

Attention Pet Lovers — help reduce pet overpopulation with the CA Spay & Neuter License Plate!

## Spay & Neuter Saves Lives!

The California Spay & Neuter license plate, sponsored by the California Veterinary Medical Board, provides a fun and easy way for pet lovers to help reduce pet overpopulation. Proceeds from the plate provide funding for free or low-cost spay & neuter surgeries across California, and also help to raise awareness about the importance of spaying and neutering.

By pre-ordering the California Spay & Neuter License Plate today, you can be among the first to display the new plate on your vehicle. The state of California will begin production of the new plate after 7,500 pre-orders have been submitted.

*Greg Gorman*

### The tragedy of pet overpopulation.

*Hundreds of thousands of dogs and cats are euthanized in California's animal shelters each year simply because there are not enough homes. The simplest and most responsible act that a pet owner can take to help alleviate this crisis is to spay or neuter their pets.*

## Frequently Asked Questions

### How much does the plate cost?

A sequentially numbered plate is just \$50. A personalized plate, whether a new request or a transfer for an existing personalized plate, is \$98. These fees are additional above your normal registration fee.

### What is the artwork?

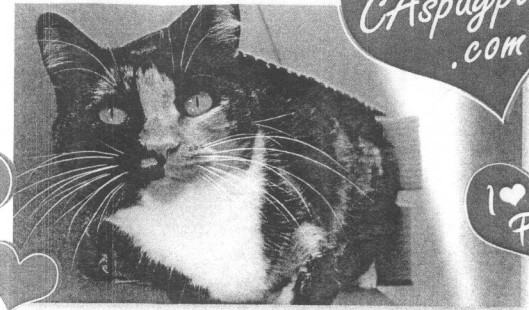

The CA Spay & Neuter License plate artwork was created and donated by international actor, artist and animal lover Pierce Brosnan. It is a painting of two of the animals he and his wife Keely have adopted.... Coco and Shilo.

### When will I receive my plate?

After 7,500 pre-orders are received, the DMV will begin the official program, and will start issuing actual plates after the implementation process is complete. The entire process may take 12 months or more based on the rate that pre-orders are received, and the speed at which the DMV implements the program. People who pre-order are guaranteed to receive their plates prior to the general public, and by pre-ordering you lock-in your position as one of the first Californians to display your love of animals and your support for reducing pet overpopulation!

During the sign up process, you will be asked for the DMV office where you would like to exchange your present plates and registration card for new plates. The DMV will contact you when your new plates are ready.

### Can I keep my current plate number?

If you already have a personalized plate, you may transfer the plate as long as it is 6 positions or less. You may not transfer a previous sequential number to the new plate.

### Can I personalize the license plate?

Absolutely! Simply fill out your first and second choices for a personalized message. Please note that the DMV may refuse any inappropriate request.

### Where does the money go?

The California Spay & Neuter License Plate is sponsored by the California Veterinary Medical Board and administered by the California Spay & Neuter License Plate Fund, a 501(c)(3) nonprofit organization. Proceeds are distributed to cities and counties for free and low cost spay and neuter programs through clinics, shelters and vouchers redeemable at local veterinarians.

To contact customer support, obtain more information or request a refund on an existing order, please call (800) 390-1541 or visit [www.CAspayplate.com](http://www.CAspayplate.com).
