- Of more or less 28 Administrative Departments, each is headed by a Cabinet Minister who is a Member of Parliament, nominated by Presidium, then elected by entire World Parliament. A Secretary General, to coordinate World Administration, is nominated by Presidium, then confirmed by Executive Cabinet.

World citizens representing the people of the world from all continents and all languages met in preparatory congresses to draft a non-military, parliamentary, federal world constitution. From these were convened a series of 4 world constituent assemblies in 1968, 1977, 1979 and 1991 to deliberate the drafts and adopt a founded *Earth Constitution*. Our agreement and insistence for self-government at planetary level constitutes our primary formal binding social contract. We do not seek consensus with imperial force, but rather initiate strictly regulated world state power of, by and for human beings to end the world criminal activities of the world's military industrial complex.
