To whom it may concern at Long Parking Commission,  
I have been in Belmont Shore for 65 years and during the pandemic being able to dine outside with the parklette was a wonderful experience! We are a beach community that has beautiful weather why not allow us to enjoy that outside. I know there a residence who complain about the parking, but those are the same people that use their garage as a storage bin I use mine as a parking spot. I believe by allowing the restaurants to have parklette it would help generate revenue for our fine little town!  
Please consider allowing Belmont Shore to have a great little outdoor dining space .I think it would be an asset to our community.  
Thank you

Hello,

I am a local resident of Belmont shore and am writing to express my desire and favor of keeping the Parklet in front of Legends sports bar. It is wonderful to have an outdoor option and think it benefits the community and the patrons of the restaurants.

Eric,

I hope this email finds you well. I'm sending this message in support of the outdoor seating at your Legends location on 2nd St. My family enjoys the expanded seating options and taking advantage of the outdoor space.

I hope you are able to continue utilizing this parklet area for street front seating.

Regards,

Jason Mundy
