

Date: June 22, 2004

To: Honorable Mayor and City Councilmembers

From: Dan Baker, 2nd District Councilmember 

Subject: Request City Attorney to create an exemption for life drawing classes in private art centers in Long Beach.

Background:

The City's current adult entertainment ordinance forbids art centers from teaching life-drawing classes for a fee without an adult entertainment permit.

I would like to request that the City Council revise the policy to allow for art classes to be taught by private art centers.

Suggested Action:

Request City Attorney to revise the adult entertainment ordinance to create an exemption for life drawing classes in private art centers in Long Beach.
