November 14, 2017

HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Determine that the granting of Facility/Pipeline Permit Supplement No. S-4-17, under existing Facility/Pipeline Permit No. P-239-11, to The Boeing Company will not be contrary to the public interest; and, authorize the City Manager, or designee, to issue said permit supplement in accordance with Section 15.44.060 Permit Issuance of the Long Beach Municipal Code. (District 5)

DISCUSSION

The Boeing Company has filed an application for Facility/Pipeline Permit Supplement No. S-4-17, under existing Facility/Pipeline Permit No. P-239-11, to install one length (85 feet) of piping across Worsham Avenue, about 165 feet north of Cover Street. See the attached vicinity map for the location of the installation (Exhibit A).

This installation will allow The Boeing Company to remediate area groundwater by extracting through wells and delivering to an off-site treatment system through this piping where it may be treated and injected back into the subsurface through other wells or into the City sewer system per Industrial Wastewater Discharge Permit No.017109, approved by the Long Beach Water Department. This pipe length is part of the same system approved by the City Council for Facility/Pipeline Permit Supplement Nos. S-1-11, S-2-11, and S-3-11 under Facility/Pipeline Permit No. P-239-11.

Traffic control requirements, stipulated by the Traffic Engineering Division, will be included in the special conditions for the excavation permit. In addition to typical trench resurfacing, The Boeing Company will be required to slurry seal the area. Liability insurance and cash bond for faithful performance will be processed following City Council authorization of the permit supplement.

This matter was reviewed by Deputy City Attorney Linda T. Vu on October 23, 2017 and by Budget Analysis Officer Julissa José-Murray on October 25, 2017.

TIMING CONSIDERATIONS

City Council action is requested on November 14, 2017, to allow commencement of this work.

HONORABLE MAYOR AND CITY COUNCIL

November 14, 2017

FISCAL IMPACT

If the discretionary permit is approved, a permit fee of approximately \$1,420 will be deposited in the General Fund (GF) in the Public Works Department (PW). There is no local job impact associated with this recommendation.

SUGGESTED ACTION:

Approve recommendation.

Respectfully submitted,

CRAIG A. BECK
DIRECTOR OF PUBLIC WORKS
