August 15, 2006

HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Receive and file the attached Airport activities reports. (District 5)

DISCUSSION

Due to the reduced number of City Council business meetings in June and July, Airport activity reports for April, May and June 2006 are being submitted at the same time. Individual monthly reports are attached for your review.

Airport Passenger, General Aviation (GA) and Cargo Activity - The Monthly Airport Activity Report provides monthly and year-to-date statistics for airline passengers (total and enplaned), aircraft operations by user category, and cargo carrier tonnage. Total passenger counts through June were 1,374,939 compared to last year's 1,503,222 a decrease of 8.5%. The decrease in total passengers is attributed to the discontinuance of service by American Airlines. GA operations, year-to-date, compared to last year are up 2.8%, (163,154 operations vs. 158,696). Cargo volumes, year-to-date, are down 6.0% (25,580 tons vs. 27,224).

Noise Activity - The Monthly Airport Noise Statistics Report includes four separate reports with current month and year-to-date totals. The four reports are as follows:

- Noise Complaints – Summarizes noise complaint information for commercial (which includes cargo carriers), GA, and other operations.
- Noise Complaint Plot Map – Identifies the origin of the complaint.
- Commercial Late Night Activity – Summarizes activity between 10:00 p.m. to 11:00 p.m. and 11:00 p.m. to 7:00 a.m. by airline.
- Noise Violations – Summarizes violations for airline and GA operations. Provides a complete listing of each violation, includes violator's name, date and time of violation, aircraft type, aircraft noise level, and the time specific allowable noise level.
