PUBLIC COMMENT:	Patrick Goddard	patrickfgoddard@gmail.com			Long Beach	CA	90808	The prefabricated, modular elements of the Michael K Green Skatepark, particularly the halfpipe, are in poor condition and need replacing with concrete. As you are aware, the skatepark was redone in 2010. About 2/3's of the elements use "prefab" (that use metal and plastic materials) and have had various repairs done to them over the years. Unfortunately, sections of the ramps are probably beyond repair and the best, long term solution is to replace these elements with new concrete features.	12/6/2016
14. (16-1082) Recommendation to request City Manager to prepare a study session for the FIS Customs Facility to be heard at the City Council Meeting on December 13, 2016.	Scott Ward	scottyjward@earthlink.net			Long Beach	CA	90808	Due to the short notice and lack of public information provided the agenda item should be moved to a later date.	12/5/2016
14. (16-1082) Recommendation to request City Manager to prepare a study session for the FIS Customs Facility to be heard at the City Council Meeting on December 13, 2016.	Rae Gabelich	hoorae1@aol.com			Long Beach	CA	90805	The request to further educate all 9 council members prior to this important vote is a great idea. Unfortunately, instead of the original date of November 15th it has now been rescheduled for December 13th. The peak of the holiday rush season! The council had this discussion, presented by Daryl Supernaw in August. Avoid bringing this item back during the holidays! #2 - Ask Mais to address the concern expressed of being sued if you do not approve this request. On what grounds?	12/5/2016
14. (16-1082) Recommendation to request City Manager to prepare a study session for the FIS Customs Facility to be heard at the City Council Meeting on December 13, 2016.	La Vonne Miller	lmiller853@aol.com		Los Cerritos Area	Long Beach	CA	90807	Please consider postponing all meetings involving the airport FIS facility until after the holidays. Many people are out of town or booked with other responsibilities at this time of year. This issue is too important to be discussed during the holiday season. Thank you for your consideration.	12/5/2016

14. (16-1082) Recommendation to request City Manager to prepare a study session for the FIS Customs Facility to be heard at the City Council Meeting on December 13, 2016.	Jean Young	ardmore.com munications @gmail.com						Honorable Mayor Garcia and City Council Members, I urge you to delay the study session on the Long Beach Airport Federal Inspection Station (FIS) until the new year as many of your constituents who are concerned and eager to have a voice in this issue, are busy with travel plans and events during this holiday season. Please postpone this important study session until the January city council meeting. Sincerely and with thanks. Jean Young	12/3/2016
14. (16-1082) Recommendation to request City Manager to prepare a study session for the FIS Customs Facility to be heard at the City Council Meeting on December 13, 2016.	GLENNIS DOLCE	glennisd@mac.com			Long Beach	CA	90807	Please move any study session on the FIS into the new year in order to have more community participation. I think we all know how busy people are this time of year with student holiday events, work parties, and much much more. In fact, LB Poly's Holiday Vocal Concert is Dec. 13 in Cal Heights! I'm pretty sure other schools have events scheduled throughout this same week putting pressure on the schedules of the very people who have a stake in the outcome of this issue.	12/3/2016
15. (16-1083) Recommendation to request City Attorney to draft a resolution including but not limited to the draft language provided in support of the efforts of the Standing Rock Sioux Tribe and their allies opposing the construction of the Dakota Access Pipeline.	diana lejins	dianalejins@yahoo.com					90815	We can live without oil but we cannot live without water....!	12/6/2016

15. (16-1083) Recommendation to request City Attorney to draft a resolution including but not limited to the draft language provided in support of the efforts of the Standing Rock Sioux Tribe and their allies opposing the construction of the Dakota Access Pipeline.	GLENNIS DOLCE	glennisd@mac.com	3713 Walnut Ave		Long Beach	CA	90807	I think it is interesting that you reach out to support this opposition to the DAPL yet you do not hear your own constituents on issues right here in Long Beach. Of course, I am speaking about the FIS facility and WHY you are pushing it so hard against the desires and concerns of the residents. SO, no to this. We do not have any sway in this issue. It might feel good, make a fun little twitter post and look/feel good in your newsletters but will not affect life here in Long Beach.	12/5/2016
