V. District Governance and Administration

A. The East Anaheim Street Improvement Association

1. The East Anaheim Street Improvement Association shall manage the EASPBI and shall exercise the powers of the Advisory Board set forth in the District Law including the following:
 - a. The Advisory Board shall cause to be prepared a report for each fiscal year (October 1 through September 30) for which assessments are to be levied and collected to pay the costs of the improvements and activities described in the report. The report may propose changes, including, but not limited to, the boundaries of the parking and business improvement area or any benefit zones within the area, the basis and method of levying the assessments, and any changes in the classification of businesses, if a classification is used
 - b. The report shall be filed with the clerk and shall refer to the parking and business improvement area by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following:
 - 1) Any proposed changes in the boundaries of the parking and business improvement area or in any benefit zones within the area.
 - 2) The improvements and activities to be provided for that fiscal year.
 - 3) An estimate of the cost of providing the improvements and the activities for that fiscal year.
 - 4) The method and basis of levying the assessment in the sufficient detail to allow each business owner to estimate the amount of the assessment to be levied against his or her business for that fiscal year.
 - 5) The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
 - 6) The amount of any contributions to be made from sources, other than assessments, levied pursuant to this part.
 - c. The City Council may approve the report as filed by the Advisory Board or may modify any particular contained in the report and approve it as modified. The City Council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments.
2. The East Anaheim Street Business Alliance Board will serve the EASPBI Advisory Board and shall be appointed by the Mayor and confirmed by the City Council as required by District Law.
3. The EASPBI Advisory Board shall comply with the Brown Act when discussing or acting on matters within the subject matter of the district (e.g. annual report assessment methodology, boundaries, budget and Service Plan).

B. Disestablishment

According to State law, any district where there is no outstanding indebtedness may be disestablished by resolution of the City Council. This may occur if the City Council finds that funds have been improperly used or if the assesses request disestablishment.

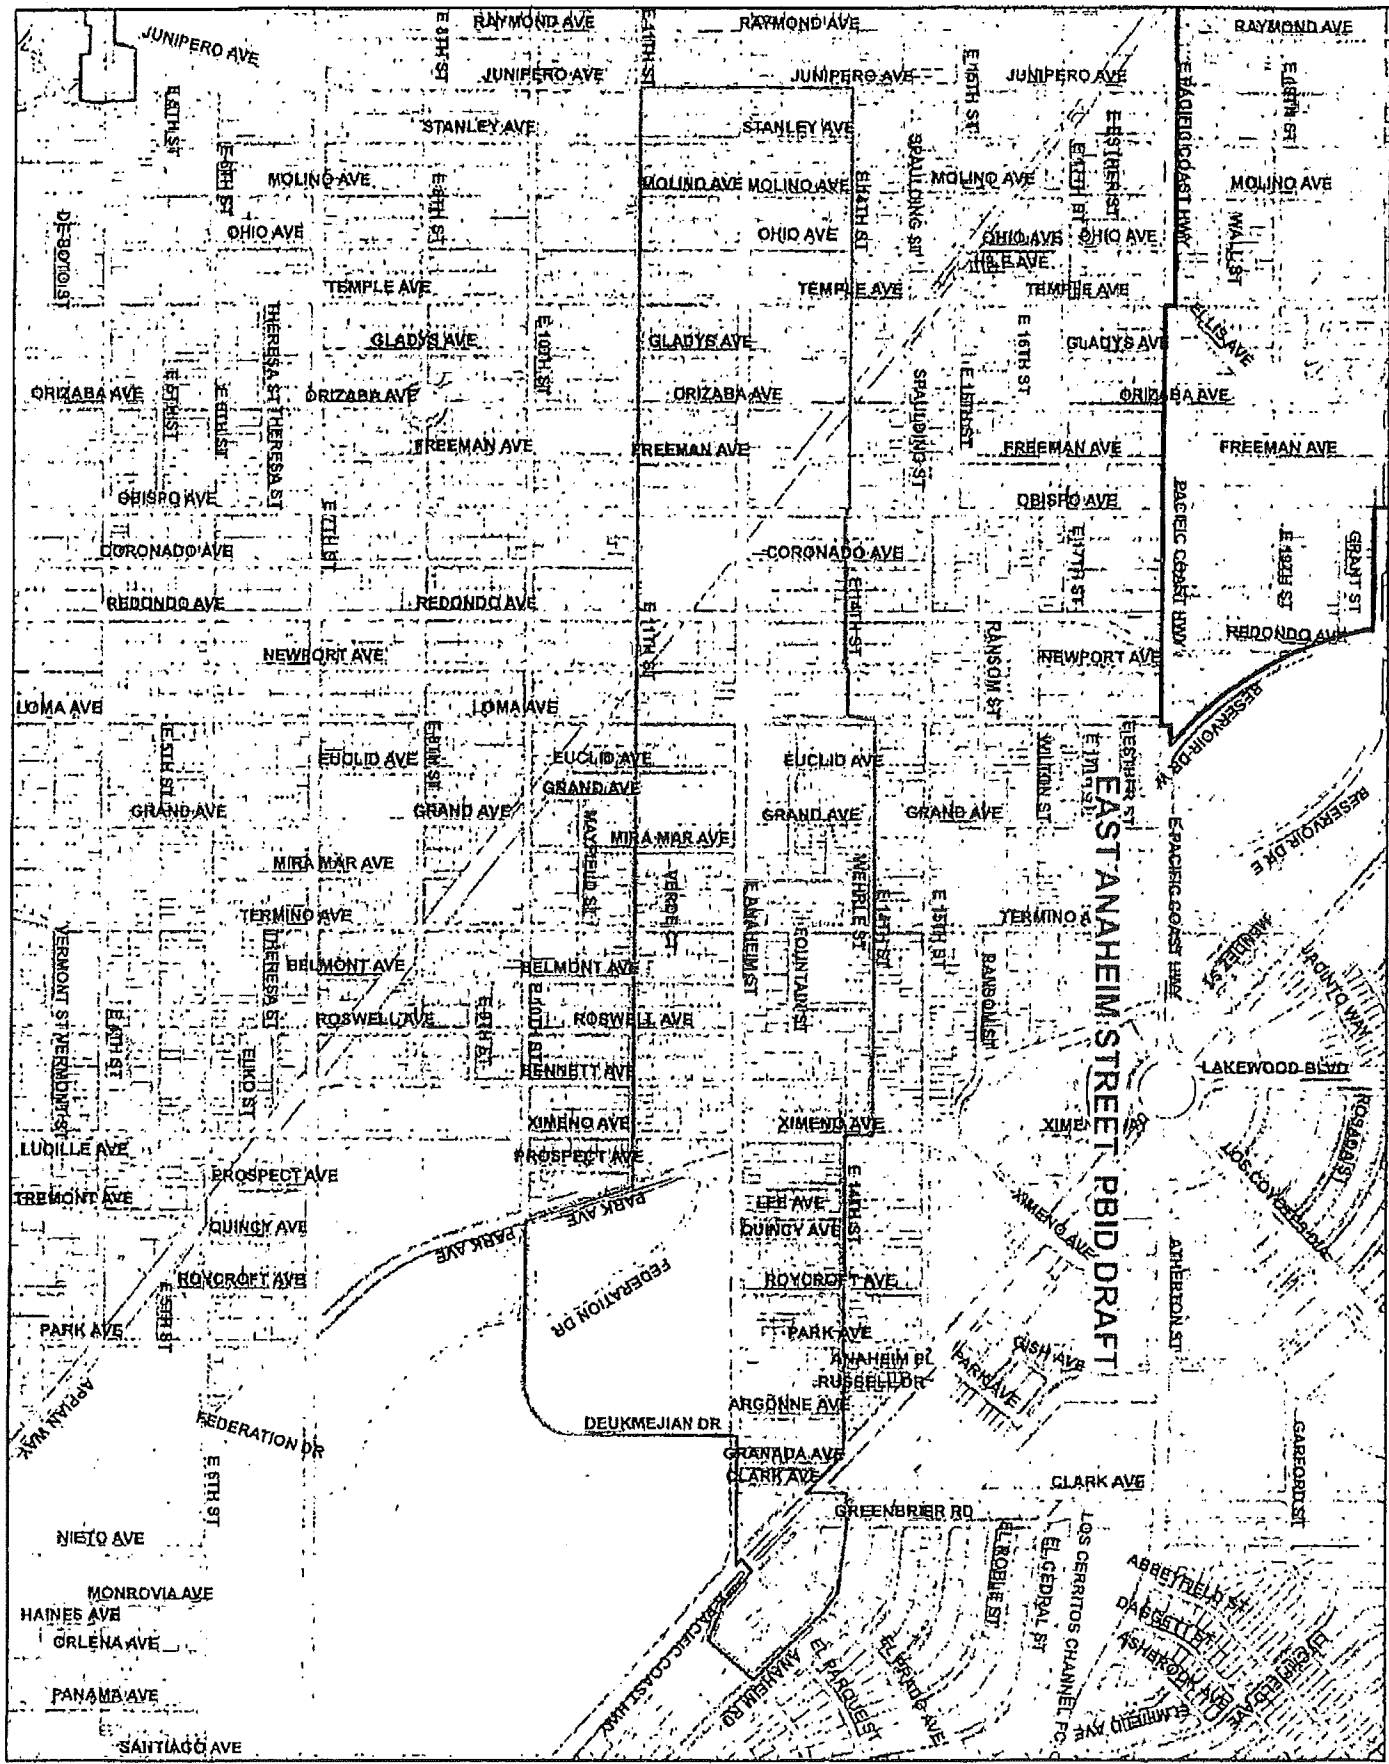

There will be a thirty-(30) day window every year beginning on the one-year anniversary of the establishment of the District, in which business owners may petition to disestablish the District. If the assesses who pay 50% or more of the total assessments levied submit a written petition to disestablish the District, the City Council will do so.
