RE: February 4, 2020 Council Agenda

**Subject: Oppose Item 29, file number 20-0070 & Oppose Item 30, file number 20-0071**

*Please include this letter in the public record Feb. 4, 2020 City Council meeting.*

Dear Mayor and Councilmembers,

I hope that you will kill this project entirely, as our City does not have nearly enough Tidelands Funds to pay for it. With sea level rise in the coming years quite likely to damage other infrastructure along our coast, it would be wise to keep the available funds in reserve for repairs. However, if you insist that we have such a swim facility, please find a different place to locate it--a site that is not so expensive to build on nor so likely to be damaged or destroyed by sea rise, earthquake, or liquefaction.

Sincerely,

Richard Gutmann
