescribed by the Civil Service Rules and Regulations for the  
15 City of Long Beach ("Civil Service Rules") for other than disciplinary reasons from one  
16 position to another position for which a lower pay rate is established, then the General  
17 Manager shall designate the pay rate of such employee to be at one of the pay rates  
18 prescribed for such position to which the employee is transferred. For the purpose of  
19 computing the "period of employment" under the provisions of this Section, an employee  
20 of the Water Department who has been reinstated to his/her former position pursuant to  
21 the provisions of Section 52 of the Civil Service Rules shall be considered as having  
22 been in the continuous service of the Water Department during the period said employee  
23 shall have served in the Armed Forces.

24           Sec. 7. A. The provisions of this Resolution relating to assignment of  
25 employees to Pay Rate Steps and to automatic pay step advancement shall not apply to  
26 employees in offices or positions which have been assigned to Salary Range Number  
27 EOO or BOO. The level of compensation of employees in such offices or positions shall  
28 be determined on a merit basis, and said employees shall be initially placed by the

1 General Manager at a level of compensation within Salary Range Number EOO or BOO  
2 which has been designated by this Resolution for said employee's office or position.  
3 After the employee has been initially placed at a level of compensation within the Salary  
4 Range Number EOO or BOO, the General Manager shall have the sole and exclusive  
5 discretion to increase or decrease the employee's level of compensation within Salary  
6 Range Number EOO or BOO for the employee's office or position which the General  
7 Manager shall determine to be the proper level of compensation as merited by the  
8 performance and demonstrated ability of said employee through an evaluation process  
9 provided, however, that the total of all percentage increases or decreases in  
10 compensation for any such employee shall not exceed twelve percent (12%) during any  
11 fiscal year. Evaluation shall be no more than once in any six-month period.

12 B. In addition to and apart from any merit increase provided in subsection  
13 "A" above, each employee assigned to the Salary Range Number EOO shall be eligible  
14 to participate in and receive Individual Performance Incentive Compensation, the purpose  
15 of which is to compensate management employees for distinguished and outstanding  
16 performance for the periods for which Individual Performance Incentive Compensation is  
17 paid and in further anticipation of continued distinguished and outstanding performance in  
18 subsequent periods.

19 At or near the commencement of the applicable fiscal year, an eligible  
20 employee and the General Manager shall develop and establish a written and approved  
21 performance plan for the employee which sets forth objectives or targeted results for the  
22 ensuing fiscal year or remaining portion thereof. Outstanding performance in the  
23 attainment of these objectives or distinguished performance in a specific project or  
24 program shall qualify the employee for Individual Performance Incentive Compensation.  
25 Such incentive compensation may be paid to any eligible employee in an amount not to  
26 exceed \$3,500.00 per fiscal year based upon the evaluation and determination by the  
27 General Manager of the employee's performance under the previously approved  
28 performance plan.

1 C. Employees with the Salary Range Number EOO are eligible to be  
2 granted executive leave by the General Manager, in accordance with and pursuant to the  
3 provisions of Section 4.10 of the City Personnel Ordinance. In addition to the five days  
4 granted to eligible employees in Section 4.10 of the City Personnel Ordinance, the  
5 General Manager may grant up to five additional days of executive leave per calendar  
6 year for management employees.

7 Sec. 8. A. All salaries and wages in this Resolution shall be computed and  
8 payable in biweekly installments, and such installments shall be paid every other Friday  
9 in accordance with and in continuation of the schedule of biweekly pay periods and  
10 paydays established and commenced by the City Council of the City of Long Beach ("City  
11 Council").

12 B. The compensation for all Water Department employees shall be as  
13 prescribed and expressed herein on a per-hour rate basis. The amount of the biweekly  
14 installment shall be computed by multiplying the employee's pay rate per hour by the  
15 number of hours or fraction of hours for which pay is actually due. The hourly pay rate  
16 shall include any additional compensation applicable.

17 C. When an employee is absent for any reason other than one of the  
18 permitted absences authorized by Section 1.06 of the City Personnel Ordinance, the  
19 employee is not entitled to receive the full amount of his/her installment of pay for the  
20 biweekly pay period during which said absence occurred. The amount of pay that the  
21 employee shall receive for such pay period shall be computed by multiplying the  
22 employee's applicable hourly pay rate by the number of hours or fraction of hours for  
23 which pay is actually due.

24 Sec. 9. Every employee of the Water Department shall perform such duties  
25 as are indicated by the title of his/her office or position and as are usually incident to such  
26 office or position and those that are assigned by his/her immediate supervisor, and such  
27 duties shall be performed in aid of the proper and efficient administration of the Water  
28 Department.

1           Sec. 10. The designation of certain positions in the schedule of positions  
2 contained herein and the designation of grades within a specified classification are made  
3 for the purpose of classifying such position according to the degree of responsibility and  
4 character of the duties required by such positions solely and only to the end that salary  
5 schedules for such positions will reflect the differences in the responsibilities and duties  
6 attached to positions of the same classification. The characterization of positions by said  
7 terms is hereby declared to have no other purpose or effect and shall not in any manner  
8 change or alter the classification of employees holding such positions.

9           Sec. 11. A. An employee temporarily assigned to perform duties not  
10 ordinarily attached to his/her position for the purpose of training and development  
11 pursuant to Section 63(3) of the Civil Service Rules shall be compensated at the pay rate  
12 fixed by the City Salary Resolution and the Salary Schedule for the position involving the  
13 duties to which temporary assignment has been made and at the step most closely  
14 approximating the pay rate of the employee immediately prior to the temporary  
15 assignment provided that in no event shall the pay rate for the temporary assignment  
16 exceed the employee's pay rate immediately prior to the temporary assignment.

17           B. An employee temporarily assigned to perform duties not ordinarily  
18 attached to his/her position for the purpose of rehabilitation or recovery from a medical  
19 condition that has been certified by the City Health Officer, pursuant to Section 63(5) of  
20 the Civil Service Rules, shall be compensated at the pay rate fixed by the City Salary  
21 Resolution and the Salary Schedule for the position involving the duties to which  
22 temporary assignment has been made and at the step most closely approximating the  
23 pay rate of the employee immediately prior to the temporary assignment provided that in  
24 no event shall the pay rate for the temporary assignment exceed the employee's pay rate  
25 immediately prior to the temporary assignment.

26           C. An employee temporarily assigned to perform duties not ordinarily  
27 attached to his/her position pursuant to Sections 63 (3) or 63 (5) of the Civil Service  
28 Rules, which temporary assignment results in a lower hourly pay rate, may be Y-rated

1 (pay rate frozen) until such time as the top step of the employee's new position is equal  
2 to or surpasses the employee's Y-rate.

3 D. The Y-rate shall apply to employees in the positions designated by the  
4 General Manager and will continue to be Y-rated until such time as the top step of the  
5 employee's new position is equal to or surpasses the employee's Y-rate.

6 Sec. 12. A. In addition to the number of offices and positions created  
7 herein in the various offices, departments, bureaus, and divisions of the Water  
8 Department, there are hereby created and established an additional number of each of  
9 said offices and positions equal to the number herein specifically created, and the Salary  
10 Range Numbers and Salary Schedules for such additional positions shall be the same as  
11 the Salary Range Numbers and Salary Schedules for the positions of the same title which  
12 are created and established herein.

13 B. There are hereby created and established in the Water Department the  
14 following three (3) bureaus which shall be responsible to the General Manager, Assistant  
15 General Manager and Deputy General Managers: (I) Business, (ii) Operations, and (iii)  
16 Engineering. Each of the bureaus shall be respectively under the immediate supervision  
17 and control of the head of that bureau. In addition, the General Manager may appoint  
18 positions including but not limited to Assistant to the General Manager; Special Projects  
19 Officer; Director of Government & Public Affairs; Director of Planning and Water  
20 Conservation; Director of Water Resources and may appoint the following positions  
21 under each bureau:

22 (i) Business: Manager, Finance; Manager, Administration; Information  
23 Technology Officer; (ii) Operations: Laboratory Services Supervisor; Manager, Security  
24 and Emergency Preparedness; Procurement and Warehouse Supervisor; Sewer  
25 Operations Superintendent; Support Services Superintendent; Telemetry Systems  
26 Superintendent; Water Operations Superintendent; Water Treatment Superintendent; and  
27 (iii) Engineering: Division Engineer.

28 Sec. 13. In accordance with City Charter Section 1403(3), the Board's plan

1 of succession is modified whereby the Deputy General Manager - Operations shall  
2 perform the duties of the General Manager in the temporary absence of the General  
3 Manager, and the Deputy General Manager - Business will perform the duties of the  
4 General Manager in the temporary absence of both the Deputy General Manager -  
5 Operations and the General Manager, and whereby the Board will appoint a Manager as  
6 Acting General Manager in the temporary absence of the General Manager, the Deputy  
7 General Manager - Operations and the Deputy General Manager - Business. In the case  
8 of such absence and during the time that the employee is performing the duties of  
9 General Manager, the employee shall not be entitled to receive the compensation of the  
10 General Manager.

11           However, if there is a permanent vacancy in the position of Deputy General  
12 Manager - Operations, Deputy General Manager - Business, bureau head, or division  
13 head due to any reason such as retirement, resignation, or termination, then the General  
14 Manager may assign an employee to perform as Acting Deputy General Manager, acting  
15 bureau head, or acting division head. During the time that the employee has been so  
16 assigned by the General Manager, then the employee shall be entitled to receive the  
17 compensation established in this Resolution or in the City Salary Resolution for the office  
18 or position to which that employee is assigned. If there is a permanent vacancy in the  
19 position of General Manager, then the Board may assign an employee to perform as  
20 Acting General Manager and that employee shall be entitled to receive the compensation  
21 established in this Resolution for the position of General Manager.

22           Sec. 14. When an employee classified in one of the following positions is  
23 assigned to perform and does perform the occupational skill described in the column  
24 hereof designated "Skill", said employee shall be paid on a per diem, hourly rate or one-  
25 time payment (bonus) basis, as indicated herein, the amount of additional compensation  
26 set forth in the column designated "Additional Compensation" opposite the described  
27 skill. The additional compensation shall be paid to the employee at an hourly rate only if  
28 said employee is assigned to regularly perform said occupational skill on a daily basis. If

1 an employee is not regularly assigned to perform said occupational skill on a daily basis,  
 2 then the additional compensation shall be paid at a per diem rate, and said per diem skill  
 3 pay shall be paid only for each work day that the employee actually performs said  
 4 occupational skill, and the employee is not entitled to receive and shall not be paid per  
 5 diem skill pay for any date that the employee does not work or is absent from work on a  
 6 permitted absence. For purposes of this Section, any employee in a non-career position  
 7 shall receive skill pay in the same manner as prescribed for a comparable employee in  
 8 the classified career service and need not be specifically designated in the following  
 9 table(s) unless there is no comparable classified position.

10 The following skills, as determined by the General Manager or Deputy  
 11 General Manager shall be effective on and after May 1, 2007, or on and after the  
 12 operative date in the City Salary Resolution, whichever is later.

1           \* If any Certificate was issued to an employee before January 1, 1990, that  
2 employee must obtain re-certification before September 30, 1996 and every five years  
3 thereafter (or more frequently if required by the organization issuing the certificate) or  
4 shall no longer receive skill pay. If any Certificate was issued to an employee on or after  
5 January 1, 1990, that employee must obtain re-certification within five years after the date  
6 of issuance of the Certificate (or more frequently required by the organization issuing the  
7 Certificate).

8           Sec. 15. A. The method of computation of the amount of additional  
9 compensation to be paid to an employee for overtime worked shall be in accordance with  
10 and pursuant to the applicable definitions, conditions, and requirements of the City's  
11 Personnel Ordinance and in accordance with and pursuant to the Fair Labor Standards  
12 Act ("FLSA"), except that the additional compensation for overtime exempt from FLSA  
13 shall not include uncontrolled standby amounts in the computation.

14           B. Any employee in the classification of Water Utility Mechanic II or III who  
15 shall be required to and shall work overtime (as such term is defined in the City  
16 Personnel Ordinance) or on a regular day off, or on a legal holiday, for which time such  
17 employee would be entitled to but does not receive time off in performing the duties of  
18 Water Utility Supervisor I shall be entitled to and shall receive the same compensation as  
19 said Water Utility Supervisor I would have received when so working overtime.

20           Sec. 16. In addition to other compensation described herein, a night shift  
21 differential equal in amount to any night shift differential established in the City Salary  
22 Resolution shall be paid to any permanent full-time employee in the Long Beach City  
23 Employees Service Lodge 1930, District Lodge 947, International Association of  
24 Machinists and Aerospace Workers, AFL-CIO ("CESL") or the Long Beach Association of  
25 Engineering Employees ("Association") whose regular schedule requires the employee to  
26 work between the hours of 6:00 p.m. and 6:00 a.m., provided that (I) the employee works  
27 one-half (½) or more of his/her regularly scheduled shift between the hours of 6:00 p.m.  
28 and 6:00 a.m., and such employee shall be eligible to be paid the additional rate

1 established by this Section for each hour worked during the entire shift; or (ii) the  
2 employee works between the hours of 6:00 p.m. and 6:00 a.m. as part of a "split shift".  
3 Split shift is defined as a shift of eight (8) or more non-continuous work hours in a single  
4 day, separated by a break of at least three (3) non-working hours during said shift. Such  
5 employee shall be paid the night shift differential established by this Section only for each  
6 hour actually worked between the hours of 6:00 p.m. and 6:00 a.m.

7           Sec. 17. Each employee represented by the CESL or the Association in a  
8 classification or grade level below the level of division head, who is required for at least  
9 forty consecutive hours (four consecutive work days for those employees regularly  
10 assigned to a work week schedule of ten hours per day, four days per week, hereinafter  
11 referred to as a "4-10" Work Schedule) in a calendar year to perform the duties in a  
12 different classification or grade level with a higher Salary Range than the employee's  
13 current classification or grade level, shall be paid an amount per hour equal to that  
14 established in the City Salary Resolution as additional compensation for each hour that  
15 the employee performs the duties. In no event shall the total compensation paid to the  
16 employee for regular salary and higher classification pay exceed the sixth step of the  
17 higher classification or grade level. The requirement that the employee perform the  
18 duties of such higher classification or grade level for at least forty consecutive hours (four  
19 consecutive work days for those employee assigned to a "4-10" Work Schedule) in order  
20 to qualify for the additional compensation shall be required only once during each  
21 calendar year for each separate higher classification or grade level in which the  
22 employee is required to perform said duties. A permitted absence or an emergency  
23 which prevents the employee from performing such duties shall not be counted as a day  
24 of performance of said duties; however, it shall not be deemed an interruption in the  
25 computation of the forty consecutive work hours (four consecutive work days for those  
26 employees assigned to a "4-10" Work Schedule) qualification period. Each employee  
27 who qualifies for the benefits provided by this Section shall apply for said benefits within  
28 thirty (30) calendar days after the date that the employee meets the criteria set forth

1 herein.

2           Sec. 18. Employees requiring transportation in connection with the  
3 performance of their duties for the Water Department may be assigned a vehicle owned  
4 by the Water Department or an employee may receive, by way of reimbursement, the  
5 cost of transportation incurred in the performance of his/her duties. Reimbursement, at  
6 the discretion of the General Manager, may be paid to such employees on the basis of  
7 any of the following computations:

- 8           (a) Actual cost of transportation per month for public transportation; or
- 9           (b) For use of a privately-owned vehicle used for Water Department  
10 business:

11           (i) Effective March 4, 2006, \$0.385 per mile for all authorized mileage  
12 actually driven by the employee on Water Department business each month; or

13           (ii) A flat monthly allowance in such sum as may be determined by the  
14 General Manager, not to exceed the sum established in the City Salary Resolution. Said  
15 monthly allowance is hereby determined to constitute reimbursement for the expenditures  
16 and costs of operating and maintaining such vehicle, including its availability, as required  
17 for the performance of Water Department business; or

18           (iii) A flat rate per month plus an allowance per mile for all authorized  
19 mileage actually driven by the employee on Water Department business, which flat rate  
20 and "per mile" allowance shall be equal to those established in the City Salary  
21 Resolution.

22           In each instance that an employee uses a privately-owned vehicle, the  
23 employee shall procure and maintain in full force and effect bodily injury and property  
24 damage insurance from a company or companies authorized to do business in the State  
25 of California with minimum coverages as prescribed by the General Manager at all times  
26 while said privately-owned vehicle is used for Water Department business.

27           Sec. 19. Pursuant to this Resolution and the rules, regulations and policies  
28 promulgated by the Board, employees may authorize deductions to be made from their

1 salaries or wages for purposes authorized by the provisions of Article 6 of Chapter 1 of  
2 Division 4 of Title 1, and Articles 1, 1.5 and 2 of Chapter 2 of Part 1 of Division 2 of Title 5  
3 of the California Government Code, except that such deductions for payment of dues or  
4 other services provided by an employee organization or association shall be only as  
5 provided by a valid existing contract between the City and said employee organization or  
6 association.

7           Sec. 20. Pursuant to this Resolution, the Administrative Regulations or the  
8 City's Financial Policies and Procedures issued by the City Manager, employees may be  
9 awarded additional compensation for suggestions made that result in measurable  
10 monetary savings to the Water Department. Such awards shall not exceed ten percent  
11 (10%) of the anticipated first year savings after adoption of the suggestion provided,  
12 however, that the maximum award shall not exceed \$5,000.00.

13           Sec. 21. Notwithstanding any other provision of this Resolution, the  
14 General Manager may, within his sole discretion, provide as part of an employee's annual  
15 compensation additional compensation for relocation and moving expenses actually and  
16 necessarily incurred to accept a position with the Water Department if the General  
17 Manager determines that such additional compensation is required as a necessary  
18 inducement for the acceptance of employment with the Water Department. Said  
19 additional compensation must be provided within three years after the employee's  
20 appointment date.

21           Sec. 22. Except as otherwise provided in this Resolution and any other  
22 applicable federal or State laws, rules and regulations, it is the intent of the Board, by the  
23 adoption of this Resolution, to prescribe the compensation of employees of the Water  
24 Department, including the implementation of such adjustments in compensation for the  
25 employees in each office or position of employment with the Water Department as  
26 provided in any applicable Memorandum of Understanding which has heretofore been  
27 approved and adopted by the City Council, and in the event of any inconsistency or  
28 conflict between the provisions of this Resolution and the applicable Memorandum of

1 Understanding regarding such adjustments in compensation due to any inadvertence,  
2 oversight, or clerical error, it is intended that the provisions in such Memorandum of  
3 Understanding shall control and shall supersede the provisions of this Resolution, and  
4 such adjustments to the compensation shall be deemed to have been correctly included  
5 herein, effective as of the applicable effective date, and such matters shall be  
6 subsequently corrected by appropriate action.

7           Sec. 23. A. Each employee that qualifies under subsection "B" below shall  
8 be compensated at the rate established in the City Salary Resolution for each full hour of  
9 standby duty as defined in the Memorandum of Understanding between the City of Long  
10 Beach and the CESL or the Association.

11           B. Employees who are released from active duty but who are required by  
12 the Water Department to leave notice where they can be reached and be available to  
13 return to active duty when required by the Water Department shall be said to be on  
14 standby duty. Standby duty shall, whenever possible, be assigned to employees on a  
15 voluntary basis. When voluntary assumption of standby duty by employees is insufficient  
16 to meet the needs of the Water Department, then such duty will be assigned upon a  
17 rotational basis whenever possible within affected work units. Standby duty requires that  
18 employees so assigned shall respond within thirty minutes to the Water Department, be  
19 reached by telephone or other communicating devices, and refrain from activities which  
20 might impair their ability to perform assigned duties. Employees not obliged to remain on  
21 standby duty have no obligation to meet these requirements. Employees accepting  
22 standby duty who are not able to meet the above criteria due to distance must make prior  
23 arrangements with the General Manager or his designee before accepting the standby  
24 duty.

25           Sec. 24. The compensation prescribed herein shall remain in effect until  
26 superseded by the City Council to reflect adjustments in compensation in applicable  
27 memoranda of understanding and as otherwise prescribed by the City Council for  
28 employees not covered by memoranda of understanding, or until this Resolution is

1 amended or rescinded.

2           Sec. 25. A. Employees who are eligible and volunteer to participate in the  
3 City's Trip Reduction Incentive Program as prescribed by the City's Trip Reduction Plan  
4 and current Participation Guidelines, and who also participate at least twelve days per  
5 month in the Trip Reduction Incentive Program shall also be eligible for monthly awards  
6 drawings.

7           B. Employees who are eligible and who commute to work by any means  
8 other than a motorized vehicle (e.g. bicycle, walk, jog) and who also participate at least  
9 eight (8) days per month shall also be eligible for quarterly awards drawings.

10           Sec. 26. In addition to other compensation described herein, there shall be  
11 presented to each employee upon completion of ten years' service, fifteen years' service,  
12 twenty years' service, twenty-five years' service, thirty years' service, thirty-five years'  
13 service, forty years' service, and upon retirement a suitable service award. The Board  
14 shall also sponsor an annual luncheon honoring those employees who have completed  
15 twenty years' service and who have received state, national and other awards.

16           Sec. 27. Employees may also receive additional compensation in the form  
17 of a safety award, including a safety breakfast, lunch and dinner, as determined by the  
18 General Manager, for successful participation in the Water Department's safety program.

19           Sec. 28. Employees working in areas where hazards that may cause foot  
20 injuries exist shall wear safety footwear approved by the Water Department that meets or  
21 exceeds the American National Standard for Safety - Toe Footwear, Class 75, ANSI  
22 A41.1-1967.

23           The Water Department shall reimburse eligible employees, as specified in  
24 Section III.11 of the Long Beach Water Department Procedural Manual, who provide  
25 receipts or other documentation as determined by the General Manager for the cost of  
26 the following:

- 27           a. Initial purchase of safety footwear;
- 28           b. Resole or repair for safety footwear based on an assessment of "fair

1 wear and tear" by the Supervisor and Division Manager; or

2 c. Additional safety footwear purchased, when warranted, based on an  
3 assessment of "fair wear and tear" by the Supervisor and Division Manager.

4 Sec. 29. The Board may sponsor an annual Board/Staff Dinner for selected  
5 employees to review achievements of the previous year and capital projects planned for  
6 the next five years.

7 Sec. 30. The Board may sponsor other benefits, luncheons, dinners, and  
8 the like for special awards, strategic planning sessions, outstanding achievements,  
9 Metropolitan Water District of Southern California directors and managers, water and  
10 sewer related professional organizations, and the like.

11 Sec. 31. This Resolution shall be known as the "Water Department Salary  
12 Resolution" and may be so cited and referred to as such.

13 Sec. 32. All other resolutions and orders pertaining to the matters set forth  
14 herein are hereby rescinded.

15 Sec. 33. If the City Council, in its resolution approving the compensation  
16 fixed herein, or in the City Salary Resolution, approves compensation (including skill pay)  
17 for offices or positions listed herein at a compensation or skill pay different than that  
18 indicated opposite the positions listed herein or approves classifications for offices or  
19 positions not listed herein or approves compensation arising from various Memoranda of  
20 Understanding with the City's bargaining units, then the Board does hereby fix the  
21 compensation for said office or position at the compensation (including skill pay) so fixed  
22 by the City Council by resolution and the Board does hereby adopt the classification for  
23 offices and positions fixed by the City Council by resolution.

24 Sec. 34. The Secretary of the Board of Water Commissioners shall certify  
25 to the passage of this Resolution, and it shall be deemed operative on September 18,  
26 2007 or on the date on which this Resolution is approved by the City Council, whichever  
27 occurs later.
