Subrecipient Advance, Distribution, Recapture and Repayment Policy

It is the policy of LAHSA to provide advances to LAHSA Subrecipients only when essential to meet the needs of providing services outlined in their contract and during an established emergency.

Advance appropriations become available for obligation upon the signing of the contract between LAHSA and the subrecipient. Subrecipients may secure advance payment for all eligible contracts, unless directed by the funder. Each funder has specific guidelines that dictate the eligible amount available to LAHSA. As the Joint power of authority, LAHSA has the power to distribute the max eligible advance amount as deemed necessary to subrecipient as long as it is in accordance with the funder guidelines.

Advance payments to subrecipients must be limited to the minimum amounts needed and be timed to be in accordance with the actual, immediate cash requirements of the subrecipients to perform the work of the approved program. This maximum eligible advance amount is detailed in the Exhibit B or all LAHSA contracts with subrecipients. All advances can be recouped across the full contract term and/or be repaid in full by the end of the contract term unless otherwise stated by the funder. A refund check for any balance of advanced unexpended funds must be returned within 60 days of the contract expiration.

General Rules:

1. LAHSA subrecipients can only request within 60 days of the execution of a new or amended LAHSA contract with the exception of County LACDA ESG funding
2. Advance requests in excess of 60 days, with the exception of County LACDA ESG funding, will be considered upon request and on a case-by-case basis and upon LAHSA determination that this is urgently needed. Repeated advance requests may affect a grantee's risk status assessment.
3. LAHSA reserves the right to suspend, deny, or limit advance payments to high-risk subrecipients that is not in compliance with its reporting requirements.
4. In no case will LAHSA pass-through funds be commingled with the personal funds of, or be used for personal purposes by, any officer, employee, or agent of the grantee; nor will any of these funds be deposited in personal bank accounts for disbursement by personal contract.

Subrecipient Requirements

1. The LAHSA Subrecipient has established or demonstrated to LAHSA the willingness and ability to establish written procedures that will minimize the time elapsing between the transfer of funds from LAHSA and their disbursement of the funds for services outlined in their contract.
2. The LAHSA Subrecipient's financial management system meets the standards for fund control and accountability prescribed in Section 21 of OMB Circular A-110. (2 CFR §215.21)
3. Advance payments must be deposited and maintained in FDIC insured accounts. Furthermore, interest earned on advance payments deposited in interest bearing accounts must be remitted annually to the Funder in the manner prescribed by LAHSA. However, if this presents an

Re: Administration/Indirect Cost Rate Update

Thanks for your patience as we transition into the new Grants Management System. We acknowledge that the implementation of a new system in the midst of an active fiscal year is challenging, especially following the unprecedented year we just had. While we know this is not ideal, we believe that this system will provide us with the ability to manage our contracts and grants with providers more efficiently and effectively.

With the input of our providers, we have been able to clean up some inconsistencies and correct errors that have been identified. Adjustments to administrative and indirect cost rates have occurred that may impact a few of your contracts. The changes that have been enacted are intended to create better alignment between new more flexible funding sources and existing funding sources where possible. The chart below outlines the funding sources that have been impacted.

Funding Source	Funding Agency	Funding Type	Administrative Rate (%)	Explanation of Changes to Rate
State	The Business, Consumer Services and Housing Agency (BCSH)	CoC Homeless Housing Assistance Programs (HHAP)	Up to 12% of Total Direct Costs	Increased Rate from 10% to 12%
	California Department of Housing and Community Development (HCD)	California Emergency Solutions and Housing (CESH)	Up to 12% of Total Direct Costs	Increased Rate from 10% to 12%
County	County of Los Angeles - CEO	Homeless Housing Assistance Programs (HHAP)	Up to 12% of Total Direct Costs	Increased Rate from 10% to 12%
		Changed from Percentage based on Award Amount to Total Direct Cost	Up to 10% of Total Direct Costs	Changed from Percentage based on Award Amount to Total Direct Cost
		Corona Virus Relief Funds	Up to 10% of Total Direct Costs	Percentage rate added
City	Los Angeles Housing + Community Investment Department (HCID)	Homeless Housing Assistance Program (HHAP)	Up to 10% of Total Direct Costs	Changed from Indirect Rate to Administrative Rate
		Community Development Block Grant (CDBG)	Up to 10% of Total Direct Costs	Changed from Indirect Rate to Administrative Rate

If your agency has submitted a budget for a contract with any of these funding sources above, you will need to update your budget in the EGMS system accordingly to ensure compliance with the new requirements. Some of the changes may only require minimal changes to your budget such as moving from one cost category to another. However, most changes will allow for more administrative and in some cases indirect funds to be allocated as the rates have increased.

If you have not already submitted your budget in the system, please be sure to reference the Subrecipient Advance, Administration Rate, Indirect Cost Rate Table for the correct rates prior to submission. The table is located in the EGMS system under the budgets tab for reference and is regularly updated.

If you have any questions regarding the changes and or need additional assistance with completing your budget, please contact your assigned accountant.

Thanks for your service in this fight to end homelessness.
