

1. The City to provide a process for the collectives and cooperatives to apply for a business licenses to set forth the specific standards and criteria under which such businesses shall be conducted and regulated within the city and to set forth any regulatory fees pursuant to title 5
2. The City to declare a moratorium on medical marijuana facilities in order to develop a process for business licensing and adopt related zoning ordinances and to provide for a time period for the registration of all existing facilities so we can know where and how many there are.
3. The City to recommend the zoning requirements for placement of these facilities: i.e. not allowed near churches, schools, in neighborhoods, etc.
4. The City to recommend a number allowed in our city.
5. The City should seek to amortize the closure of preexisting non-confirming uses after guideline have been established.
